SENIOR SECURED LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS SENIOR SECURED LIEN INTELLECTUAL PROPERTY SECURITY AGREEMENT (this “**Agreement**”), dated as of August 12, 2020, is entered into by Martin Operating Partnership L.P., a Delaware limited partnership (“**Grantor**”), and U.S. Bank National Association, as collateral trustee for the Senior Secured Lien Secured Parties (in such capacity, the “**Collateral Trustee**”). Capitalized terms not otherwise defined herein have the meanings set forth in the Collateral Agency Agreement, dated as of August 12, 2020 (as amended, restated, supplemented or otherwise modified in writing from time to time, the “**Collateral Agency Agreement**”), among Martin Midstream Partners L.P., a Delaware limited partnership (the “**Company**”), the other Grantors, the Collateral Trustee and the other parties from time to time party thereto or the Intercreditor Agreement, dated as of August 12, 2020 (as amended, restated, supplemented or otherwise modified in writing from time to time, the “**Intercreditor Agreement**”), among the Company, the other Grantors, Royal Bank of Canada, as Priority Lien Agent, U.S. Bank National Association, as Representative for the holders of Senior Secured Lien Notes, the Collateral Trustee, U.S. Bank National Association, as Representative for the holders of Junior Lien Notes, U.S. Bank National Association, as Junior Lien Collateral Trustee and the other parties from time to time party thereto.

WHEREAS, in connection with the Second Lien Pledge and Security Agreement, dated as of August 12, 2020 (as amended, restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”) by Grantor and the other Debtors party thereto, for the benefit of Collateral Trustee, Grantor is delivering this Agreement to grant a security interest to Collateral Trustee in certain Intellectual Property, whether now owned or existing or hereafter acquired or arising and wherever located, including without limitation the pending and registered trademarks and patents listed on Schedule A (the “**Secured Intellectual Property**”).

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Grantor and Collateral Trustee hereby agree as follows:

1. **Grant of Security Interest.**

1.1 Grantor hereby grants to Collateral Trustee a security interest in and continuing lien on all of Grantor’s right, title and interest in, to and under (1) all Secured Intellectual Property set forth in Schedule A now owned or from time to time after the date hereof owned or acquired by Grantor, together with (2) all proceeds and products of the Secured Intellectual Property, (3) the goodwill associated with the trademarks, and (4) all causes of action arising prior to or after the date hereof for infringement of the Secured Intellectual Property or unfair competition regarding the same, subject to the terms and conditions of the Security Agreement and the other Senior Secured Lien Documents. Notwithstanding the foregoing, the Secured Intellectual Property shall exclude any rights to any Intellectual Property that would be cancelled or rendered invalid or unenforceable under applicable law by the grant of a security interest created pursuant to the terms of this Agreement, the Security Agreement or any other Senior Secured Lien Document, for as long as such prohibition or reason for invalidity under applicable law exists, except for the products and proceeds thereof or from the sale of such Intellectual Property.

1.2 The security interest granted hereby is granted in conjunction with the security interest granted to Collateral Trustee under the Security Agreement and the other Senior Secured Lien Documents. The rights and remedies of Collateral Trustee and the Senior Secured Lien Secured Parties with respect to the security interest granted hereby are in addition to those set forth in the Security Agreement and the other Senior Secured Lien Documents. Notwithstanding anything herein to the contrary, (i) the liens and security interests granted to the Collateral Trustee pursuant to this Agreement are expressly subject and subordinate to the liens and security interests granted in favor of the Priority Lien Secured Parties (as defined in the Intercreditor Agreement) and (ii) the exercise of any right or remedy by the Collateral Trustee hereunder is subject to the limitations and provisions of the Intercreditor Agreement. In the event of any conflict between the terms of the Intercreditor Agreement, the terms of the Security Agreement, and the terms of the Collateral Agency Agreement, on the one hand, and the terms of this Agreement, on the other hand, the terms of the Intercreditor Agreement, the terms of the Security Agreement or the terms of the Collateral Agent Agreement, as applicable, shall control.

2. Modification of Agreement. This Agreement or any provision hereof may not be changed, waived, or terminated except in accordance with the amendment provisions of the Collateral Agency Agreement pursuant to which Collateral Trustee may modify this Agreement, after obtaining Grantor's approval of or signature to such modification, by amending Schedule A to include reference to any right, title or interest in any existing pending and registered trademarks, patents and copyrights acquired or developed by Grantor after the execution hereof or to delete any reference to any right, title or interest in any pending and registered trademarks, patents and copyrights in which Grantor no longer has or claims any right, title or interest.

3. Governing Law. THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE CONSTRUED IN ACCORDANCE WITH AND BE GOVERNED BY THE LAWS OF THE STATE OF NEW YORK AND, TO THE EXTENT CONTROLLING, LAWS OF THE UNITED STATES OF AMERICA, EXCEPT TO THE EXTENT THAT THE LAWS OF ANY STATE IN WHICH ANY OF THE COLLATERAL IS LOCATED NECESSARILY GOVERNS THE VALIDITY, PERFECTION, PRIORITY AND ENFORCEABILITY, AND THE EXERCISE OF ANY REMEDIES WITH RESPECT TO ANY LIEN OR SECURITY INTEREST INTENDED TO BE CREATED OR GRANTED HEREBY ON COLLATERAL LOCATED IN SUCH STATE.

4. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of Collateral Trustee and Grantor and their respective successors and assigns. Grantor shall not, without the prior written consent of Collateral Trustee given in accordance with the Collateral Agency Agreement, assign any right, duty or obligation hereunder.

5. Counterparts. This Agreement may be executed in any number of counterparts and by the parties hereto on separate counterparts, each of which when so executed, shall be deemed to be an original and all of which taken together shall constitute one and the same instrument. Delivery of an executed counterpart by facsimile or other electronic transmission shall be effective as originals.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, Grantor and Collateral Trustee have caused this Agreement to be duly executed and delivered as of the date first above written.
