TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT, dated as of August 31, 2012 (this "Agreement"), is made by UNCLE MILTON INDUSTRIES, INC., a California corporation (the "Grantor"), in favor of EAST WEST BANK, as the Lender (together with its successor(s) thereto in such capacity, the "Lender").

WITNESSETH:

WHEREAS, pursuant to a Credit Agreement, dated as of August 31, 2012 (as amended, restated, extended, supplemented or otherwise modified from time to time, the "Credit Agreement"), between the Grantor and the Lender, the Lender has agreed to extend credit to the Grantor;

WHEREAS, in connection with the Credit Agreement, the Grantor has executed and delivered a Pledge and Security Agreement, dated as of August 31, 2012 (as amended, restated, extended, supplemented or otherwise modified from time to time, the "Security Agreement");

WHEREAS, pursuant to the Credit Agreement and pursuant to the Security Agreement, the Grantor is required to execute and deliver this Agreement and to grant to the Lender a continuing security interest in all of the Trademark Collateral (as defined below) to secure all Obligations; and

WHEREAS, the Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees, for the benefit of the Lender, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided in the Security Agreement.

SECTION 2. Grant of Security Interest. The Grantor hereby grants to the Lender a continuing security interest in all of the Grantor's right, title and interest throughout the world, whether now or hereafter existing or acquired by the Grantor, in and to the following (the "Trademark Collateral"):

(a) (i) all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, certification marks, collective marks, logos and other source or business identifiers, and all goodwill of the business associated therewith, now existing or hereafter adopted or acquired, whether currently in use or not, all registrations and recordings thereof and all applications in connection therewith, whether pending or in preparation for filing, including registrations, recordings and applications in the United States Patent and Trademark Office and corresponding offices in other countries of the world or otherwise, and all common-Law rights relating to the foregoing, and (ii) the right to obtain all reissues, extensions or renewals of the foregoing (collectively referred to as "Trademarks"), including those Trademarks referred to in Item A of Schedule I;

(b) all Trademark licenses and other agreements for the grant by or to such Grantor of any right to use any Trademark (each a "Trademark License"), including each Trademark License referred to in Item B of Schedule I, to the extent permitted by such Trademark License;

(c) all of the goodwill of the business connected with the use of, and symbolized by the Trademarks described in clause (a) and, to the extent applicable, clause (b);

(d) the right to sue third parties for past, present and future infringements or dilution of the Trademarks described in clause (a) and, to the extent applicable, clause (b) or for any injury to the

goodwill associated with the use of any such Trademark or for breach or enforcement of any Trademark License; and

(e) all proceeds of, and rights associated with, the foregoing (including Proceeds, licenses, royalties, income, payments, claims, damages and proceeds of infringement suits).

Notwithstanding the foregoing, Trademark Collateral shall not include those items set forth in clauses (i) through (iii) of Section 2.1 of the Security Agreement.

SECTION 3. Security Agreement. This Agreement has been executed and delivered by the Grantor for the purpose of registering the security interest of the Lender in the Trademark Collateral with the United States Patent and Trademark Office and corresponding offices in other countries of the world. The security interest granted hereby has been granted as a supplement to, and not in limitation of, the security interest granted to the Lender under the Security Agreement.

The Security Agreement (and all rights and remedies of the Administrative Lender thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Waiver, etc. The Grantor hereby waives promptness, diligence, notice of acceptance and any other notice with respect to any of the Obligations, this Agreement and the Security Agreement and any requirement that the Lender protect, secure, perfect or insure any Lien, or any property subject thereto, or exhaust any right or take any action against any Grantor or any other Person (including any other Grantor) or entity or any Collateral securing the Obligations, as the case may be. As provided below, this Agreement shall be governed by, and construed in accordance with, the Laws of the State of New York.

SECTION 5. Release of Liens; Termination of Agreement. Upon (a) the Disposition of Trademark Collateral in accordance with the Credit Agreement or (b) the occurrence of the Termination Date, the security interests granted herein shall automatically terminate with respect to (i) such Trademark Collateral (in the case of clause (a)) or (ii) all Trademark Collateral (in the case of clause (b)), without delivery of any instrument or performance of any act by any party. Upon the occurrence of the Termination Date, this Agreement and all obligations of each Grantor hereunder shall automatically terminate without delivery of any instrument or performance of any act by any party. A Grantor shall automatically be released from its obligations hereunder upon the consummation of any transaction permitted by the Credit Agreement as a result of which such Grantor ceases to be a Subsidiary of the Borrower and any of its Subsidiaries. Upon any such Disposition, other permitted transaction or termination, the Lender will, at the Grantors' sole expense, deliver to the Grantors, without any representations, warranties or recourse of any kind whatsoever, all Trademark Collateral held by the Lender hereunder, and execute and deliver to the Grantors such documents as the Grantors shall reasonably request to evidence such termination.

SECTION 6. Acknowledgment. The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Lender with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein.

SECTION 7. Loan Document. This Agreement is a Loan Document executed pursuant to the Credit Agreement.

SECTION 8. Governing Law, Entire Agreement, etc. THIS SECURITY AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF CALIFORNIA.

SECTION 9. Counterparts. This Agreement may be executed by the parties hereto in several counterparts, each of which shall be deemed to be an original and all of which shall constitute together but one and the same agreement. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or via other electronic means shall be effective as delivery of a manually executed counterpart of this Agreement.

IN WITNESS WHEREOF, each of the parties hereto has caused this Agreement to be duly executed and delivered by Responsible Officer as of the date first written above.

2. Assignment of Patent Rights. Transferor hereby conveys, assigns, transfers and sets over unto Transferee all of Transferor's right, title and interest in and to (a) the Patent Rights; (b) all accrued causes of action and all rights but not the obligation to sue and recover damages, for future and past infringements of the Patent Rights; and (c) all counterparts to the Patent Rights that have been or may be filed outside the United States or under the Patent Cooperation Treaty, whether pursued as a patent, an inventor's certificate, a utility model or the like, including all rights of priority based on the Patent Rights, further including all continuation, continuation-in-part and divisional applications based in whole or in part on the non-U.S. counterparts, and still further including all patents, inventor's certificates, utility models, reissues and extensions resulting from any of the non-U.S. counterparts.
