This Confirmatory Intellectual Property Assignment is entered into by and between Farin & Associates, Inc., a Wisconsin corporation (the “Assignor”) and Banker’s Toolbox, Inc., a California corporation (the “Assignee”).

WHEREAS, Assignor as owner of Intellectual Property (as defined below), including the trademarks listed in Exhibit A, will assign the Intellectual Property to Assignee (the “Assignment”) in connection with that certain Agreement and Plan of Merger dated December 23, 2019 (the “Merger Agreement”), which provides that Assignor will merge with and into Assignee, with Assignee surviving (the “Merger”)

WHEREAS, the Assignment is effective as of December 31, 2019, which is the effective date indicated in the Merger Agreement filed with the California Secretary of State and as indicated in the Merger Agreement and as indicated in the Articles of Merger filed with the Wisconsin Department of Financial Institutions; and

WHEREAS, the parties are executing this Confirmatory Intellectual Property Assignment for the sole purpose of memorializing and recording the Assignment to be effected by the Merger Agreement.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignment. As of the effective date of the Merger, Assignor does hereby, irrevocably assign, transfer and convey to Assignee, and Assignee does accept, all of Assignor’s right, title and interest in and to the Intellectual Property, including but not limited to any copyright and trademark and any registrations, applications, renewals and parts thereof (whether presently available or subsequently available as a result of intervening legislation), all common law rights therein, together with the goodwill of the business symbolized by or embodied in the Intellectual Property and all claims for damages by reason of past or future infringements of the Intellectual Property with the right to sue for and collect the same for Assignee’s own use and benefit, and for the use and on behalf of its successors, assigns and other legal representatives. These obligations shall be binding upon Assignor’s successors, assigns, heirs, executives, administrators, and other legal representatives. “**Intellectual Property**” means patents, patent applications, registered and unregistered trademarks, trademark applications, registered and unregistered service marks, service mark applications, tradenames, copyrights, trade secrets, domain names, mask works, information and proprietary rights and processes, similar or other intellectual property rights, subject matter of any of the foregoing, tangible embodiments of any of the foregoing, licenses in, to and under any of the foregoing, and any and all such cases that are owned or used by the Assignor.

2. Authorization and Recordation. Assignor hereby authorizes and requests all applicable governmental authorities or registrars to record and register Assignee as the owner of the Intellectual Property, and to issue any and all registrations, amended registrations and renewals that have been or may be granted upon any application or petition for the same, to Assignee and

Assignee's successors and/or assigns, as assignee of all of Assignors' rights, title and interest in and to the Intellectual Property. Assignee shall have the right to record this Assignment with all applicable governmental authorities and registrars so as to perfect ownership of the Intellectual Property.

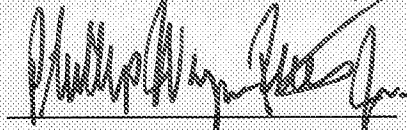

3. Power of Attorney. If at any time Assignee is unable, for any reason, to secure Assignor's signature on any copyright or trademark assignments or applications for registrations, or other documents or filings pertaining to any or all of the Intellectual Property, Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents as its agents and attorneys-in-fact, to act for and on its behalf and stead to execute and file any and all such applications, registrations, and other documents and to do all other lawfully permitted acts to further the prosecution thereon with the same legal force and effect as if executed by Assignor.

4. Miscellaneous. Each party represents that it has the power and authority to enter into this Confirmatory Intellectual Property Assignment. If any term of this Confirmatory Intellectual Property Assignment is held invalid or unenforceable for any reason, the remainder of the such term shall be amended to achieve as closely as possible the effect of the original term, and all other terms shall continue in full force and effect. This Confirmatory Intellectual Property Assignment may be executed in any number of identical counterparts, each of which shall be deemed an original, but all of which when taken together, shall constitute one and the same instrument.
