## INTELLECTUAL PROPERTY SECURITY AGREEMENT

Reference is made to that certain Loan and Security Agreement (as amended from time to time, the "Loan Agreement") entered into as of March 14, 2017 by and between PACIFIC WESTERN BANK, a California state chartered bank (the "Bank") and TULIP.IO INC., a Canadian corporation (the "Borrower").

This Intellectual Property Security Agreement is entered into as of June 11, 2020 by and between the Bank and the Borrower.

### RECITALS

A. The Bank has agreed to make certain advances of money and to extend certain financial accommodations to the Borrower (the "Loans") in the amounts and manner set forth in the Loan Agreement. The Bank is willing to make the Loans to the Borrower, but only upon the condition, among others, that the Borrower grant to the Bank a security interest in certain copyrights, trademarks and patents to secure the obligations of the Borrower under the Loan Agreement.

B. Pursuant to the terms of the security agreement dated March 14, 2017 (as same may be amended, modified or supplemented from time to time (the "Security Agreement"); capitalized terms used herein are used as defined in the Security Agreement), the Borrower has granted to the Bank a security interest in all of the Borrower's right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Loan Agreement and all other agreements now existing or hereafter arising between the Borrower and the Bank, the Borrower hereby represents, warrants, covenants and agrees as follows:

### AGREEMENT

To secure its obligations under the Loan Agreement and under any other agreement now existing or hereafter arising between the Borrower and the Bank, the Borrower grants and pledges to the Bank a security interest in all of the Borrower's right, title and interest in, to and under its Intellectual Property Collateral (including without limitation those copyrights, patents and trademarks listed on Exhibits A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof.

This security interest is granted in conjunction with the security interest granted to the Bank under the Security Agreement. The rights and remedies of the Bank with respect to the security interest granted hereby are in addition to those set forth in the Security Agreement, and those which are now or hereafter available to the Bank as a matter of law or equity. Each right, power and remedy of the Bank provided for herein or in the Loan Agreement, the Security Agreement or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by the Bank of any one or more of the rights, powers or remedies provided for in this Intellectual Property Security Agreement, the Loan Agreement, the Security

Agreement or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including the Bank, of any or all other rights, powers or remedies.

The Borrower represents and warrants that Exhibits A, B, and C attached hereto set forth any and all intellectual property rights in connection to which the Borrower has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office or the Canadian Intellectual Property Office, as applicable.

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute the same instrument.

IN WITNESS WHEREOF, the parties have caused this Intellectual Property Security Agreement to be duly executed by its officers thereunto duly authorized as of the date written above.
