TRADEMARK SECURITY AGREEMENT

(Trademark Registrations and Trademark Applications)

TRADEMARK SECURITY AGREEMENT dated as of May 14, 2020, between NCL US IP CO 2, LLC, a Delaware limited liability company (the “Grantor”), and U.S. BANK NATIONAL ASSOCIATION, as Collateral Agent.

WHEREAS, Grantor owns the Trademark Collateral (as defined below);

WHEREAS, NCL CORPORATION LTD., a company incorporated under the laws of Bermuda (the “Issuer”), the Guarantors (as defined therein) and U.S. Bank National Association, as trustee and as Collateral Agent, are parties to a Indenture, dated as of May 14, 2020 (as amended, restated, supplemented or otherwise modified from time to time, the “Indenture”); and

WHEREAS, pursuant to (i) the Intellectual Property Security Agreement dated as of May 14, 2020 (as amended and/or supplemented from time to time, the “Intellectual Property Security Agreement”) among the Grantor and U.S. Bank National Association, as Collateral Agent for the Secured Parties referred to therein (in such capacity, together with its successors in such capacity, the “Grantee”) and (ii) certain other Security Documents (including this Trademark Security Agreement), the Grantor has granted to the Grantee for the benefit of such Secured Parties a continuing security interest in personal property of the Grantor, including all right, title and interest of the Grantor in, to and under the Trademark Collateral (as defined below);

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, subject to and upon the terms and conditions contained in the Intellectual Property Security Agreement, the Grantor hereby grants to the Grantee, to secure the Obligations, a continuing security interest in all of the Grantor’s right, title and interest in, to and under the following (all of the following items or types of property being herein collectively referred to as the “Trademark Collateral”), owned or existing as of the Issue Date:

(i) each trademark registration or application therefor referred to in Schedule 1 hereto; and

(ii) all proceeds of, revenues from, and accounts and general intangibles arising out of, the foregoing, including, without limitation, all proceeds of and revenues from any claim by the Grantor against third parties for past, present or future infringement or unfair competition regarding the same of any trademark identified in Schedule 1.

The Grantor irrevocably constitutes and appoints the Grantee and any officer or agent thereof, with full power of substitution, as its true and lawful attorney in fact with full power and authority in the name of the Grantor or in the Grantee’s name, from time to time, in the Grantee’s discretion, so long as any Event of Default shall have occurred and be continuing, to take with respect to the Trademark Collateral any and all appropriate action which the Grantor might take with respect to the Trademark Collateral and to execute any and all documents and instruments which may be necessary or desirable to carry out the terms of this Trademark Security Agreement and to accomplish the purposes hereof.

Except to the extent not prohibited by the Intellectual Property Security Agreement or the Indenture, the Grantor agrees not to sell, license, exchange, assign or otherwise transfer or dispose of, or grant any rights with respect to, or mortgage or otherwise encumber, any of the Trademark Collateral.

The foregoing security interest is granted in conjunction with the security interests granted by the Grantor to the Grantee pursuant to the Intellectual Property Security Agreement. Terms defined in the Intellectual Property Security Agreement (or whose definitions are incorporated by reference in Section 1 of the Intellectual Property Security Agreement) and not otherwise defined herein have, as used herein, the respective meanings provided for therein. The Grantor acknowledges and affirms that the rights and remedies of the Grantee with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Intellectual Property Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Intellectual Property Security Agreement, the Intellectual Property Security Agreement shall govern.

IN WITNESS WHEREOF, the Grantor has caused this Trademark Security Agreement to be duly executed by its officer thereunto duly authorized as of the date first written above.
