INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (this “**Assignment**”), is entered into by and between Sierra Hamilton Holdings Corporation, a Delaware corporation (“**Assignor**”) and NTGSH JV, LLC, a Delaware limited liability company (“**Assignee**”), and is effective as of July 1, 2020 (“**Effective Date**”).

WHEREAS, Assignor has entered into that certain Contribution Agreement by and among, Assignor, New Tech Engineering Limited Partnership and NTE Holdings, LLC dated as of July 1, 2020 (the “**Agreement**”) in which Assignor agreed to assign the SH Contributed Intellectual Property to Assignee;

WHEREAS, Assignor has adopted, is using and is the owner of all right, title and interest in and to the Trademarks and other indicia of origin listed in the attached Schedule A (the “**Marks**”), the domain names listed in the attached Schedule B (the “**Domain Names**”), and the Copyrights in the content of the websites accessible through the Domain Names (the “**Websites**”); and

WHEREAS, Assignor desires to sell, transfer, convey and assign to Assignee, and Assignee desires to acquire from Assignor, all right, title and interest in and to the Marks, the Domain Names, and the Websites and the SH Contributed Intellectual Property (other than the Retained Domain Names).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as set forth in this Assignment:

1. Definitions. Unless otherwise defined herein, all capitalized terms used in this Assignment have the respective meanings given to them in the Agreement. As used in this Assignment, the following terms shall have the following meanings:

- a. “**Copyrights**” means all copyrights and rights in mask works (as defined in 17 U.S.C. §901) and in works of authorship of any type, including Software, all such rights therein provided by international treaties and conventions, all moral and common law rights thereto, and all other rights associated therewith;
- b. “**Software**” means any and all (a) computer programs, including any and all software implementations of algorithms, models and methodologies, whether in source code or object code, (b) electronic databases and data compilations, including any and all data and collections of data, whether machine readable or otherwise, (c) associated descriptions, flow-charts and other work product used to design, plan, organize and develop any of the foregoing and associated screens, user interfaces, report formats, firmware, development tools, templates, menus, graphic buttons and icons, and (d) all documentation including user manuals and other training documentation related to any of the foregoing; and
- c. “**Trademarks**” means all trademarks, service marks, trade dress, trade names, corporate names, logos, uniform resource locator (“URL”) addresses, domain names, symbols, slogans, rights of publicity and privacy and other indicia of source or origin, common law rights thereto, all rights therein provided by international treaties and conventions, and all other rights associated therewith.

2. Assignment of the Marks, Domain Names, Websites, and SH Contributed Intellectual Property. Assignor hereby sells, transfers, conveys and delivers to Assignee, free and clear of all Encumbrances other than Permitted Encumbrances, all of Assignor’s right, title and interest in and to the Marks,

Domain Names, Websites, and SH Contributed Intellectual Property (other than the Retained Domain Names) and all rights to sue for past, present and future infringement thereof and to receive any recoveries therefor. Assignor does further consent to the recordation of this Assignment with any governmental agency, including, without limitation, the United States Patent and Trademark Office and any other state or foreign trademark office. Notwithstanding anything herein to the contrary, this Assignment shall not be construed as an assignment of the Retained Domain Names. Such Retained Domain Names shall be assigned to the Company pursuant to the Agreement.

3. Domain Name Transfers.

A. Concurrently with the execution of this Assignment, Assignor shall provide Assignee with all relevant account information for each Domain Name, including, but not limited to, all log-in names, user names, authorization codes and passwords as may be necessary to enable Assignee to update, modify or remove content from the associated websites. Promptly after the Effective Date, Assignor shall unlock the Domain Names and use commercially reasonable efforts to undertake such other acts as may be reasonably required to transfer all right, title and interest in and to the Domain Names to Assignee.

B. Assignor and Assignee will promptly execute all documents and authorizations and take all other actions that may be necessary or desirable for transferring to Assignee all right, title and interest in and to the Domain Names, including, but not limited to, completing, executing or authorizing the transfer of the Domain Names pursuant to the procedures set forth by each of the Domain Name Registrars identified on Schedule B.

C. Assignor authorizes and requests any and all registration authority to transfer the Domain Names and the registrations thereof from the Assignor to the Assignee.

D. Assignor hereby acknowledges that upon transfer of the Domain Names, Assignee shall be the sole and exclusive owner of all right, title and interest in the Domain Names (other than the Retained Domain Names).

4. Mutual Cooperation. Assignor agrees, without further consideration, to execute all oaths, assignments, powers of attorney, applications, and other papers necessary or desirable to fully secure to Assignee the rights, titles and interests conveyed herein, and to take such further actions as may be reasonably requested by Assignee in order to carry out the provisions and purposes of this Assignment including, without limitation, to execute one or more further assignments covering the Marks in a form acceptable for recordation in the United States Patent and Trademark Office, state trademark offices and in foreign trademark offices.

5. Terms of the Agreement. This Assignment is subject to all of the terms, conditions and limitations set forth in the Agreement. Notwithstanding any other provisions of this Assignment to the contrary, nothing contained in this Assignment in any way supersedes, modifies, replaces, amends, changes, rescinds, expands, exceeds or enlarges or in any way affects the provisions, including the representations, warranties, covenants, agreements, conditions, indemnities or in general, any rights and remedies, and any of the obligations set forth in the Agreement. If there is any inconsistency between the Agreement and this Assignment, the Agreement will control and govern.

6. Governing Law. This Assignment shall be governed by and construed in accordance with the Laws of the State of Delaware applicable to contracts made and to be performed in that state, without giving effect to its conflicts or choice of laws rules to the extent those rules are not mandatorily applicable by statute and would require or permit the application of another jurisdiction's Laws.

7. Counterparts. This Assignment may be executed by original, facsimile, PDF or electronic signature, and in two or more or several counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.
