Appendix B

TRADEMARK ASSIGNMENT

This Trademark Assignment (the "Assignment") is by and between Spectrum Technical Services, Inc., an Illinois corporation ("Assignor"), and Charter Communications Holding Company, LLC, a Delaware limited liability company ("Assignee"). This Assignment shall become effective on the date that the last party signs it (the "Effective Date").

WHEREAS, Assignor owns all right, title and interest to the trademarks, service marks, and trade names SPECTRUM, SPECTRUM TECHNICAL, and SPECTRUM TECHNICAL SERVICES, and to related logos and designs, in connection with telecommunications services, namely, contracting services in the field of installation, repair and maintenance of telecommunications systems, and for consulting in the field of telecommunications technology and systems (collectively, the "SPECTRUM Marks"), and owns U.S. Trademark Application Serial No. 87/958,589 for the mark SPECTRUM (the "SPECTRUM Application") (hereinafter, the SPECTRUM Marks and SPECTRUM Application may be referred to collectively as the "Marks");

WHEREAS, Assignor, including its predecessor in interest Blue Sky Communications, Inc., has used the trademark, service mark, and trade name SPECTRUM in connection with the aforementioned services since at least as early as 1991; and

WHEREAS, Assignor desires to assign, and Assignee desires to accept, all of Assignor's right, title and interest in and to the Marks, pursuant to a Settlement Agreement and Release Agreement between the parties.

NOW, THEREFORE, in consideration of the covenants and obligations set forth herein, and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereby agree as set forth below.

1. Assignor hereby assigns, transfers and conveys to Assignee its entire right, title, and interest in and to the Marks, together with the accompanying goodwill symbolized by the Marks (including, without limitation, any registrations issuing from the SPECTRUM Application, the right to apply for trademark registrations based in whole or in part upon the Marks, the right to sue for, and recover for, any past and future infringements, and any priority right that may arise from the Marks), the same to be held and enjoyed by Assignee as fully and entirely as said interest could have been held and enjoyed by Assignor had this sale, assignment, transfer and conveyance not been made.

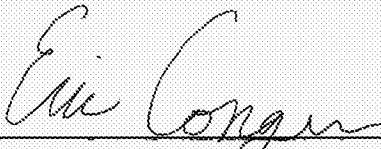

2. Assignor agrees to execute any further documents reasonably necessary to give effect to this Assignment, to confirm Assignee's ownership of the Marks, or to record such assignment with the United States Patent and Trademark Office and in any applicable jurisdictions outside the United States. This Assignment may be used for purposes of recording the assignment made hereunder with the United States Patent and Trademark

Office and in any applicable jurisdictions outside the United States.

IN WITNESS WHEREOF, the parties hereto have executed this Assignment as of the Effective Date.

SPECTRUM TECHNICAL SERVICES, INC.

CHARTER COMMUNICATIONS HOLDING COMPANY, LLC, by its Manager, Charter Communications, Inc.
