**INTELLECTUAL PROPERTY ASSIGNMENT AND ASSUMPTION AGREEMENT**

This INTELLECTUAL PROPERTY ASSIGNMENT AND ASSUMPTION AGREEMENT, dated as of August 31, 2020 (this "Agreement"), is by and between CG Technology, L.P., a Nevada limited partnership (the "Assignor") and WH NV III, LLC, a Delaware limited liability company (the "Assignee").

**RECITALS**

WHEREAS, the Assignor, American Wagering, Inc., a Nevada corporation ("Purchaser"), and the other party thereto, have entered into a Purchase Agreement, dated as of November 18, 2019 (as it may be amended from time to time, the "Purchase Agreement"), pursuant to which, on the terms and subject to the conditions set forth in the Purchase Agreement, the Assignor agreed to sell, transfer and convey to Purchaser, and Purchaser agreed to purchase and acquire from the Assignor, the Acquired Assets, including via transfer of the Acquired Assets and Assumed Liabilities to the Assignee and the subsequent acquisition by Purchaser of the equity of Assignee as contemplated by Section 2.3 thereof;

WHEREAS, the Acquired Assets include the trademarks, service marks and logos listed in Schedule A attached hereto (hereinafter, the "Trademarks");

WHEREAS, the Assignor owns the Trademarks and desires to sell, assign, transfer and convey to the Assignee all right, title and interest in and to the Trademarks, in each case, as specifically provided for herein;

WHEREAS, the Assignee desires to acquire the Trademarks, as specifically provided for herein; and

WHEREAS, the execution and delivery of this Agreement is a condition to the obligations of the parties to consummate the transactions contemplated by the Purchase Agreement.

NOW, THEREFORE, in consideration of the premises and the mutual agreements and covenants set forth herein, the Assignor and the Assignee hereby agree as follows:

**ARTICLE I**

**DEFINITIONS**

Section 1.1 Certain Defined Terms. All capitalized terms used but not defined in this Agreement shall have the meaning ascribed to such term in the Purchase Agreement.

**ARTICLE II**

**ASSIGNMENT AND ASSUMPTION**

Section 2.1 Assignment. The Assignor hereby irrevocably sells, assigns, transfers and conveys to the Assignee, its successors and assigns, to have and hold forever, free and clear of all Liens (other than Permitted Liens), all of the Assignor's right, title and interest in and to the Trademarks, as of the Closing and immediately prior to the transfer of the Acquired

Subsidiary Equity by the Assignor to Purchaser, together with the goodwill of the business symbolized by the Trademarks and the identified applications and/or registrations therefor, and with all claims arising out of or relating to the use or ownership of the Trademarks, and further including, as applicable, renewal rights therein, the right to obtain registrations of such Trademarks throughout the world, and the right to sue and recover any and all damages and profits, or to seek injunctive relief, and any and all other remedies, for past, present or future infringements or violations thereof, all in the Assignee's sole name.

Section 2.2 Assumption. As consideration for such assignment, the Assignee hereby assumes, becomes responsible for and agrees to pay, perform and discharge as they become due any and all of the Assigned Liabilities arising under or resulting from any of the Trademarks only to the extent it is an Assumed Liability.

Section 2.3 Bill of Sale. To the extent required and permitted by applicable Law, this Agreement shall also constitute a "deed," "bill of sale" or "assignment" of the Acquired Intellectual Property referenced herein.

### ARTICLE III MISCELLANEOUS

Section 3.1 Subject to Purchase Agreement. The parties acknowledge and agree that the representations, warranties, covenants, agreements and indemnities contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern, supersede and prevail.

Section 3.2 Further Assurances. After the date hereof, each of the Assignor and the Assignee shall use its commercially reasonable efforts from time to time to, at Assignee's cost and expense, execute and deliver, or cause to be executed and delivered, at the reasonable request of the other party such additional documents and instruments (including any assignments, bills of sale, assumption agreements, consents and other similar instruments in addition to those required by this Agreement or as set forth on Schedule A hereto) as may be reasonably required to give effect to this Agreement.
