TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT (this "Assignment") is made as of October 23, 2020 (the "Effective Date") by and between Fishman Dental Lab LLC, a California limited liability company ("Assignor"), and WestCoast Dental Labs, LLC, a Delaware limited liability company ("Assignee"). Each of Assignor and Assignee are referred to as a "Party" and together as the "Parties".

WHEREAS, Assignee adopted certain member resolutions, dated October 21, 2020, pursuant to which the transfer of any assets held by Assignor to its shareholder, Assignee, was authorized; and

WHEREAS, the Parties wishes to effectuate, memorialize and record the assignment of the Assigned Trademark Rights (defined below) from Assignor to Assignee.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Assignor does hereby sell, transfer, assign and deliver unto Assignee, and Assignee hereby assumes and accepts, all of Assignor's worldwide rights, title, and interest in and to (a) the trademark registration listed on Schedule A hereto; together with all registrations and applications for the foregoing; and all common law rights in the foregoing; (b) all issuances, extensions and renewals of the foregoing; (c) all rights to create new trademarks that incorporate the foregoing; (d) all rights to request, apply for, file and register the foregoing; (e) all the goodwill of the business connected with the use of and symbolized by the foregoing; (f) all defenses relating to or arising from any of the foregoing, and all rights of action arising from the foregoing, including without limitation all claims for damages by reason of present, past and future infringement, dilution or violation of the foregoing and all present, past and future rights to sue and collect damages or seek injunctive relief for any such infringement, dilution or violation of the foregoing; and (g) all income, royalties and any other payments now and hereafter due and/or payable to Assignor in respect of the foregoing (collectively (a) through (g), the "Assigned Trademark Rights") to be held and enjoyed by Assignee for its own use and benefit and for its successors and assigns as the same would have been held as fully and entirely by Assignor had this assignment not been made.

2. Assignor hereby authorizes and requests the competent authorities including without limitation an official of the United States Patent and Trademark Office, an official of any non-U.S. governmental trademark office and an official of any intergovernmental organization, whose duty is to issue trademark registrations or other evidence or forms of intellectual property and/or industrial property protection on applications as aforesaid, to issue the same to the Assignee, its successors, and assigns, in accordance with the terms of this Assignment.

3. Assignor shall promptly execute and deliver such documents, and do and perform such acts and things as Assignee, its legal representatives, its successors, and/or assigns may reasonably request to give effect to, document and record, perfect and enforce the assignment herein recited, including without limitation prompt production of pertinent facts and documents in its possession or under its control, giving of testimony, execution of papers, and other assistance all to the extent reasonably necessary or desirable for: (a) perfecting all right, title and

interest herein conveyed; (b) prosecuting any applications herein conveyed; and (c) legal proceedings involving any trademark and any applications therefor, including without limitation opposition proceedings, infringement actions and court actions; provided, however, that the expense incurred by Assignor in providing such cooperation shall be paid for by Assignee.

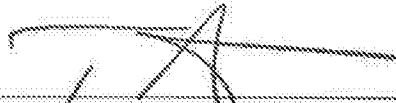

4. This Assignment shall be binding upon and inure to the benefit of the Parties and their respective successors and assigns. This Assignment and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising out of or relating to this Assignment shall be governed by and construed in accordance with the internal laws of the State of New York applicable to agreements made and to be performed entirely within the State of New York, without regard to the conflicts of laws principles thereof. This Assignment may be executed in the original or by facsimile in any number of counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.
