COLLATERAL ASSIGNMENT AND SUPPLEMENTAL SECURITY AGREEMENT
(COPYRIGHTS, TRADEMARKS AND TRADEMARK LICENSES)

WHEREAS, S. Martinelli & Company, a California corporation (hereinafter referred to as "Grantor"), by Security Agreement dated October 20, 2020 ("Security Agreement"), as the same may from time to time be supplemented, modified or amended, has granted to American AgCredit, FLCA ("Lender"), a lien on and security interest in Grantor's personal property assets, including but not limited to Copyrights, Trademarks and Trademark Licenses, as those terms are defined hereinbelow, and the assets related thereto ("Related Assets"), in order to secure, among other things, the prompt and complete payment of all amounts owing under various loan agreements, promissory notes, and other documents from Grantor and others to Lender; and,

WHEREAS, Grantor owns the copyrights and trademarks and has rights under the trademark licenses listed on Exhibit A attached hereto and may hereafter own various copyrights, trademarks, file various trademark and copyright applications or be a party to, or an assignee of a party to, various trademark licenses,

NOW THEREFORE, in consideration of the premises and the covenants hereinafter contained, and to induce Lender to lend money to Grantor and others, grantor agrees as follows:

1. Definitions. The terms "Assignment", "Copyrights", "Obligations", "Trademarks" and "Trademark Licenses" shall have the following meanings:

"Assignment" shall mean this Collateral Assignment and Supplemental Security Agreement.

"Copyrights" means one or more of the following now or hereafter acquired by Debtor: (a) all copyrights, rights and interests in copyrights, works protectable by copyright, copyright registrations, and copyright applications; (b) all extensions of any of the foregoing; (c) all income, royalties, damages, and payments now or hereafter due and/or payable under any of the foregoing, including, without limitation, damages or payments for past or future infringements for any of the foregoing; (d) the right to sue for past, present, and future infringements of any of the foregoing; and (e) all rights corresponding to any of the foregoing throughout the world.

"Obligations" shall mean all of Grantor's duties and obligations under this Assignment, the promissory notes and other loan documents executed by Grantor in favor of Lender.

"Trademark Licenses" means rights under any written agreement now owned or hereafter acquired by Grantor granting any right to use any Trademark or Trademark registration.

"Trademark(s)" shall mean any one or all of the following now owned or hereafter acquired by Grantor: (i) all trademarks, trade names, corporate names, business names, trade styles, service marks, logos, other source or business identifiers, prints and labels on which any of the foregoing have appeared or appear, designs and general intangibles of like nature, whether or not registered or recorded, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all applications in connection therewith, including registrations, recordings and applications in the United States Patent and Trademark Office or in any similar office or agency of the United

States, any State or territory thereof, or any other country or any political subdivision thereof, and (ii) all reissues, extensions or renewals thereof.

2. Grant of Security Interest and Assignment. To secure the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of all debts that now are or may in the future become owing from Grantor, Grantor does hereby assign, convey, mortgage, pledge and grant to Lender a lien on and security interest in all of Grantor's right, title and interest, whether presently existing or hereafter arising or acquired, in, to and under the following Copyrights, Trademarks and Trademark Licenses (all of which being hereinafter collectively called the "IP Collateral"):

a. all of Grantor's Copyrights, Trademarks and Trademark Licenses, whether registered or unregistered, trade names, corporate names, business names, trade styles, service marks, logos, and other source or business identifiers, and all applications therefore and reissues, extensions or renewals thereof (collectively, the "Trademarks"), including each Trademark listed in Exhibit A;

b. the goodwill associated with: (i) each Trademark and Trademark application, including each Trademark listed in Exhibit A; (i) each Trademark licensed under any Trademark license, including each Trademark License listed in Exhibit A; and

c. the goodwill associated with: (i) each Copyright and Copyright application; (i) each Copyright licensed under any Copyright license; and

d. all proceeds of the foregoing, including without limitation, any royalties from licenses and any claim of Grantor against third parties for any: (i) A present or future infringement or dilution of any Copyright or Trademark, including any Copyright or Trademark listed in Exhibit A, and of any Trademark License, including each Trademark License listed in Exhibit A; and (ii) injury to the goodwill association with any Copyright or Trademark registration or Trademark licensed under any Copyright or Trademark License.

