ASSIGNMENT AND ASSUMPTION AGREEMENT

THIS AGREEMENT is made this 30th day of March 2020 by and between W-D Apparel Company, LLC ("Assignor"), a Delaware limited liability company, and, IW Apparel, LLC ("Assignee"), a Delaware limited liability company.

RECITALS:

WHEREAS, VF Imagewear CH Holdings GmbH, a Swiss limited liability company ("Parent"), is the sole member of both Assignor and Assignee;

WHEREAS, as part of a reorganization of the Parent and its affiliates, Parent and Assignor have approved a distribution directly to Assignee (in lieu of a distribution by Assignor to Parent and then a contribution by Parent to Assignee) of all right, title and interest in Assignor's intangible property in existence as of the date of the transfer (the "Transfer") associated with certain intellectual property (including trademarks, copyrights, patents, and trade secrets) as defined below, as well as licensing agreements, distributor agreements, product development, know how, goodwill, and going concern value associated with such intellectual property (collectively, the "Intangible Property"); and

WHEREAS, Assignee desires to accept the Transfer and receive all right, title, and interest in and to the distributed Intangible Property.

NOW, THEREFORE, in consideration of the Transfer and the mutual covenants contained herein, the sufficiency and receipt of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

WITNESSETH:

1. *Assignment.*

- a. Assignor hereby assigns, transfers, and conveys to Assignee all of Assignor's right, title, and interest in and to the Intangible Property (the "Assignment"), including all trademarks, service marks, and trade dress and the applications for registration thereof shown on the attached Schedules 1 and 2 and any unregistered and/or common law trademarks listed or described on the Schedules (collectively, the "Marks") and the goodwill of the business symbolized by the Marks. Assignor also assigns to Assignee all of Assignor's rights and interests in the agreements listed on the attached Schedule 3 (collectively, the "Agreements").
- b. With respect to the rights and obligations of Assignee under the Agreements, Assignor will receive all amounts payable to Assignee thereunder and shall act as a mere service provider of Assignee regarding all rights and obligations of Assignee thereunder until the assignment of the Agreements will have been perfected. Assignor shall not have the right to take any decision regarding the Agreements for or on behalf of Assignee, nor conclude any agreements for or on behalf of Assignee. Assignor shall not act as the legal representative of Assignee and agrees to follow any instructions or guidelines given by Assignee regarding the Agreements.

2. *Acceptance.* Assignee hereby accepts the foregoing assignment and expressly assumes any and all liabilities, debts and obligations associated with the Intangible Property. Risk and benefit associated with the Intangible Property shall pass to the Assignee upon the Effective Date.

3. *Effective Date and Time.* The Assignment shall be effective on March 30, 2020 (the "Effective Date").

4. *Value of the Intangible Property.* The Parties agree that the Assignment is made at the value corresponding to the fair market value (the "Assignment Value")

5. *Representations and Warranties.*

- a. Assignor warrants to Assignee that Assignor has as of the Effective Date good and marketable title to the Intangible Property, free and clear of any liens, charges, pledges, security interests or other encumbrances, and that Assignor is free to transfer good and marketable title to the Intangible Property to Assignee.
- b. Assignee acknowledges and agrees that, except as expressly set forth in this Agreement, (a) Assignor is not making any representations or warranties, express or implied, with respect to the Intangible Property, and (b) such Intangible Property is hereby contributed on an "as is, where is" basis.

6. *Further Assurances.* The parties hereto shall cooperate fully with each other in any action required to be taken to fulfill their respective obligations hereunder, including, without limitation, the execution and delivery of any and all other instruments and papers and the taking of any and all additional actions that either party reasonably requests from time to time to effectuate the purposes and intent of this transaction and otherwise to consolidate, vest and record in Assignee, with the appropriate authorities, full and complete ownership of the Intangible Property.

7. *Entire Agreement.* This Agreement constitutes the entire agreement between the Parties, and is the complete and exclusive statement of the Parties' agreement on the matters contained herein. Notwithstanding the foregoing, the Parties contemplate that they may desire to enter into or execute transfer instruments of various kinds consistent with, but in some cases duplicative of, this Agreement in order to effect the transfer of the Intangible Property and/or to facilitate the registration of such transfer with governmental authorities.

8. *Severability.* If any provision of this Agreement is determined by any competent court, arbitral tribunal or governmental or administrative authority having jurisdiction to be invalid, illegal or unenforceable, the remaining provisions of this Agreement remain in full force. In such a case, the Parties shall use all reasonable endeavors to replace the invalid or unenforceable provision(s) by a valid, legal and enforceable substitute provision the effect of which is as close as possible to the intended effect of the invalid, illegal or unenforceable provision.

9. *Amendments.* This Agreement may not be amended, supplemented or otherwise modified except by a written document executed by or on behalf of each of the Parties.

11. *Successors and Assigns.* This Agreement shall be binding upon, inure to the benefit of and be enforceable by the parties hereto and their respective successors and permitted assigns, and nothing in this Agreement, express or implied, is intended to or shall confer upon any other person

any rights, interests, benefits or remedies of any nature whatsoever under or by reason of this Agreement.

12. *Counterparts.* This Agreement may be executed in one or more counterparts, and each such counterpart hereof shall be deemed to be an original instrument, but all such counterparts together shall constitute but one agreement.

13. *Descriptive Headings.* The descriptive headings contained herein are inserted for convenience of reference only and are not intended to be part of or to affect the meaning or interpretation of this Agreement.

14. *Governing Law.* This Agreement shall be governed by, and construed in accordance with, the laws of Delaware, USA.
