TRADEMARK ASSIGNMENT AGREEMENT

THIS TRADEMARK ASSIGNMENT AGREEMENT ("Trademark Assignment"), effective as of July 31, 2020 (the "Effective Date"), by and between L3 TECHNOLOGIES, INC., a Delaware corporation ("Assignor"), with its principal office at 600 Third Avenue, New York, NY 10016 and EOTECH, LLC, a Michigan limited liability company ("Assignee").

WHEREAS, Assignor owns all right, title and interest in and to the trademark registrations and applications for registration identified more fully in the attached Schedule A (collectively, the "Assigned Trademarks");

WHEREAS, Assignor and Assignee, as successor-in-interest to and assignee of Project Echo Holdings, LLC, a Michigan limited liability company, are parties to a certain Asset Purchase Agreement, dated March 20, 2020, as amended (the "Sale Agreement"), pursuant to which the Assignor agreed to transfer, sell and convey to Assignee certain of the assets of the Assignor, including the Assigned Trademarks and the goodwill of the business symbolized thereby; and

WHEREAS, the Assignor wishes to assign the Assigned Trademarks to Assignee, and Assignee wishes to acquire the Assigned Trademarks from the Assignor, together with the goodwill of the business symbolized thereby.

NOW, THEREFORE, in consideration of the premises set forth above and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and pursuant to the Sale Agreement:

Assignor hereby sells, conveys, transfers and assigns to Assignee and its successors, assigns and legal representatives, all of Assignor's right, title and interest in and throughout the world in and to the Assigned Trademarks (including any common law rights that may exist and are associated therewith), and all goodwill associated therewith, free and clear of all Liens (as such term is defined in the Sale Agreement). Assignor further assigns to Assignee, relating to the Assigned Trademarks, its successors, assigns, and legal representatives, all of Assignor's right, title and interest in and to all income, royalties, damages, proceeds, or payments, including without limitation, all claims, causes of action, and enforcement rights of any kind, whether currently pending, filed or otherwise, and whether known or unknown, under or arising from any of the foregoing, and all rights to pursue and collect damages, costs, attorney's fees, injunctive relief and other remedies for past, present or future infringement, dilution, or other violation thereof, and all unregistered trademarks, together with all adaptations, derivations, and combinations thereof, and all goodwill of the business symbolized by the Assigned Trademarks associated therewith.

Assignor does hereby authorize the Director of the United States Patent & Trademark Office, and the empowered official of any country or countries foreign to the United States whose duty it is to record trademark registrations, applications and title thereto, to record the Assigned Trademarks and title thereto as the property of Assignee, its successors, assigns or legal representatives in accordance with the terms of this instrument.

Assignor agrees that upon request it will, at any time at Assignee's expense, execute and deliver all necessary documentation which may be reasonably necessary to further document and record the assignment of the Assigned Trademarks made hereby.

All representations and warranties of the Assignor in the Sale Agreement are hereby incorporated into this Trademark Assignment. Assignor will warrant and defend the sale, conveyance, transfer and assignment of the Assigned Trademarks to Assignee against all persons.

Assignor and Assignee also agree that multiple copies of this Assignment may be executed, each of which shall be deemed an original, and each of which shall be valid and binding upon the Assignor and Assignee.
