(b) It is expressly agreed by the Parties that the Assignee shall record this Agreement and/or other related documents with any relevant Governmental Authorities and, for such purpose, shall use the form attached in Annex 3.1(b).

3.5 Entire Agreement. This Agreement and the other Transaction Documents represent the entire agreement and understanding of the Parties with reference to the subject matter of this Agreement and supersede all prior negotiations, discussions, correspondence, communications, understandings and agreements between the Parties relating to the subject matter of this Agreement and all prior drafts of this Agreement, all of which are merged into this Agreement. No prior drafts of this Agreement may be used to show the intent of the Parties in connection with this Agreement or shall otherwise be admissible into evidence in any proceeding or other legal action involving this Agreement.

3.6 Conflict. If there is any conflict between any term of this Agreement, the Intellectual Property License Agreement and the APA, the following order of priority shall apply:

- (a) the APA;
- (b) this Agreement; and
- (c) the Intellectual Property License Agreement.

3.7 Absence of Waiver. Except as expressly provided in this Agreement, no failure or delay by any Party in exercising any right or remedy relating to this Agreement or any of the Transaction Documents shall affect or operate as a waiver or variation of that right or remedy or preclude its exercise at any subsequent time. No single or partial exercise of any right or remedy shall preclude any further exercise of it or the exercise of any other remedy.

3.8 No Third Party Rights; Assignment. This Agreement shall inure to the benefit of, and be binding upon, the Parties hereto and their respective successors and assigns; provided, however, that none of the Parties shall assign any of its rights or delegate any of its obligations created under this Agreement without the prior written consent of the other Parties. Notwithstanding the foregoing, the Assignee may assign its rights and obligations under this Agreement, without the prior written consent

This Agreement shall be deemed severable, and the invalidity or unenforceability of any term or provision hereof shall not affect the validity or enforceability of this Agreement or of any other term or provision hereof. Furthermore, in lieu of any such invalid or unenforceable term or provision, the Parties hereto intend that there shall be added as a part of this Agreement a provision as similar in terms to such invalid or unenforceable provision as may be possible and be valid and enforceable.

3.10 Waivers and Amendments. No modification of or amendment to this Agreement shall be valid unless in a writing signed by the Parties hereto referring specifically to this Agreement and stating the Parties' intention to modify or amend the same. Any waiver of any term or condition of this Agreement must be in a writing signed by the Party sought to be charged with such waiver referring specifically to the term or condition to be waived, and no such waiver shall be deemed to constitute the waiver of any other breach of the same or of any other term or condition of this Agreement.

3.11 Governing Law and Submission to Jurisdiction. This Agreement shall be governed by, and interpreted and enforced in accordance with, the laws of the State of Delaware (without giving effect to the conflicts-of-law principles thereof), except where the application of French Law is mandatorily required in connection with the assignment of the Exhibited Business Intellectual Property or with the limited license granted in Section 2.3. All disputes, controversies or claims arising out of or in connection with the existence, validity, interpretation or performance of this Agreement shall be finally settled by the exclusive jurisdiction of the Chancery Court of the State of Delaware or, where such court does not have jurisdiction, any state or federal court within New Castle County, Delaware.
