PATENT AND TRADEMARK SECURITY AGREEMENT dated as of April 27, 2020 (this “Agreement”), among NAVISTAR INTERNATIONAL CORPORATION, a Delaware corporation (“Issuer”), NAVISTAR, INC., a Delaware corporation (“Navistar”), the other subsidiaries of the Issuer from time to time party hereto (together with the Issuer and Navistar, the “Pledgors”) and THE BANK OF NEW YORK MELLON TRUST COMPANY, N.A. (“BNY”), as Collateral Agent (in such capacity, the “Collateral Agent”).

Reference is made to (a) the Indenture dated as of April 27, 2020 (the “Indenture”), among the Issuer, the guarantors party thereto, and The Bank of New York Mellon Trust Company, N.A., as Trustee, and (b) the 9.500% Senior Secured Notes Second Lien and Third Lien Security Agreement (the “Collateral Agreement”) dated as of April 27, 2020, among the Issuer, certain subsidiaries of the Issuer from time to time party thereto and the Collateral Agent. The Notes Secured Parties have agreed to extend credit to the Issuer subject to the terms and conditions set forth in the Indenture. The obligations of the Notes Secured Parties to extend such credit are conditioned upon, among other things, the execution and delivery of this Agreement. The Pledgors party hereto (other than the Issuer) are Affiliates of the Issuer, will derive substantial benefits from the extension of credit to the Issuer pursuant to the Indenture and are willing to execute and deliver this Agreement in order to induce the Notes Secured Parties to extend such credit. Accordingly, the parties hereto agree as follows:

SECTION 1. Terms. Each capitalized term used but not otherwise defined herein shall have the meaning specified in the Indenture or the Collateral Agreement, as applicable. The rules of construction specified in Section 1.4 of the Indenture also apply to this Agreement, mutatis mutandis.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations, each Pledgor pursuant to the Collateral Agreement did, and hereby does, grant to the Collateral Agent, its successors and permitted assigns, for the benefit of the Notes Secured Parties, a security interest in all right, title and interest in, to and under any and all of the following assets now owned or at any time hereafter acquired by such Pledgor or in, to or under which such Pledgor now has or at any time hereafter may acquire any right, title or interest (collectively, the “U.S. Patent and Trademark Collateral”):

(a) (i) all letters patent of the United States of America, all registrations and recordings thereof, and all applications for letters patent of the United States of America, including registrations, recordings and pending applications in the United States Patent and Trademark Office, including those listed on Schedule I, and (ii) all reissues, continuations, divisions, continuations-in-part, renewals or extensions thereof, and the inventions disclosed or claimed therein, including the right to make, use and/or sell the inventions disclosed or claimed therein; and

(b) all U.S. trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade styles, trade dress, logos, other source or business identifiers, designs and general intangibles of like nature, all registrations and recordings thereof, and all registration and recording applications filed in connection therewith, including registrations and registration applications in the United States Patent and Trademark Office or any similar offices in any State of the United States of America, and all extensions or renewals thereof, including those listed on Schedule II.

Notwithstanding anything herein to the contrary, if, to the extent and for so long as any of the foregoing is an Excluded Asset, the security interest granted under this Section shall not attach to, and U.S. Patent and Trademark Collateral shall not include, such asset (it being understood that the security interest shall immediately attach to, and U.S. Patent and Trademark Collateral shall immediately include, any such asset (or any portion thereof) upon such asset (or such portion thereof) ceasing to be an Excluded Asset).

SECTION 3. Collateral Agreement. The security interests granted to the Collateral Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Collateral Agent pursuant to the Collateral Agreement. Each Pledgor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the U.S. Patent and Trademark Collateral are more fully set forth in the Collateral Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein (including, for the avoidance of doubt, Section 7.18 thereof). In the event of any conflict between the terms of this Agreement and the Collateral Agreement, the terms of the Collateral Agreement shall govern and control in all respects.

SECTION 4. Counterparts. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or other electronic imaging shall be effective as delivery of a manually executed counterpart of this Agreement.

SECTION 5. Termination. The security interests granted in this Agreement shall be terminated and released in accordance with Section 7.12 of the Collateral Agreement.
