Section 1. Grant of Security. As collateral security for the Secured Obligations, each Grantor hereby grants to the Agent a security interest in and continuing lien on all of such Grantor's right, title and interest in, to and under the following:

(a) All United States, and foreign copyrights (including Community designs), including but not limited to copyrights in software and all rights in and to databases, and all Mask Works (as defined under 17 USC 901 of the US Copyright Act), whether registered or unregistered, moral rights, reversionary interests, termination rights, and, with respect to any and all of the foregoing, to the extent owned or purported to be owned by Grantor: (i) all registrations and applications therefor including, without limitation, the registrations and applications referred to in Schedule 1 hereto; (ii) all extensions and renewals thereof; (iii) all rights corresponding thereto throughout the world; (iv) all rights in any material which is copyrightable or which is protected by common law, United States or foreign laws, or the law of any State; (v) all rights to sue for past, present and future infringements thereof; (vi) all Proceeds of the foregoing, including licenses, royalties, income, payments, claims, damages and proceeds of suit; and (vii) all tangible property embodying the copyrights or such copyrighted materials (collectively, the "Copyrights").

(b) All United States and foreign patents and certificates of invention, or similar industrial property, design or plant rights, for any of the foregoing, in each case to the extent owned or purported to be owned by Grantor, including, but not limited to: (i) all registrations, provisional and applications referred to in Schedule 1 hereto; (ii) all reissues, divisions,

(d) All trade secrets and all other confidential or proprietary information and know-how regardless of whether such trade secret has been reduced to a writing or other tangible form, including all documents and things embodying, incorporating, or referring in any way to such Trade Secret, to the extent owned or purported to be owned by Grantor, including but not limited to: (i) the right to sue for past, present and future misappropriation or other violation of any Trade Secret and to enjoin or collect damages for the actual or threatened misappropriation of any Trade Secret; and (ii) all Proceeds of the foregoing, including licenses, royalties, income, payments, claims, damages, and proceeds of suit (collectively, the "Trade Secrets").

The rights and remedies of each party hereto with respect to the security interest granted herein are without prejudice to, and are in addition to those set forth in the Security Agreement and the Purchase Agreement, all terms and provisions of which are incorporated herein by reference.
