THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of July 30, 2020, is made by the undersigned (collectively, "Grantor") in favor of ISRAEL DISCOUNT BANK OF NEW YORK (the "Lender").

BACKGROUND

Pursuant to the Loan and Security Agreement, dated as of July 30, 2020 (as amended, restated, supplemented or otherwise modified from time to time, the "Loan Agreement") by and among RENAISSANCE JEWELRY NEW YORK, INC., a New York corporation ("Renaissance"), JAY GEMS INC., a New York corporation ("Jay Gems"), each other Person joined thereto as a borrower from time to time (together with Renaissance and Jay Gems, collectively, the "Borrowers", and each, a "Borrower") the other Loan Parties from time to time party thereto and the Lender, the Lender has agreed to make the Advances for the benefit of the Borrowers.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor hereby agrees as follows:

1. Defined Terms. (a) All capitalized terms used but not otherwise defined herein have the meanings given to them in the Loan Agreement.

Notwithstanding anything herein to the contrary, the term "Intellectual Property Collateral" shall not include, and no Grantor is assigning, pledging or granting a Lien or any security interest hereunder in the Excluded Collateral.

3. Representations and Warranties. Grantor represents and warrants that Grantor does not have any interest in, or title to, any registered Patent, Trademark or Copyright except as set forth in Schedules I-III, respectively, hereto. This Intellectual Property Security Agreement is effective to create a valid and continuing Lien on and, upon the filing hereof with the United States Patent and Trademark Office and the United States Copyright Office, if applicable, perfected security interests in favor of the Lender in all of Grantor's Patents, Trademarks and Copyrights and such perfected security interests are enforceable as such as against any and all creditors of, and purchasers from, Grantor. Upon filing of this Intellectual Property Security Agreement with the United States Patent and Trademark Office and the United States Copyright Office, if applicable, and the filing of appropriate financing statements in the applicable filing office in the state of formation of Grantor all action necessary or desirable to protect and perfect the Lender's Lien on Grantor's Patents, Trademarks and Copyrights shall have been duly taken.

4. Covenants. Grantor covenants and agrees with the Lender as follows:

(a) Grantor shall notify the Lender as promptly as reasonably practicable if it knows or has reason to know that any application or registration relating to any Patent, Trademark or Copyright (now or hereafter existing) material to the operation of Grantor's business may become abandoned, or of any adverse determination or development (including the institution of, or any such determination or development in, any proceeding in the United States Patent and Trademark Office, the United States Copyright Office or any court) regarding Grantor's ownership of any Patent, Trademark or Copyright, its right to register the same, or to keep and maintain the same.

(b) In no event shall Grantor, either directly or through any agent, employee, licensee or designee, file an application for the registration of any Patent, Trademark or Copyright with the United States Patent and Trademark Office, the United States Copyright Office or any similar office or agency without giving the Lender notice thereof, and, upon request of the Lender, Grantor shall execute and deliver a supplement hereto (in form and substance satisfactory to the

Lender) to evidence the Lender's Lien on such Patent, Trademark or Copyright, and the General Intangibles of Grantor relating thereto or represented thereby.

(c) Grantor shall take all actions necessary and reasonably requested by the Lender to maintain and pursue each application for registrations material to the operation of the Company's business, to obtain the relevant registration and to maintain the registration of each of the Patents or Trademarks (now or hereafter existing material to the operation of the Company's business), including the filing of applications for renewal, affidavits of use, affidavits of noncontestability and opposition and interference and cancellation proceedings in connection with registrations material to the Company's business.

(d) In the event that any of the Intellectual Property Collateral material to the operation of Grantor's business is infringed upon, or misappropriated or diluted by a third party, Grantor shall notify the Lender promptly after Grantor learns thereof. Grantor shall, unless it shall reasonably determine that such Intellectual Property Collateral is not material to the conduct of its business or operations, as promptly as reasonably practicable sue for infringement, misappropriation or dilution and to recover any and all damages for such infringement, misappropriation or dilution, and shall take such other actions as the Lender reasonably deems appropriate under the circumstances to protect such Intellectual Property Collateral.

5. Security Agreement. The security interests granted pursuant to this Intellectual Property Security Agreement are granted in conjunction with the security interests and Lien granted to the Lender pursuant to the Loan Agreement. Grantor hereby acknowledges and affirms that the rights and remedies of the Lender with respect to the security interest in and Lien on the Intellectual Property Collateral made and granted hereby are more fully set forth in the Loan Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

6. Reinstatement. This Intellectual Property Security Agreement shall remain in full force and effect and continue to be effective should any petition be filed by or against Grantor for liquidation or reorganization, should Grantor become insolvent or make an assignment for the benefit of any creditor or creditors or should a receiver or trustee be appointed for all or any significant part of Grantor's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of the Obligations, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by any obligee of the Obligations, whether as a "voidable preference," "fraudulent conveyance," or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations shall be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

7. Notices. Whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties by any other party, or whenever any of the parties desires to give and serve upon any other party any communication with respect to this Intellectual Property Security Agreement, each such notice, demand, request, consent, approval, declaration or other communication shall be in writing and shall be given in the manner, and deemed received, as provided for in the Loan Agreement.

8. Termination of This Security Agreement. Subject to Section 6 hereof, this Intellectual Property Security Agreement shall terminate upon Payment in Full of all Obligations and termination of the Loan Agreement in accordance with the terms thereof.

9. Governing Law. This Intellectual Property Security Agreement and all rights and obligations hereunder shall be governed by and construed and enforced in all respects in accordance with the laws of the State of New York applied to contracts to be performed wholly within the State of New York.
