**TRADEMARK ASSIGNMENT**

This TRADEMARK ASSIGNMENT (this "Trademark Assignment") is made and entered into as of April 1, 2019, between Johnson & Johnson, a New Jersey corporation ("Assignor"), and ASP Global Manufacturing GmbH, a Swiss limited liability company ("Assignee").

WHEREAS, pursuant to, and upon the terms of, that certain Stock and Asset Purchase Agreement dated as of June 6, 2018 (the "Stock and Asset Purchase Agreement"), between Ethicon, Inc., a New Jersey corporation, and Fortive Corporation, a Delaware corporation ("Buyer"), Buyer agreed to purchase, acquire and accept (either directly or through one or more of its Affiliates), Assignor's worldwide right, title and interest in, to and under all trademarks, service marks, trade dress and logos set forth on Schedule A hereto, together with the goodwill associated with any of the foregoing, and all applications, registrations and renewals therefor (hereinafter collectively referred to as the "Trademarks"). Each capitalized term used and not defined in this Trademark Assignment shall have the meaning assigned to it in the Stock and Asset Purchase Agreement; and

WHEREAS, in accordance therewith, Assignor desires to sell, convey, transfer and assign to Assignee, which has been designated by Buyer, and Assignee desires to accept the sale, conveyance, transfer and assignment of, all of Assignor's worldwide right, title and interest in, to and under such Trademarks.

NOW, THEREFORE, Assignor, for good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, does hereby sell, convey, transfer and assign to Assignee, and Assignee hereby accepts the transfer and assignment of, all of Assignor's worldwide right, title and interest in, to and under the Trademarks identified on Schedule A, and all the rights appurtenant thereto, together with the goodwill associated therewith and which is symbolized thereby, all of Assignor's rights and actions for past infringement and/or misappropriation, and any and all renewals and extensions thereof that may hereafter be secured under the laws now or hereafter in effect in the United States, and in any other jurisdiction identified on Schedule A, the same to be held and enjoyed by Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this Trademark Assignment not been made.

Without limitation to the generality of the foregoing, with respect to United States intent-to-use trademark applications included in the Trademarks ("ITU Applications"), the assignment granted under the foregoing Assignment provision accompanies the transfer of Assignor's business or portion of the business to which such ITU Applications pertain, and that business is ongoing and existing, or the transfer of such ITU Applications shall not be effective until the expiration of any period during which the assignment thereof would impair, under applicable federal law, the registrability of such ITU Applications or the validity or enforceability of registrations issuing from such ITU Applications.

This Trademark Assignment and the rights and obligations hereunder shall be binding upon and inure solely to the benefit of the parties hereto and their respective successors and

permitted assigns.

Neither the making nor the acceptance of this sale, conveyance, assignment and transfer shall enlarge, restrict or otherwise modify the terms of the Stock and Asset Purchase Agreement or constitute a waiver or release by any party to the Stock and Asset Purchase Agreement of any liabilities, duties or obligations imposed thereby.

Except to the extent that U.S. federal law preempts state law with respect to matters covered hereby, this Trademark Assignment, and all claims or causes of action (whether in contract, tort or otherwise) that may be based upon, arise out of or relate to this Trademark Assignment, or the negotiation, execution or performance of this Trademark Assignment, shall be governed by the law of the State of New York without reference to the choice of law doctrine of such state. **IN CONNECTION WITH ANY DISPUTE HEREUNDER, EACH PARTY HERETO WAIVES ITS RIGHT TO TRIAL OF ANY ISSUE BY JURY.**

This Trademark Assignment may be executed in two or more counterparts, each of which shall be deemed to be an original and all of which shall be deemed to constitute the same Trademark Assignment. This Trademark Assignment may be executed by facsimile or .pdf signature and a facsimile or .pdf signature shall constitute an original for all purposes.
