INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT (this “**Security Agreement**”) is made effective as of the 28th day of September, 2020, by and between **TURN 5, INC.**, a Pennsylvania corporation (“**Assignor**”), and **MATTERHORN CAPITAL PARTNERS, LP** (“**Lender**”).

BACKGROUND

A. In accordance with the terms of that certain Loan and Security Agreement, dated as of the date hereof, by and between Assignor and Lender (as the same may be amended, modified, supplemented, extended and/or renewed, the “**Loan Agreement**”), Lender agreed, inter alia, to make a Loan to Assignor as described therein.

B. In connection with the Loan Agreement, Assignor desires to grant to Lender a security interest in all of Assignor’s assets, including, without limitation, its patents, patent rights, patent applications, servicemarks, trademarks, servicemark and trademark applications, tradenames, goodwill, copyrights and licenses.

NOW THEREFORE, in consideration of the premises set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, Assignor agrees as follows:

1. **Incorporation of Loan Agreement.** The Loan Agreement and the terms and provisions thereof are hereby incorporated herein in their entirety by this reference thereto. All capitalized terms not otherwise defined herein shall have the meanings set forth in the Loan Agreement.

2. **Security Interest.**

(a) **Security Interest in Patents, Copyrights and Licenses.** To secure the complete and timely payment and satisfaction of all Obligations, Assignor hereby grants to Lender a security interest in, as and by way of a first mortgage and security interest having priority over all other security interests, with power of sale, to the extent permitted by law, all of Assignor’s right, title and interest in and to all of the following, whether now owned or existing and filed or hereafter acquired or arising and filed (collectively, with items named in **Section 2(b)**, the “**Collateral**”):

(i) patents and patent applications, including, without limitation, the inventions and improvements described and claimed therein, and those patents and patent applications listed on **Exhibit “A”**, attached hereto and made a part hereof, and (A) the reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof, (B) all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, (C) the right to sue for past, present and future infringements thereof, and (D) all rights corresponding thereto throughout the world (all of the foregoing patents and applications, together with the items described in **clauses (A)** through **(D)**, are sometimes hereinafter individually and/or collectively referred to as the “**Patents**”);

(ii) copyrights, copyright registrations, and copyright applications owned by Assignor, including all copyrights owned by Assignor in computer programs, operating systems, application systems, hardware or software of any nature whatsoever, whether operational, under development or inactive, including all object codes, source codes, modules, technical manuals, user manuals, operating instructions and procedures, in-put and out-put formats, program listings, narrative descriptions, program flow charts, file layouts, report layouts, screen layouts and other documentation therefor (including internal notes, memoranda, status evaluations, marketing information and write-ups), and all improvements, modifications, enhancements, new releases and revisions thereof, whether in machine-readable form, programming language or any other language or symbols, and whether stored, encoded, recorded or written on disk, tape, film, memory device, paper or other media of any nature; together with all tangible media upon which any of the foregoing are recorded or encoded, including, without limitation, all chips, disks, tapes, film and paper; including, without limitation, the copyrights, copyrights registrations and copyrights applications listed on **Exhibit "B"** attached hereto and made a part hereof, and (A) all renewals thereof, (B) all income, royalties, damages and payments now and hereafter due and/or payable with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, and (C) the right to sue for past, present and future infringements thereof (all of the foregoing items are sometimes referred to herein collectively as the "**Copyrights**"); and

(iii) to the extent granting a security interest is not prohibited by the terms of any patent, trademark or copyright license agreements ("**IP License Agreements**") or under applicable law, any such IP License Agreements with any other party, whether Assignor is a licensor or licensee under any such IP License Agreements, including, without limitation, the IP License Agreements listed on **Exhibit "C"** attached hereto and made a part hereof, and the right to prepare for sale, sell and advertise for sale all inventory now or hereafter owned by Assignor and now or hereafter covered by such IP License Agreements (all of the foregoing is hereinafter referred to collectively as the "**Licenses**").

