## TRADEMARK SECURITY AGREEMENT

September 24, 2020

WHEREAS, NEUROPACE, INC., a Delaware corporation (the “**Grantor**”), is a party to that certain Security Agreement, dated as of September 24, 2020 (as amended, restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”; capitalized terms used herein without definition shall have the meanings set forth in the Security Agreement), among the Grantor, the other grantors from time to time party thereto and CRG SERVICING LLC, as administrative agent and collateral agent (in such capacities, together with its successors and assigns, “**Administrative Agent**”), pursuant to which the Grantor has pledged and granted to Administrative Agent, for the benefit of the Secured Parties, a security interest in all of such Grantor’s right, title and interest in, to and under all of its personal property, including without limitation the Trademarks listed on **Schedule A** hereto; and

WHEREAS, it is a condition to the advance of the loans and other obligations secured by the Security Agreement that the Grantor execute and deliver, and cause to be filed in the United States Patent and Trademark Office, this Trademark Security Agreement (this “**Trademark Security Agreement**”).

As collateral security for the payment in full when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations, the Grantor hereby pledges and grants to Administrative Agent, for the benefit of the Secured Parties, a security interest in all of such Grantor’s right, title, goodwill and interest in, to and under all of the Trademarks, whether now owned or hereafter acquired and whether now existing or hereafter coming into existence, of the Grantor that are registered with, or for which applications for registration have been filed with, the United States Patent and Trademark Office, including the Trademarks listed on **Schedule A** hereto, and all registrations and pending applications associated therewith (excluding any United States application for registration of a trademark filed on an intent-to-use basis solely to the extent, if any, that, and solely during the period, if any, in which the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law; provided, that, upon submission of a “Statement of Use” or an “Amendment to Allege Use”, such intent-to-use application shall constitute and shall be considered Collateral).

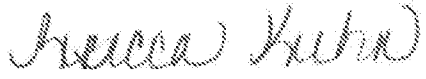

Notwithstanding the foregoing, in the event of any conflict between this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

This Trademark Security Agreement and the rights and obligations of the parties hereunder shall be governed by, and construed in accordance with, the law of the State of New York, without regard to principles of conflicts of laws that would result in the application of the laws of any other jurisdiction; provided that Section 5-1401 of the New York General Obligations Law shall apply.

[signature to follow]

IN WITNESS WHEREOF, the Grantor has caused this Trademark Security Agreement to be duly executed and delivered as of the day and year first above written.
