OMNIBUS INTELLECTUAL PROPERTY ASSIGNMENT

THIS OMNIBUS INTELLECTUAL PROPERTY ASSIGNMENT (this “IP Assignment”) is entered into as of May 4, 2020, by Evolution Lighting, LLC, a Delaware limited liability company (“EL”), Evolution Lighting Canada, Inc., a British Columbia corporation (“ELC”), and by Evolution Lighting (Asia), Ltd., a Hong Kong company (“ELHK”, and along with EL and ELC, each an “Assignor”), in favor of and for the benefit of Lucidity Lights, Inc., a Delaware corporation (“LL”), and 3336820 Nova Scotia Limited, a Nova Scotia limited company and wholly owned subsidiary of Lucidity (“LL Canada” and, together with LL, the “Assignees” and each, an “Assignee”); provided, however, that in the event that all of the issued and outstanding equity interests of ELHK are acquired by LL on or before June 30, 2020 then ELHK shall not be deemed to be an Assignor hereunder. Capitalized terms used but not defined in this Assignment shall have the same meanings ascribed to such terms in the Purchase Agreement (as defined below).

BACKGROUND

WHEREAS, pursuant to that certain Asset Purchase Agreement, dated as of even date herewith, by and among Assignors and LL (the “Purchase Agreement”), each Assignor has agreed to sell, assign, transfer, convey and deliver to Assignee all of its Seller Intellectual Property and Seller Technology, and has agreed to execute and deliver this IP Assignment, for recording with the United States Patent and Trademark Office, the United States Copyright Office, and corresponding entities or agencies in any applicable jurisdictions; and

WHEREAS, LL has assigned its rights to LL Canada to receive all of ELC’s Seller Intellectual Property and Seller Technology.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in consideration of and pursuant to the terms and conditions set forth in the Purchase Agreement, the parties hereto, intending to be legally bound hereby, agree as follows:

1. Assignment. Upon and subject to the terms and conditions of the Purchase Agreement and this IP Assignment, each of EL and ELHK hereby irrevocably conveys, transfers, assigns, grants and delivers to LL, and LL hereby accepts, and ELC hereby irrevocably conveys, transfers, assigns, grants and delivers to LL Canada, and LL Canada hereby accepts, all of such Assignor’s worldwide right, title and interest in and to the following (provided, however, that in the event that all of the issued and outstanding equity interests of ELHK are acquired by LL on or before June 30, 2020 then ELHK shall not be deemed to have irrevocably conveyed, transferred, assigned, granted or delivered to LL the following):

(a) the Trademarks, including, but not limited to the trademark applications and registrations set forth on Exhibit A hereto, together with the goodwill of the business connected with the use of, and symbolized by the Trademarks; provided that, with respect to the United States intent-to-use trademark applications set forth on Exhibit A hereto, the transfer of such applications accompanies, pursuant to the Purchase Agreement, the transfer of Assignor’s

business, or that portion of the business to which the trademark pertains, and that business is ongoing and existing;

(b) the Patents, including but not limited to all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof set forth on Exhibit B hereto;

(c) the Domains set forth on Exhibit C hereto;

(d) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world, including, without limitation, rights to recover for past, present and future violations thereof;

(e) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(f) any and all claims and causes of action, arising out of any of the foregoing, whether accruing before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Action. Each Assignor hereby authorizes the Commissioner for Patents and Trademarks in the United States Patents and Trademark Office, the Register of Copyrights in the United States Copyright Office, and the officials of corresponding entities or agencies in any applicable jurisdictions, to record and register this IP Assignment upon request by LL. From time to time at an Assignee's request, without further consideration, each Assignor shall execute, acknowledge and deliver to such Assignee or file, or shall cause to be executed, acknowledged, delivered or filed, such other deeds, transfers, conveyance or assignments and shall take, or cause to be taken, such other actions and execute and deliver such other documents, certifications and further assurances as such Assignee may request in order to effectuate, evidence, or perfect the assignment of the Seller Intellectual Property and Seller Technology and all documents, instruments, materials and information relating thereto.

