INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This **INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT** (this "Assignment") is entered into and effective as of May 8, 2020, by and among Fairway Group Holdings Corp., a Delaware corporation (the "Company") and the direct and indirect wholly-owned Subsidiaries of the Company that are signatories hereto (together with the Company, the "Sellers") and VSM NY Holdings LLC, a New York limited liability company ("Buyer"). Sellers and Buyer are referred to collectively herein as the "Parties." Capitalized terms used but not otherwise defined herein have the meanings given to such terms in the Purchase Agreement (as defined below).

WHEREAS, Sellers and Village Super Market, Inc., a New Jersey corporation ("Village"), are parties to that certain Asset Purchase Agreement, dated March 25, 2020 and as amended (the "Purchase Agreement"), which Purchase Agreement was partially assigned by Village to Buyer pursuant to that certain Assignment and Assumption Agreement, dated as of April 7, 2020, and that certain Assignment and Assumption Agreement, dated as of April 16, 2020, by and between Buyer and VSM NY Distribution LLC, a New York limited liability company;

WHEREAS, Sellers are the owners of (i) certain Intellectual Property included in the Acquired Assets, including the Intellectual Property listed in the attached Schedule A and (ii) the Internet domain names listed in the attached Schedule B and the content directly used or held for use exclusively for such Internet domain names (the "Assigned IP");

WHEREAS, pursuant to the Purchase Agreement, Sellers have agreed to sell, transfer, assign, convey and deliver all of the Assigned IP to Buyer;

WHEREAS, the execution and delivery of this Assignment is contemplated by Sections 2.5(a)(iv) and 2.5(b)(v) of the Purchase Agreement; and

WHEREAS, Sellers and Buyer now seek to consummate the assignment, sale and transfer of the Assigned IP.

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants contained herein and in the Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto, intending to be legally bound, agree as follows:

1) Assignment and Representations.

- a. Assignment. Effective as of the Closing, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Sellers have sold, assigned, transferred and set over, and do hereby sell, assign, transfer and set over to Buyer the Assigned IP and all rights associated therewith, including, but not limited to, (i) all goodwill of Sellers' business associated with said Assigned IP, together with any trademark and/or service mark applications and/or registrations including the same for the United States and all foreign countries and any registrations that may issue therefor in the United States and any foreign countries, (ii) all rights to file any future registrations or patents for any of the Assigned IP, (iii) all common law rights associated with the Assigned IP, and (iv) all causes of

action or other rights that may be asserted under the Assigned IP; the same to be held and enjoyed by Buyer for its own use and enjoyment, and for the use and enjoyment of its successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Sellers if this assignment and sale had not been made, together with all claims by Sellers for damages by reason of past infringement of any trademark or service mark which arises from the Assigned IP, with the right to sue for, and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns or other legal representatives.

- b. Representations. The Assigned IP includes all Intellectual Property that is an Acquired Asset. Sellers are the sole and exclusive legal and beneficial owner of all right, title and interest in and to the Assigned IP. To the Knowledge of Sellers, all registrations included in the Assigned IP are valid and enforceable. To the Knowledge of Sellers, except as otherwise disclosed to Buyer, Sellers have not infringed, misappropriated, or otherwise violated the Intellectual Property rights of any third party through the use of the Assigned IP. To the Knowledge of Sellers, except as otherwise disclosed to Buyer, no third party has infringed, misappropriated, or otherwise violated the Assigned IP.
- 2) Proxy. Upon reasonable request by Buyer, Sellers agree to execute all documents necessary to perfect the right, title, and interest conveyed herein in and to Buyer, including without limitation releases of any prior security interests granted by Sellers or their predecessors in interest. In the event that Sellers are unable or unwilling to fully perform their obligations under this Assignment, to the extent necessary to perfect such right, title, and interest in and to Buyer, Sellers hereby irrevocably designate and appoint Buyer or its assigns and their duly authorized officers and agents as Sellers' agents and attorneys-in-fact to act for and in Sellers' behalf and instead of Sellers, to execute and file any registration, application or other document and to do all other lawfully permitted acts in connection with the Assigned IP.
- 3) Notices. Any notice, request, or other document to be given hereunder to any Party shall be given in the manner specified in Section 9.9 of the Purchase Agreement. Any Party may change its address for receiving notices, requests, and other documents by giving written notice of such change to the other Parties.
- 4) Severability. The invalidity or unenforceability of any provision of this Assignment shall not affect the validity or enforceability of any other provisions of this Assignment.
- 5) Enforceability. In the event that any of the provisions of this Assignment shall be held by a court or other tribunal of competent jurisdiction to be illegal, invalid or unenforceable, such provisions shall be limited or eliminated only to the minimum extent necessary so that this Assignment shall otherwise remain in full force and effect.
- 6) Amendments and Waivers. No amendment of any provision of this Assignment shall be valid unless the same shall be in writing and signed by each Party except as expressly provided herein. No waiver of any breach of this Assignment shall be construed as an

