TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT (this “Agreement”), dated as of September 30, 2020, is made by STACK CONSTRUCTION TECHNOLOGIES, INC. (f/k/a To-Scale Software, LLC), a Delaware corporation (the “Grantor”), in favor of CIBC BANK USA, (the “Lender”).

RECITALS

WHEREAS, the Grantor has entered into a Loan and Security Agreement, dated as of September 6, 2018, (as amended, restated, supplemented or otherwise modified from time to time, the “Loan Agreement”), with Lender, pursuant to which the Lender has agreed to make a certain loan to the Grantor and pursuant to which the Grantor has granted to the Lender a security interest in substantially all the assets of the Grantor, including all right, title and interest of the Grantor in, to and under all now owned and hereafter acquired Trademark Collateral (as defined below), to secure the payment of all amounts owing by the Loan Parties under the Loan Agreement and the other Loan Documents (as defined in the Loan Agreement).

NOW, THEREFORE, in consideration of the mutual agreements set forth herein and in the Loan Agreement, the Grantor does hereby grant to the Lender a continuing security interest in all of the Grantor’s right, title and interest in, to and under the following, whether presently existing or hereafter created, acquired:

- (1) each trademark registration and trademark application for registration, including, without limitation, each trademark registration and trademark application for registration referred to in Schedule 1 annexed hereto (other than “intent-to-use” trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable law), together with any renewals or extensions thereof, and all goodwill associated therewith; and
- (2) all products and proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future infringement of any trademark or license thereof (items 1 and 2 being herein collectively referred to as the “Trademark Collateral”).

This security interest is granted in conjunction with the security interests granted to the Lender pursuant to the Loan Agreement and is subject to limitations set forth therein. Each of Grantor and the Lender hereby acknowledges and affirms that the rights and remedies of the Lender with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Loan Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. Capitalized terms used but not defined herein have the respective meanings ascribed thereto in the Loan Agreement.

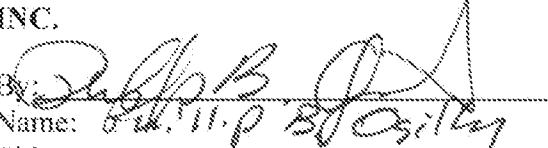

This Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Receipt of an executed signature page to this Agreement by facsimile or other electronic transmission shall constitute

effective delivery thereof. Electronic records of executed Loan Documents maintained by the Lender shall be deemed to be originals.
