RELEASE OF SECURITY INTEREST
IN TRADEMARKS

This Release of Security Interest in Trademarks dated as of March 26, 2020 (this "Release"), is made by SILICON VALLEY BANK, a California corporation (the "Bank"), acting in its capacity as the secured party under that certain Intellectual Property Security Agreement dated as of July 24, 2019 by and between POLYSYNC TECHNOLOGIES, INC., a Delaware corporation ("Polysync") and Bank (as amended, the "IPSA").

Pursuant to the IPSA, Polysync granted to Bank a security interest in and lien upon, among other things, Polysync's right, title and interest in the trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections subject to the IPSA, including, without limitation, those specific trademark registrations and applications listed on Exhibit A attached hereto (the "Released Trademarks"), and the goodwill associated therewith.

The IPSA was recorded on July 24, 2019, at Reel/Frame 6702/0582 in the United States Patent and Trademark Office.

For good and valuable consideration, receipt and sufficiency of which is hereby acknowledged, Bank hereby releases, terminates and discharges its security interest in and to the Released Trademarks, and the goodwill associated therewith, without representation or warranty of any kind, express or implied.

Bank's execution or delivery of this instrument does not constitute (a) a waiver or release of any indebtedness or other obligation to Bank on the part of Polysync, or any other grantor, under any document, instrument or agreement secured by, or described in, the IPSA, (b) a release or termination of a security interest or other pledge, mortgage or encumbrance in any other security interest granted by Polysync to Bank, or (c) a waiver of any (i) default or event of default, or (ii) any right, power, privilege or remedy on the part of Bank under any such document, instrument or agreement secured by, or described in, the IPSA.

IN WITNESS WHEREOF, SILICON VALLEY BANK has executed this Release as of the date first written above.