implied amendment or agreement to amend or modify any provision of this Assignment. No waiver by any Party of any default, misrepresentation or breach of warranty or covenant hereunder, whether intentional or not, shall be valid unless the same shall be in writing and signed by the Party making such waiver, nor shall such waiver be deemed to extend to any prior or subsequent default, misrepresentation or breach of warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent default, misrepresentation or breach of warranty or covenant. No conditions, course of dealing or performance, understanding or agreement purporting to modify, vary, explain, or supplement the terms or conditions of this Assignment shall be binding unless this Assignment is amended or modified in writing pursuant to the first sentence of this Section 6 except as expressly provided herein. Except where a specific period for action or inaction is provided herein, no delay on the part of any Party in exercising any right, power or privilege hereunder shall operate as a waiver thereof.

- 7) Further Assurances. In case at any time after the Closing any further action is necessary to carry out the purposes of this Assignment, each of the Parties will, at the requesting Party's sole cost and expense, take such further action (including the execution and delivery of such other reasonable instruments of sale, transfer, conveyance, assignment, assumption and confirmation, providing materials and information) as the other Party may reasonably request which actions shall be reasonably necessary to transfer, convey or assign to Buyer all of the Assigned IP.
- 8) Counterparts; Facsimile and Electronic Signatures. This Assignment may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument. This Assignment or any counterpart may be executed and delivered by facsimile copies or delivered by electronic communications by portable document format (.pdf), each of which shall be deemed an original.
- 9) Governing Law. This Assignment shall be deemed to be made in and in all respects shall be interpreted, construed and governed by and in accordance with the laws of the state of New York without regard to the conflict of laws rules or principles thereof (or any other jurisdiction) to the extent that such laws, rules or principles would direct a matter to another jurisdiction, except as otherwise required under the laws of the state of New York.
- 10) Succession and Assignment. This Assignment shall be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. No Party may assign either this Assignment or any of its rights, interests, or obligations hereunder without the prior written consent of the other Parties.
- 11) Third Party Beneficiaries and Obligations. This Assignment shall not confer any rights or remedies upon any Person other than Buyer, each Seller, and their respective successors and permitted assigns.
- 12) Survival. None of the representations or warranties of Sellers set forth in this Assignment, including the representations set forth in Section 1(b) of this Assignment, shall survive,

and each of the same shall terminate and be of no further force or effect as of, the date of this Assignment.

- 13) Entire Agreement. This Assignment, together with the Purchase Agreement and the exhibits and the documents referred to in the Purchase Agreement, the Related Agreements and the Confidentiality Agreement constitute the entire agreement between the Parties and supersede any prior understandings, agreements or representations (whether written or oral) by or between the Parties to the extent they relate in any way to the subject matter hereof.

\* \* \* \* \*

IN WITNESS WHEREOF, the Parties have executed this Assignment as of date first above written.