3. Terms of the Asset Purchase Agreement; Entire Agreement. The parties hereto acknowledge and agree that this IP Assignment is entered into pursuant to the Purchase Agreement, to which reference is made for a further statement of the rights and obligations of each Assignor and Assignee with respect to the Seller Intellectual Property and Seller Technology. This IP Assignment and the Purchase Agreement contain the entire agreement of the parties with regard to the assignment of the Seller Intellectual Property and Seller Technology. This IP Assignment is made subject to the provisions of the Purchase Agreement. The representations, warranties, covenants, agreements, and indemnities contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein, and this IP Assignment shall not be deemed to defeat, limit,

alter, impair, enhance or enlarge any right, obligation, liability, claim or remedy created by the Purchase Agreement, the Transaction Documents or any transaction document related thereto. In the event of any conflict or inconsistency between the terms and conditions set forth in this IP Assignment and the Purchase Agreement, the terms and conditions set forth in the Purchase Agreement shall control.

4. Modifications. No supplement, modification or amendment of this IP Assignment shall be binding unless executed in writing by each of the parties. No waiver by any party of any default, misrepresentation, or breach of warranty or covenant hereunder, whether intentional or not, shall be deemed to extend to any prior or subsequent default, misrepresentation, or breach of warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

5. Succession and Assignment. This IP Assignment shall be binding upon and inure to the benefit of the parties named herein and their respective successors and permitted assigns. No party may assign either this IP Assignment or any of its rights, interests, or obligations hereunder without the prior written approval of the other party; provided, however, that Assignee may (i) assign any or all of its rights and interests hereunder to one or more Affiliates (as defined below) of Assignee and (ii) designate one or more of its Affiliates to perform its obligations hereunder (in any or all of which cases Assignee nonetheless shall remain responsible for the performance of all of Assignee's obligations hereunder and such assignee(s) shall agree in writing to assume and perform Assignee's obligations hereunder). Subject to the foregoing, this IP Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns. The term "Affiliate" of Assignee as used herein shall mean any corporation, partnership, limited liability company or any other entity or organization, who directly or indirectly controls, is controlled by or is under common control with Assignee.

6. Governing Law.

(a) This IP Assignment shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

(b) ANY LEGAL SUIT, ACTION OR PROCEEDING ARISING OUT OF THIS IP ASSIGNMENT OR THE TRANSACTION DOCUMENTS MAY BE INSTITUTED IN THE FEDERAL COURTS OF THE UNITED STATES OF AMERICA LOCATED IN DELAWARE OR THE COURTS OF THE STATE OF DELAWARE, AND EACH PARTY IRREVOCABLY SUBMITS TO THE EXCLUSIVE JURISDICTION OF SUCH COURTS IN ANY SUCH SUIT, ACTION OR PROCEEDING. SERVICE OF PROCESS, SUMMONS, NOTICE OR OTHER DOCUMENT BY MAIL TO SUCH PARTY'S ADDRESS SET FORTH HEREIN SHALL BE EFFECTIVE SERVICE OF PROCESS FOR ANY SUIT, ACTION OR OTHER PROCEEDING BROUGHT IN ANY SUCH COURT. THE PARTIES IRREVOCABLY AND UNCONDITIONALLY WAIVE ANY OBJECTION TO THE LAYING OF VENUE OF ANY SUIT, ACTION OR ANY PROCEEDING IN SUCH COURTS AND IRREVOCABLY WAIVE AND AGREE NOT TO PLEAD OR CLAIM IN ANY SUCH

COURT THAT ANY SUCH SUIT, ACTION OR PROCEEDING BROUGHT IN ANY SUCH COURT HAS BEEN BROUGHT IN AN INCONVENIENT FORUM.

(c) EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY WHICH MAY ARISE UNDER THIS IP ASSIGNMENT OR THE TRANSACTION DOCUMENTS IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES AND, THEREFORE, EACH SUCH PARTY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LEGAL ACTION ARISING OUT OF OR RELATING TO THIS IP ASSIGNMENT OR THE TRANSACTION DOCUMENTS. EACH PARTY TO THIS IP ASSIGNMENT CERTIFIES AND ACKNOWLEDGES THAT (A) NO REPRESENTATIVE OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT SEEK TO ENFORCE THE FOREGOING WAIVER IN THE EVENT OF A LEGAL ACTION, (B) SUCH PARTY HAS CONSIDERED THE IMPLICATIONS OF THIS WAIVER, (C) SUCH PARTY MAKES THIS WAIVER VOLUNTARILY, AND (D) SUCH PARTY HAS BEEN INDUCED TO ENTER INTO THIS IP ASSIGNMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION 6(C).

7. Counterparts. This IP Assignment may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument. This IP Assignment may be executed by facsimile or electronically.
