IP ASSIGNMENT AGREEMENT

This IP ASSIGNMENT AGREEMENT (this “Agreement”) is executed as of March 2, 2020 (the “Effective Date”), between COOPER TECHNOLOGIES COMPANY, having its address at Eaton Center, 1000 Eaton Blvd., Cleveland, OH 44122, USA (the “Assignor”), and SIGNIFY HOLDING B.V., a company incorporated under the laws of the Netherlands, having its address at High Tech Campus 48, 5656 AE Eindhoven, The Netherlands (the “Assignee”). For good and valuable consideration, receipt of which is acknowledged, Assignor and Assignee agree as follows:

Definitions

“Affiliate” means, with respect to any Person, any other Person that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, such first Person.

“Person” means an individual, corporation, partnership, limited liability company, limited liability partnership, syndicate, person, trust, association, organization or other entity, including any Governmental Authority, and including any successor, by merger or otherwise, of any of the foregoing.

“Governmental Authority” means any United States or non-United States national, federal, state or local governmental, regulatory or administrative authority, agency or commission or any judicial or arbitral body.

1. As of the Effective Date, the Assignor hereby irrevocably and unconditionally assigns, transfers, conveys, and sells to the Assignee, and the Assignee accepts, all of the Assignor’s right, title and interest in and to the intellectual property set forth in **Exhibit A** to this Agreement), and with respect to any trademarks therein, all goodwill associated therewith and symbolized thereby in each case (collectively, the “Assigned IP”), including the right to sue for past damages and recover damages for past infringements and other remedies in respect of any past or future infringements or violations of such rights and to collect and retain any past or future damages obtained as a result of such action, free and clear of all charges, claims, mortgages, liens, options, pledges, security interests and/or other restrictions of any kind (“Encumbrances”) other than those certain permitted categories of Encumbrances previously agreed upon by the Assignor (or its Affiliate) and Assignee (or its Affiliate). Assignee may at any time freely assign any of its right, title and interest in and to the Assigned IP, including to any of its Affiliates, and may record or permit others to record such subsequent assignments.
2. The Assignor shall upon request of Assignee and for no additional consideration execute all documents reasonably required to give the Assignee the full benefit of this Agreement and the assignments and transfers set forth herein, including to properly vest, assign and transfer to the Assignee or otherwise to perfect and record such assignment and transfer of Assignee’s title in and to the Assigned IP, including as may be filed and recorded in jurisdictions outside the United States. For purposes of clarity, Assignee shall be

responsible for any costs or expenses associated with Assignor obtaining any associated documents, including without limitation apostilles, legalizations, or notarizations.

3. Assignor agrees to initiate the transfer process with respect to the domain names included in the Assigned IP (the "Assigned Domain Names") electronically from Assignor's account and servers to Assignee's account and as soon as reasonably practicable, but no later than fifteen (15) business days following the Effective Date, and to execute and deliver such assignment and other documents, if reasonably required, and take such action as the registrar of the Assigned Domain Names may reasonably require in order to effectuate the transfer of control and ownership of the Assigned Domain Names from Assignor to Assignee.
4. The Assignee is given full powers to attend to the filing and recordation of this Agreement before the relevant authority(ies) as necessary to enforce the above mentioned rights and obligations in conformity with this Agreement, and the Assignor hereby consents to such filing and recordation.
5. This Agreement and all disputes or controversies arising out of or relating to this Agreement or the transactions contemplated hereby shall be governed by, and construed in accordance with, the internal laws of the State of Delaware, without regard to the laws of any other jurisdiction that might be applied because of the conflicts of laws principles of the State of Delaware. Each of the parties irrevocably agrees that any legal action or proceeding arising out of or relating to this Agreement brought by any party or its successors or assigns against the other party shall be brought and determined in the Court of Chancery of the State of Delaware, provided, that if jurisdiction is not then available in the Court of Chancery of the State of Delaware, then any such legal action or proceeding may be brought in any federal court located in the State of Delaware or any other Delaware state court, and each of the parties hereby irrevocably submits to the exclusive jurisdiction of the aforesaid courts for itself and with respect to its property, generally and unconditionally, with regard to any such action or proceeding arising out of or relating to this Agreement and the transactions contemplated hereby. Each of the parties agrees not to commence any action, suit or proceeding relating thereto except in the courts described above in Delaware, other than actions in any court of competent jurisdiction to enforce any judgment, decree or award rendered by any such court in Delaware as described herein. Each of the parties further agrees that notice as provided herein shall constitute sufficient service of process and the parties further waive any argument that such service is insufficient. Each of the parties hereby irrevocably and unconditionally waives, and agrees not to assert, by way of motion or as a defense, counterclaim or otherwise, in any action or proceeding arising out of or relating to this Agreement or the transactions contemplated hereby, (a) any claim that it is not personally subject to the jurisdiction of the courts in Delaware as described herein for any reason, (b) that it or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise) and (c) that (i) the suit, action or proceeding in any such court is brought in an inconvenient forum, (ii) the venue of such suit, action or

proceeding is improper or (iii) this Agreement, or the subject matter hereof, may not be enforced in or by such courts.

6. This Agreement may be executed in two or more counterparts, all of which shall be considered one and the same instrument and shall become effective when one or more counterparts have been signed by each of the parties and delivered to the other party.

IN WITNESS OF WHICH, THIS AGREEMENT HAS BEEN DULY EXECUTED BY THE UNDERSIGNED SIGNATORIES ON BEHALF OF THE PARTIES.
