**GRANT OF**  
**SECURITY INTEREST IN TRADEMARK RIGHTS**

This GRANT OF SECURITY INTEREST IN TRADEMARK RIGHTS (this “*Agreement*”), effective as of April 23, 2020 is made by the person signatory hereto or hereafter made a party hereto (the “*Grantor*”), in favor of ARES CAPITAL CORPORATION, as collateral agent acting for the benefit of the Secured Parties (in such capacity, together with its successors and permitted assigns in such capacity, the “*Collateral Agent*”).

WHEREAS, the Grantor is party to the U.S. Security Pledge Agreement, dated as of April 23, 2020, in favor of the Collateral Agent (as may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, the “*Security Pledge Agreement*”) pursuant to which the Grantor pledged and granted to the Collateral Agent, for the benefit of the Secured Parties, a security interest in the Copyright Collateral (as defined below); and

WHEREAS, pursuant to the terms of the Security Pledge Agreement and in furtherance thereof, the Grantor has duly authorized the execution and delivery of this Agreement for recordation with the United States Patent and Trademark Office.

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the Grantor agrees with the Collateral Agent, for the benefit of the Secured Parties, as follows:

SECTION 1: Definitions. Unless otherwise defined herein, capitalized terms used herein shall have the meanings given to them (including by reference) in the Security Pledge Agreement.

SECTION 2: Grant of Security Interest. The Grantor hereby grants, pledges, mortgages, charges, assigns by way of security interest and collaterally assigns to the Collateral Agent, for the benefit of the Secured Parties, a security interest in all of the following, whether now owned or at any time hereafter acquired by the Grantor or in which the Grantor now has or at any time in the future may acquire any right title or interest, other than Excluded Property: (a) all trademarks, trade names, corporate names, service marks, logos and other source or business identifiers, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all applications in connection therewith, whether in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof or any other country or any political subdivision thereof, or otherwise, and all common-law rights related thereto, including, without limitation, any of the foregoing referred to in Schedule A hereto, (b) the right to obtain all renewals thereof, (c) all income, license fees, royalties, damages, and payments now and hereafter due or payable under or with respect to the foregoing, including payments under all licenses entered into in connection therewith and damages and payments for past, present, or future infringements or dilutions thereof, (d) the goodwill of the Grantor’s business symbolized by the foregoing or connected therewith, and (e) all of the Grantor’s rights corresponding to any of the foregoing throughout the world (collectively, the “*Trademark Collateral*”), as collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of the Obligations. For the

avoidance of doubt, pursuant to the Security Pledge Agreement, it is acknowledged and agreed that the Trademark Collateral shall not include any “intent-to-use” application for a Trademark registration prior to the filing of a “statement of use” or an “amendment to allege use” with respect thereto that would otherwise be deemed invalidated, cancelled or abandoned due to the grant of a lien thereon unless and until such time as the grant of such lien will not affect the validity of such application for intent-to-use trademark registration.

SECTION 3. Purpose. This Agreement has been executed and delivered by the Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office. The security interest granted hereby has been granted to the Collateral Agent, for the benefit of the Secured Parties, in connection with the Security Pledge Agreement and is expressly subject to the terms and conditions thereof. The Security Pledge Agreement (and all rights and remedies of the Collateral Agent and the Secured Parties thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Acknowledgment. The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Collateral Agent and the Secured Parties with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Credit Agreement and the Security Pledge Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Pledge Agreement, the terms of the Security Pledge Agreement shall govern.

SECTION 5. Counterparts. This Agreement may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by their respective officers thereunto duly authorized as of the day and year first above written.
