INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (this “**Agreement**”), dated as of May 27, 2020, is entered into by Martin Operating Partnership L.P., a Delaware limited partnership (“**Grantor**”), and Royal Bank of Canada, as administrative agent and collateral agent (in such capacities, “**Agent**”) for itself, the Lenders and the Lender Swap Parties (each as defined in the Credit Agreement (as defined below)). Capitalized terms not otherwise defined herein have the meanings set forth in the Third Amended and Restated Credit Agreement dated as of March 28, 2013 (as amended, restated, supplemented or otherwise modified in writing from time to time, the “**Credit Agreement**”), among Grantor, as borrower, Martin Midstream Partners L.P., a Delaware limited partnership, the various financial institutions from time to time parties thereto (the “**Lenders**”), and Agent.

WHEREAS, in connection with the Third Amended and Restated Pledge and Security Agreement dated as of March 28, 2013 (as amended, restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”) by Grantor for the benefit of Agent, Grantor is delivering this Agreement to grant a security interest to Agent in certain Intellectual Property, whether now owned or existing or hereafter acquired or arising and wherever located, including without limitation the pending and registered trademarks and patents listed on Schedule A (the “**Secured Intellectual Property**”).

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Grantor and Agent hereby agree as follows:

1. **Grant of Security Interest.**

1.1 Grantor hereby grants to Agent a security interest in and continuing lien on all of Grantor’s right, title and interest in, to and under (1) all Secured Intellectual Property set forth in Schedule A now owned or from time to time after the date hereof owned or acquired by Grantor, together with (2) all proceeds and products of the Secured Intellectual Property, (3) the goodwill associated with the trademarks, and (4) all causes of action arising prior to or after the date hereof for infringement of the Secured Intellectual Property or unfair competition regarding the same, subject to the terms and conditions of the Security Agreement and the other Loan Documents. Notwithstanding the foregoing, the Secured Intellectual Property shall exclude any rights to any Intellectual Property that would be cancelled or rendered invalid or unenforceable under applicable law by the grant of a security interest created pursuant to the terms of this Agreement, the Security Agreement or any other Loan Document, for as long as such prohibition or reason for invalidity under applicable law exists, except for the products and proceeds thereof or from the sale of such Intellectual Property.

1.2 The security interest granted hereby is granted in conjunction with the security interest granted to Agent under the Security Agreement and the other Loan Documents. The rights and remedies of Agent, the Lenders and the Lender Swap Parties with respect to the security interest granted hereby are in addition to those set forth in the Security Agreement and the other Loan Documents. In the event of any conflict between the terms of this Agreement and the

terms of the Security Agreement or the Credit Agreement, the terms of the Security Agreement or the Credit Agreement, as applicable, shall control.

2. **Modification of Agreement.** This Agreement or any provision hereof may not be changed, waived, or terminated except in accordance with the amendment provisions of the Credit Agreement pursuant to which Agent may modify this Agreement, after obtaining Grantor's approval of or signature to such modification, by amending Schedule A to include reference to any right, title or interest in any existing pending and registered trademarks, patents and copyrights acquired or developed by Grantor after the execution hereof or to delete any reference to any right, title or interest in any pending and registered trademarks, patents and copyrights in which Grantor no longer has or claims any right, title or interest.

3. **Governing Law.** THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE CONSTRUED IN ACCORDANCE WITH AND BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK AND, TO THE EXTENT CONTROLLING, LAWS OF THE UNITED STATES OF AMERICA, EXCEPT TO THE EXTENT THAT THE LAWS OF ANY STATE IN WHICH ANY OF THE COLLATERAL IS LOCATED NECESSARILY GOVERNS THE VALIDITY, PERFECTION, PRIORITY AND ENFORCEABILITY, AND THE EXERCISE OF ANY REMEDIES WITH RESPECT TO ANY LIEN OR SECURITY INTEREST INTENDED TO BE CREATED OR GRANTED HEREBY ON COLLATERAL LOCATED IN SUCH STATE.

4. **Successors and Assigns.** This Agreement shall be binding upon and inure to the benefit of Agent and Grantor and their respective successors and assigns. Grantor shall not, without the prior written consent of Agent given in accordance with the Credit Agreement, assign any right, duty or obligation hereunder.

5. **Counterparts.** This Agreement may be executed in any number of counterparts and by the parties hereto on separate counterparts, each of which when so executed, shall be deemed to be an original and all of which taken together shall constitute one and the same instrument. Delivery of an executed counterpart by facsimile or other electronic transmission shall be effective as originals.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, Grantor and Agent have caused this Agreement to be duly executed and delivered as of the date first above written.