(b) **Security Interest in Trademarks.** To secure the complete and timely payment and satisfaction of all Obligations, Assignor hereby grants to Lender a security interest in, as and by way of a first mortgage and security interest having priority over all other security interests, with power of sale, to the extent permitted by law, all of Assignor's right, title and interest in and to all of the following, whether now owned or existing and filed or hereafter acquired or arising and filed: servicemarks, trademarks, servicemark and trademark registrations, tradenames, servicemark and trademark applications, and all goodwill attendant thereto, including, without limitation, the servicemarks, trademarks and applications listed on **Exhibit "D"**, attached hereto and made a part hereof, and (A) all renewals thereof, (B) all income, royalties, damages and payments now and hereafter due and/or payable with respect thereto, including without limitation, damages and payments for past or future infringements thereof, (C) the right to sue for past, present and future infringements thereof, and (D) all rights corresponding thereto throughout the world (all of the foregoing servicemarks, trademarks, servicemark and trademark registrations, servicemark and tradenames and applications together with the items described in **clauses (A) through (D)**, are sometimes hereinafter individually and/or collectively referred to as the "**Trademarks**").

3. **Restrictions on Future Agreements.** Assignor agrees that until all Obligations shall have been satisfied in full and the Loan Agreement shall have been terminated, Assignor will not, without Lender's prior written consent, enter into any agreement (including, without limitation, any license or royalty agreement) which is inconsistent with Assignor's obligations under this Security Agreement or the Loan Agreement, and Assignor further agrees that it will not take any action, or permit any action to be taken by others, subject to its control, including licensees, or fail to take any action, which would affect the validity or enforcement of the rights of Lender under this Security Agreement.

4. **New Patents, Trademarks, and Licenses.** Assignor represents and warrants that the Patents, Copyrights, Licenses and Trademarks listed on **Exhibits "A", "B", "C" and "D"**, respectively, constitute all of the Patents, Copyrights, Licenses, and Trademarks now owned by Assignor. If, before all Obligations shall have been satisfied in full and the Loan Agreement shall have been terminated, Assignor shall (a) obtain rights to any new Patents, Copyrights, Licenses or Trademarks, or (b) become entitled to the benefit of any Patents, Copyrights, Licenses or Trademarks, the provisions of **Section 2** shall automatically apply thereto and Assignor shall give to Lender prompt written notice thereof. Assignor hereby authorizes Lender to modify this Security Agreement by amending **Exhibit "A", "B", "C" and/or "D"**, as applicable, to include any future Patents, Copyrights, Licenses or Trademarks, as applicable, under **Section 2** or under this **Section 4**. Assignor hereby agrees to provide to Lender such assignment or other documentation as Lender may reasonably request to record Lender's lien on such future Patents, Copyrights, Licenses or Trademarks. For purposes of this **Section 4**, the scope of the subject matter under the defined terms Patents, Copyrights and Trademarks is limited to pending United States applications and subsisting United States registrations.

5. **Royalties; Term.** Assignor hereby agrees that the use by Lender after the occurrence of an Event of Default of all Patents, Copyrights, Licenses and Trademarks as described herein shall be worldwide (unless otherwise limited by contract or applicable law) and without any liability for royalties or other related charges from Lender to Assignor. The term of the security interest granted herein shall extend until the earlier of (a) the expiration of each of the respective Patents, Copyrights, Licenses and Trademarks assigned hereunder, or (b) the date on which all Obligations has been paid in full and the Loan Agreement is terminated.

6. **Lender's Right to Inspect.** Lender shall have the right, at any time and from time to time, to inspect Assignor's premises and to examine Assignor's books, records and operations, including, without limitation, Assignor's quality control processes in accordance with the terms and conditions set forth in the Loan Agreement. Assignor agrees that Lender, or a conservator appointed by Lender, shall have the right to establish such additional product quality controls as Lender, or said conservator, in its reasonable judgment, may deem necessary to assure maintenance of the quality of products sold by Assignor under the Trademarks. Assignor agrees (a) not to sell or assign its interest in, or grant any license (except in the ordinary course of its business) under, the Patents, Copyrights, Licenses or Trademarks, without the prior written consent of Lender; (b) to maintain the quality of any and all products in connection with which the Trademarks and/or Copyrights are used, consistent with quality of said products as of the date hereof; (c) not to adversely change the quality of said products without Lender's express written consent; and (d) to provide Lender, upon its request, with a certificate of an officer of Assignor certifying Assignor's compliance with the foregoing.