3. Representations and Warranties. Grantor represents and warrants to Lender that as of the date of this Assignment:

a. Grantor does not own any Copyright other than the Copyrights listed in Exhibit B; and

b. Grantor does not own any Trademark other than the Trademarks listed in Exhibit A; and

c. Grantor is not a party to, or an assignee of a party to any Trademark License other than the Trademark Licenses listed in Exhibit A.

d. The Copyrights and Trademarks are subsisting and have not been adjudged invalid or unenforceable.

e. To Grantors knowledge, no claim has been made that the use of any of the Copyrights or Trademarks does or may violate the rights of any person or entity.

f. Grantor is the sole and exclusive owner of the unencumbered and entire right, title and interest in each of the Copyrights and Trademarks, free and clear of any liens, charges, and encumbrances, including without limitation, pledges, assignments, licenses (other than the Trademark Licenses and oral license of the name "Martinelli's" to a local winery), registered user agreements, and covenants by Grantor not to sue third persons,

g. Grantor has the unqualified right to enter into this Assignment and perform its terms,

h. Grantor intends to use proper statutory notice in connection with its use of the Copyrights and Trademarks; and,

i. Grantor has used, and will continue to use, consistent standards of quality in its manufacture of products sold under the Copyrights or Trademarks.

4. Covenants of Grantor. Grantor covenants and agrees as follows:

a. Grantor will notify Lender on a quarterly basis if Grantor acquired in the prior quarter any Copyright or Trademark not included in Exhibit A or Exhibit B or becomes a licensee under any Trademark License not included in Exhibit A. If Lender so requests, Grantor will deliver to Lender an Amendment to Exhibit A or Exhibit B, as applicable, describing such Copyright, Trademark or Trademark License. If such Copyright, Trademark or the subject of such Trademark License is registered or the subject of any application filed with the United States Patent and Trademark Office or with any similar office or agency of the United States, any State or Territory thereof, or any foreign country or political subdivision thereof, and if Lender so requests, Grantor will file this Assignment, together with such Amendment to Exhibit A or Exhibit B, as applicable, with any and all such offices.

b. Upon the written request of Lender, and at the sole expense of Grantor, Grantor shall promptly and duly execute and deliver any and all additional documents, including UCC-1 Financing Statements, and take such further action as Lender may reasonable deem desirable to obtain the full benefit of this Assignment.

c. Grantor will take all steps necessary to maintain trademarks and the rights thereto.

d. Grantor will not sell, assign or otherwise transfer any IP Collateral without the prior written consent of the Lender, not to be unreasonably withheld, conditioned or delayed. Grantor shall provide Lender with the name, telephone number and address of the party or parties to whom such transfer, sale or other transfer shall be made. During the continuance of an Event of Default, Lender may, at its sole option, provide such party or parties with a notice of its security interest and may require that all proceeds from such sale, assignment or other transfer be remitted to it. Notwithstanding the foregoing, Grantor may grant temporary (not to exceed a term of five years each) licenses using IP Collateral, without prior Lender consent, provided that (i) Grantor notifies Lender of each such co-branding license arrangement entered into after the date hereof and provides a copy of the documentation associated therewith to Lender within thirty (30) days after consummation thereof and (ii) the granting of such license, together with all other licenses,

does not result in Grantor no longer primarily being in the business of producing apple juice and other fruit related beverages.

e. Grantor shall promptly notify Lender, in writing, of any suit, action or proceeding brought against it alleging the IP Collateral infringes or interferes with another trademark, and shall, upon request by Lender, deliver to Lender a copy of all pleadings, papers, orders, or decrees thereto fore or thereafter filed in any such suit, action or proceeding, and shall keep Lender fully advised and informed in writing, of the progress of any such suit, action or proceeding.

f. In the event that any of the IP Collateral is infringed upon or misappropriated or diluted by a third party, Grantor shall promptly notify Lender in writing of such infringement after Grantor learns thereof, and the full nature, extent, evidence and facts of such infringement known to Grantor, and shall, unless Grantor shall reasonably determine that such IP Collateral is not material to the conduct of grantor's business, promptly sue for infringement, misappropriation or dilution, and to recover all damages for such infringement, misappropriation or dilution, and shall take such other actions as Grantor shall reasonably deem appropriate under the circumstances to protect such IP Collateral.

g. Grantor authorizes Lender to modify this Assignment by amending Exhibit A or Exhibit B, as applicable, to include any future trademarks and trademark applications and copyrights and copyright applications, and shall cooperate in all requests of Lender for the assignment to Lender of such future trademarks and copyrights.

