INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT, dated as of August 21, 2020 (such date, the “Effective Date”, and such agreement, this “Intellectual Property Assignment”), is entered into by and between Alpha Entertainment LLC, a Delaware limited liability company (the “Assignor”) and Alpha Opco, LLC a Delaware limited liability company (the “Assignee”). The Assignor and the Assignee are sometimes herein referred to collectively as the “Parties” and individually as a “Party.”

WHEREAS, Alpha Opco (as successor-in-interest to Alpha Acquico, LLC, a Delaware limited liability company) and Assignor entered into that certain Asset Purchase Agreement dated as of August 17, 2020 (the “Asset Purchase Agreement”). Capitalized terms used but not defined herein shall have the meanings given to such terms in the Asset Purchase Agreement;

WHEREAS, the Assignor owns the Intellectual Property Assets, including, without limitation the (a) issued patents and patent applications (the “Assigned Patents”), (b) trademark and service mark registrations and applications (the “Assigned Marks”), (c) copyright registrations and applications (the “Assigned Copyrights”) and (d) registered Internet domain names, in each case, set forth on Schedule 1 hereto; and

WHEREAS, pursuant to the Asset Purchase Agreement, the Assignee has acquired substantially all of Assignor’s ongoing and existing business, including that portion of the business to which any intent-to-use mark pertains, as required by Section 10 of the Trademark Act, 15 U.S.C. §1060, and Assignor desires to assign, transfer, convey and deliver to the Assignee, and the Assignee wishes to acquire from the Assignor, all of the Assignor’s right, title and interest in, to and under the Intellectual Property Assets and all goodwill associated therewith or symbolized thereby.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and in the Asset Purchase Agreement, and other good and valuable consideration, the receipt, adequacy and legal sufficiency of which are hereby acknowledged, the Parties hereto, intending to be legally bound, hereby agree as follows:

1. Assignment.
 - (a) Intellectual Property Assets. As of the Effective Date, the Assignor hereby irrevocably sells, transfers, assigns, conveys and delivers to the Assignee, and the Assignee hereby accepts the sale, transfer, assignment, conveyance and delivery of, all of Assignor’s right, title and interest in and to the Intellectual Property Assets, together with (i) all goodwill of the business associated with or symbolized by the Intellectual Property Assets, (ii) all common law rights in, and all rights derived from, the Intellectual Property Assets and all issuances and registrations that may be granted thereon, (iii) any past, present or future claims or causes of action (either in law or in equity) arising out of or related to any infringement, misappropriation, dilution or other violation of any of the Intellectual Property Assets, and the right to sue for damages, injunctive relief, lost profits in connection therewith or any other remedy or otherwise recover therefor, (iv)

any and all income, royalties, damages and payments now or hereafter due and/or payable with respect to the Intellectual Property Assets and the right to receive such income, royalties and payments, (v) the right to prosecute, maintain and defend the Intellectual Property Assets, (vi) the right to claim priority based on the Intellectual Property Assets and (vii) the right to fully and entirely stand in the place of the Assignor in all matters related thereto, the same to be held and enjoyed by the Assignee for its own use and enjoyment and the use and enjoyment of its successors and assigns as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made. The assignment contemplated herein is meant to be an absolute assignment and not by way of security.

(b) Assigned Patents. As of the Effective Date, the Assignor hereby irrevocably sells, transfers, assigns, conveys and delivers to the Assignee, and the Assignee hereby accepts the sale, transfer, assignment, conveyance and delivery of, all of the Assignor's right, title and interest in and to the Assigned Patents, together with (i) all rights derived from the Assigned Patents, including the inventions claimed therein, and any reissues, reexamination, divisions, continuations, continuations-in-part, extensions, renewals and counterparts thereof already granted and which may be granted thereon, (ii) any past, present or future claims or causes of action (either in law or in equity) arising out of or related to any infringement of any of the Assigned Patents, and the right to sue for damages, injunctive relief or any other remedy or otherwise recover therefor, (iii) any and all income, royalties, damages and payments now or hereafter due and/or payable with respect to the Assigned Patents and the right to receive such income, royalties and payments, (iv) the right to prosecute, maintain and defend the Assigned Patents, (v) the right to claim priority based on any of the Assigned Patents and (vi) the right to fully and entirely stand in the place of the Assignor in all matters related thereto, the same to be held and enjoyed by the Assignee for its own use and enjoyment and the use and enjoyment of its successors and assigns as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made. The assignment contemplated herein is meant to be an absolute assignment and not by way of security.

(c) Assigned Marks. As of the Effective Date, the Assignor hereby irrevocably sells, transfers, assigns, conveys and delivers to the Assignee, and the Assignee hereby accepts the sale, transfer, assignment, conveyance and delivery of, all of the Assignor's right, title and interest in and to the Assigned Marks, together with (i) all goodwill of the business associated with or symbolized by the Assigned Marks, (ii) all common law rights in, and all rights derived from, the Assigned Marks and all registrations that may be granted thereon, and any renewals thereof, (iii) any past, present or future claims or causes of action (either in law or in equity) arising out of or related to any infringement, misappropriation, dilution or other violation of any of the Assigned Marks, and the right to sue for damages, injunctive relief, lost profits in connection therewith or any other remedy or otherwise recover therefor, (iv) any and all income, royalties, damages and payments now or hereafter due and/or payable with respect to the Assigned Marks and the right to receive such income, royalties and payments, (v) the right to prosecute, maintain and defend the Assigned Marks, (vi) the right to claim priority based on the

Assigned Marks and (vii) the right to fully and entirely stand in the place of the Assignor in all matters related thereto, the same to be held and enjoyed by the Assignee for its own use and enjoyment and the use and enjoyment of its successors and assigns as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made. The assignment contemplated herein is meant to be an absolute assignment and not by way of security. Assignee is the successor-in-interest to the ongoing and existing business of Assignor, or that portion of the business to which any intent-to-use trademark pertains, as required by Section 10 of the Trademark Act, 15 U.S.C. §1060.

