TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (this “Trademark Security Agreement”) is made this April 10, 2020, by and among CRITICALPOINT, LLC, a Delaware limited liability company (the “Grantor”), and MADISON CAPITAL FUNDING LLC, as administrative agent for the Secured Creditors (in such capacity, together with its successors and assigns, the “Agent”).

WITNESSETH:

WHEREAS, pursuant to that certain Additional Guarantor Supplement, dated as of the date hereof, which joins the Grantor to that certain Credit Agreement, dated as of March 21, 2019 (as amended, restated, supplemented or otherwise modified from time to time, the “Credit Agreement”), by and among TRC Buyer, LLC, a Delaware limited liability company (“Holdings”), Therapeutic Research Center, LLC, a Delaware limited liability company (the “Borrower”), the other Guarantors from time to time party thereto (and together with Holdings and the Borrower, collectively, the “Loan Parties”), the several financial institutions from time to time party thereto (the “Lenders”), and the Agent, the Lenders extended credit and made certain other financial accommodations available to the Borrower pursuant to the terms and conditions thereof, but only upon the condition, among others, that the Loan Parties executed and delivered to the Agent, for the benefit of the Secured Creditors, that certain Security Agreement, dated as of March 21, 2019 (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the “Security Agreement”); and

WHEREAS, pursuant to the Security Agreement, the Grantor is required to execute and deliver to the Agent, for the benefit of the Secured Creditors, this Trademark Security Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor hereby agrees as follows:

1. **DEFINED TERMS.** All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement and/or the Credit Agreement.

2. **GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL.** The Grantor hereby unconditionally grants, collaterally assigns and pledges to the Agent, for the benefit of the Secured Creditors, a continuing security interest in all of the Grantor’s right, title and interest in, to and under the following, whether now owned or hereafter created or acquired (collectively, the “Trademark Collateral”):

(a) all of its Trademarks and rights in and to exclusive Intellectual Property Licenses with respect to Trademarks to which it is a party including those Trademarks referred to on Schedule I hereto;

(b) all goodwill of the business connected with the use of, and symbolized by, each Trademark and each Trademark Intellectual Property License; and

(c) all products and proceeds of the foregoing, including, without limitation, any claim by the Grantor against third parties for past, present or future (i) infringement or dilution of any Trademark or any Trademark licensed under any Intellectual Property License, (ii) injury to the goodwill associated with any Trademark or any Trademark licensed under any Intellectual Property License or (iii) right to receive license fees, royalties, and other compensation under any Trademark Intellectual Property License;

provided that, notwithstanding anything to the contrary in this Trademark Security Agreement, the Trademark Collateral shall exclude any United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law, provided that upon submission and acceptance by the United States Patent and Trademark Office of an amendment to allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such intent-to-use trademark application shall be considered Trademark Collateral.

3. SECURITY FOR SECURED OBLIGATIONS. This Trademark Security Agreement and the Security Interest created hereby secures the payment and performance of the Secured Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of the Secured Obligations and would be owed by the Grantor to the Agent or the other Secured Creditors, but for the fact that they are unenforceable or not allowable due to the existence of a proceeding under Bankruptcy Laws involving the Grantor.

4. SECURITY AGREEMENT. The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interests granted to the Agent, for the benefit of the Secured Creditors, pursuant to the Security Agreement. The Grantor hereby acknowledges and affirms that the rights and remedies of the Secured Creditors with respect to the Security Interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

5. AUTHORIZATION TO SUPPLEMENT. If the Grantor shall obtain rights to any new trademarks, the provisions of this Trademark Security Agreement shall automatically apply thereto. The Grantor shall give notice in writing to the Agent as required by the Security Agreement with respect to any such new trademarks or renewal or extension of any trademark registration. Without limiting the Grantor's obligations under this Section 5, the Grantor hereby authorizes the Agent to unilaterally amend Schedule I to include future United States registered trademarks or trademark applications of the Grantor. Notwithstanding the foregoing, no failure to amend Schedule I shall in any way affect, invalidate or detract from the Agent's continuing security interest in all Collateral, whether or not listed on Schedule I.

6. COUNTERPARTS. This Trademark Security Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together,

shall together constitute but one and the same Trademark Security Agreement. Delivery of an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this Agreement.