h. Grantor shall, through counsel acceptable to Lender, prosecute diligently any trademark or copyright applications pending as of the date of this Assignment or thereafter until the obligations to Lender have been paid in full, and shall preserve and maintain all rights in the copyrights and trademarks, including without limitation the payment of all maintenance fees. Any expense incurred in connection with the application shall be borne by Grantor. Grantor shall not abandon any right to file a copyright or trademark application, or any pending trademark application or trademark or copyright application or trademark without the prior written consent of Lender unless Grantor determines that the pursuit of maintenance of such application or trademark or copyright is no longer desirable to the conduct of Grantor's business and that the abandonment of such application or trademark shall not have a material adverse effect. Grantor shall protect and preserve the value and integrity of the trademarks and copyrights and, to that end, shall maintain the quality of any and all of the products and services bearing the trademarks or servicemarks included in such trademarks at least consistent with the quality of such products and services and Grantor's use of such marks as of the date of this Assignment.

5. Incorporation of Security Agreement. Grantor hereby acknowledges and affirms that the rights and remedies of Lender with respect to the lien on and security interest in the IP Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by this reference as if fully set forth herein. This Assignment is supplemental to and does not supersede or rescind the Security Agreement.

6. Power of Attorney. In connection with this Assignment, under a separate instrument, Grantor has appointed Lender as its attorney-in-fact for the purpose of taking whatever

steps are deemed desirable by Lender to obtain the full benefit of this Assignment. The grant of this power of attorney shall not be deemed a delegation of any of Grantor's duties or covenants hereunder. The exercise of the Power of Attorney by the Lender shall be at the Lender's sole option and convenience.

7. Grant of License to Use IP Collateral. For the purpose of enabling Lender to exercise rights and remedies under the Security Agreement (including without limitation, in order to take possession of, hold, preserve, process, assemble, prepare for sale, market for sale, sell or otherwise dispose of the IP Collateral) at such time as Lender shall be lawfully entitled to exercise such rights and remedies, Grantor hereby grants to Lender for the benefit of such Lender an irrevocable, non-exclusive license (exercisable without payment of royalty or other compensation to Grantor) to use, transfer, license or sublicense any trademark, trade secret, patent or copyright now owned or hereafter acquired by grantor, and wherever the same may be located, and including in such license reasonable access to all media in which the any of the licensed items may be recorded or stored and to all computer and automatic machinery software and programs used for the compilation or printout thereof, which license shall include, without limitation, the right to sell bottled and bulk wine, and to bottle and sell bulk wine in each case with labels affixed and trademarks displayed thereon, and the right to print labels for use in bottling and selling bulk wine.

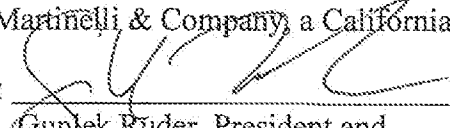

8. Reinstatement. This Assignment shall remain in full force and effect and continue to be effective should any petition be filed by or against Grantor for liquidation or reorganization, should grantor become insolvent or make an assignment for the benefit of creditors or should a receiver or trustee be appointed for all or any significant part of grantor's assets, and shall continue to be effective or be reinstated, as the case may be, if at any time payment and performance of Grantor's Obligations, or any part thereof, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by the Grantor, whether as a "voidable preference", "fraudulent conveyance" or otherwise, all as though such payment or performance had not been made. In the event that any payment, or any part thereof, is rescinded, reduced, restored or returned, the Obligations shall be reinstated and deemed reduced only by such amount paid and not so rescinded, reduced, restored or returned.

9. Assignment. The assignment granted pursuant to this Assignment is irrevocable and shall not terminate unless and until (i) the Obligations have been fully satisfied and (ii) no person who shall have made payment on the obligations, directly or indirectly, shall commence or have commenced against it as debtor any bankruptcy or insolvency proceeding for a periods of 140 days following such payment, or, if longer, any preference period under any applicable state insolvency law plus ten days.

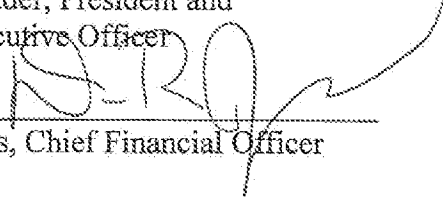

10. Severability. The provisions of this Assignment are severable, and if any clause or provision shall be held invalid or unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Assignment in any jurisdiction.