(d) Assigned Copyrights. As of the Effective Date, the Assignor hereby irrevocably sells, transfers, assigns, conveys and delivers to the Assignee, and the Assignee hereby accepts the sale, transfer, assignment, conveyance and delivery of, all of the Assignor's right, title and interest in and to the Assigned Copyrights, together with (i) all common law rights in, and all rights derived from, the Assigned Copyrights and all registrations that may be granted thereon, and any extensions and renewals thereof, (ii) any past, present or future claims or causes of action (either in law or in equity) arising out of or related to any infringement, misappropriation, dilution or other violation of any of the Assigned Copyrights, and the right to sue for damages, injunctive relief, lost profits in connection therewith or any other remedy or otherwise recover therefor, (iii) any and all income, royalties, damages and payments now or hereafter due and/or payable with respect to the Assigned Copyrights and the right to receive such income, royalties and payments, (iv) the right to prosecute, maintain and defend the Assigned Copyrights, (v) the right to claim priority based on the Assigned Copyrights and (vi) the right to fully and entirely stand in the place of the Assignor in all matters related thereto, the same to be held and enjoyed by the Assignee for its own use and enjoyment and the use and enjoyment of its successors and assigns as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made. The assignment contemplated herein is meant to be an absolute assignment and not by way of security.

2. Further Assurances. As may be necessary, the Assignor shall use commercially reasonable best efforts to (a) execute, acknowledge and deliver such other instruments, documents and agreements and (b) do such other things, in each case, as may be reasonably necessary, proper or advisable to carry out its obligations under this Intellectual Property Assignment and as may be reasonably necessary, proper or advisable to more completely effectuate, consummate, record, perfect or confirm the transactions contemplated hereby. The Assignor further agrees to use commercially reasonable best efforts to assist the Assignee in changing the technical and administrative contact information for the Internet domain names included in the Intellectual Property Assets with the applicable Internet domain name registrars to such information of the Assignee's choice (including by delivering to the Assignee any and all applicable user names and passwords for any accounts related to such Internet domain names to enable the Assignee to assume control of such Internet domain names). The Assignor hereby constitutes and appoints the Assignee as its true and lawful agent and attorney-in-fact, with full power of substitution, in the name and stead of the Assignor but on behalf and for the benefit of the Assignee, to take and execute in the name of the Assignor any and all actions and documents

that may be deemed necessary or proper to effectuate, consummate, record, perfect or confirm the transactions contemplated in this Intellectual Property Assignment.

3. Entire Agreement. This Intellectual Property Assignment, the Asset Purchase Agreement and the other Ancillary Documents constitute the sole and entire agreement of the parties to this Intellectual Property Assignment with respect to the subject matter contained herein and therein, and supersede all prior and contemporaneous understandings and agreements, both written and oral, with respect to such subject matter.

4. Amendment and Waiver. This Intellectual Property Assignment may be amended, extended, superseded, canceled, or renewed, and the terms hereof may be waived, only by a written instrument signed by the parties, or, in the case of a waiver, by the Party waiving compliance. No waiver of, or the failure of either Party to require strict compliance with, any provision of this Intellectual Property Assignment in any respect shall be deemed to be a waiver of such Party's right to insist upon strict compliance with such provision or with all other provisions of this Intellectual Property Assignment. No waiver by either Party of any breach or default of this Intellectual Property Assignment shall constitute a waiver of any other or subsequent breach or default. No waiver shall be binding unless executed in writing by the Party against whom the waiver is sought to be enforced.

5. Terms of the Asset Purchase Agreement. This Intellectual Property Assignment is entered into pursuant to, and subject to all of the terms and conditions of, the Asset Purchase Agreement. Nothing contained in this Assignment shall be deemed to supersede, enlarge on or modify any of the obligations, agreements, covenants, representations or warranties of Assignor or Assignee contained in the Asset Purchase Agreement. In the event of any conflict or inconsistency between this Intellectual Property Assignment and the Asset Purchase Agreement, the terms of the Asset Purchase Agreement shall prevail.

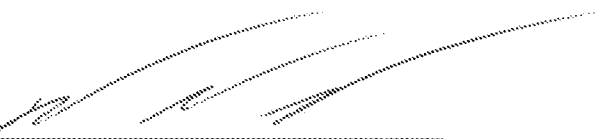

6. The following sections of the Asset Purchase Agreement shall apply to this Intellectual Property Assignment *mutatis mutandis* as if such provisions were set forth herein at length: Section 9.4 (Headings), Section 9.5 (Severability), Section 9.7 (Successors and Assigns), Section 9.12 (Governing Law; Submission to Jurisdiction; Waiver of Jury Trial) and Section 9.13 (Counterparts).

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, the Parties have caused this Intellectual Property Assignment to be executed by their respective officers thereunto duly authorized, as of the date first written above.