7. **Termination.** This Security Agreement is made for collateral purposes only. Upon payment in full of all Obligations and termination of the Loan Agreement, Lender shall execute and deliver to Assignor a termination of Lender's security interest granted herein and all deeds, assignments and other instruments as may be necessary or proper to terminate Lender's security interest in the Patents, Copyrights, Licenses and Trademarks, subject to any disposition thereof which may have been made by Lender pursuant hereto.

8. **Intentionally omitted.**

9. **Event of Default.** Upon the occurrence and during the continuance of an Event of Default, Lender may, without further notice to or consent of Assignor, and in addition to all other rights and remedies available to Lender, immediately record any assignments previously executed and delivered to Lender by Assignor with all applicable offices (including, without limitation, the Patent and Trademark Office). Assignor hereby authorizes and agrees that Lender may, through the power of attorney granted in **Section 14** hereof, upon the occurrence and during the continuance of an Event of Default irrevocably execute and deliver in Assignor's name any and all such assignments and agreements and to take any and all other actions in Assignor's name as Lender shall deem reasonable or appropriate to transfer and convey all right, title and interest of Assignor in and to the Collateral to Lender or any other person or entity selected by Lender.

10. **Lender's Right to Sue.** Upon the occurrence and during the continuance of an Event of Default, Lender shall have the right, but shall in no way be obligated, to bring suit in its own name to enforce the Licenses, Patents, Copyrights and/or Trademarks, and any licenses thereunder, and, if Lender shall commence any such suit, Assignor shall, at the request of Lender, do any and all lawful acts and execute any and all proper documents required by Lender in aid of such enforcement and Assignor shall promptly, upon demand, reimburse and indemnify Lender for all costs and expenses incurred by Lender in the exercise of its rights under this **Section 10.**

11. **Waivers.** No course of dealing between Assignor and Lender, nor any failure to exercise, nor any delay in exercising, on the part of Lender or Assignor, any right, power or privilege hereunder or under the Loan Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

12. **Severability.** The provisions of this Security Agreement are severable, and if any clause or provision shall be invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Security Agreement in any jurisdiction.

13. **Modification.** This Security Agreement cannot be altered, amended or modified in any way, except as specifically provided in **Section 4** hereof or by a writing signed by the parties hereto.

14. **Cumulative Remedies; Power of Attorney; Effect on Loan Agreement.** All of Lender's rights and remedies with respect to the Patents, Trademarks, Copyrights and Licenses, whether established hereby or by the Loan Agreement, or by any other agreements or by law shall be cumulative and may be exercised singularly or concurrently. Assignor hereby authorizes Lender effective upon the occurrence and during the continuance of an Event of Default to make, constitute and appoint any officer or agent of Lender as Lender may select, in its sole discretion, as Assignor's true and lawful attorney-in-fact, with power to (a) endorse Assignor's name on all applications, documents, papers and instruments necessary or reasonably desirable for the Lender to protect, evidence or perfect its security interest in the Patents, Trademarks, Copyrights and Licenses, (b) endorse Assignor's name on all applications, documents, papers and instruments necessary or reasonably desirable for the Lender to enforce its security interest in the Patents, Trademarks, Copyrights and Licenses, (c) take any other actions with respect to the Patents, Trademarks, Copyrights and/or Licenses as the Lender reasonably deems in the best interest of the Lender, (d) grant or issue any exclusive or non-exclusive license under the Patents or Trademarks to anyone, including Lender, and/or (e) assign, pledge, convey or otherwise transfer title in or dispose of the Patents, Trademarks, Copyrights or Licenses to anyone, including Lender. Lender may also act under such power of attorney to take the actions referenced in **Section 4.** Lender hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney shall be irrevocable until all Obligations has been paid in full and the Loan Agreement has been terminated. Assignor acknowledges and agrees that this Security Agreement is not intended to limit or restrict in any way the rights and remedies of Lender under the Loan Agreement but rather is intended to facilitate the exercise of such rights and remedies given it by the terms of this Security Agreement, all rights and remedies allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any applicable jurisdiction.

15. **Binding Effect; Benefits.** This Security Agreement shall be binding upon Assignor and its successors and assigns, and shall inure to the benefit of Lender and its nominees, successors and assigns.

16. **Governing Law.** This Security Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania without regard to conflict of law principles.
