ASSIGNMENT AND ASSUMPTION AGREEMENT

THIS AGREEMENT is made this 3rd day of March 2020 by and between Icebreaker Limited ("Assignor"), a New Zealand corporation, and Icebreaker Apparel, LLC ("Assignee"), a Delaware limited liability company.

RECITALS:

WHEREAS, Assignor is the sole member of the Assignee;

WHEREAS, as part of a reorganization of the Assignor and its affiliates, Assignor has approved a contribution to Assignee of all right, title, and interest in the Assignor's intellectual property (including any trademarks, copyrights, trade secrets, and patents and the applications for registration thereof) and any licensing agreements, distributor agreements, and other agreements relating to such intellectual property all as described more completely below (the "Intellectual Property"); and

WHEREAS, Assignee desires to accept the contribution and receive all right, title, and interest in and to the Intellectual Property.

NOW, THEREFORE, in consideration of the contribution and the mutual covenants contained herein, the sufficiency and receipt of which are hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

WITNESSETH:

1. *Assignment.*

- a. Assignor hereby assigns, transfers, and conveys to Assignee all of Assignor's right, title, and interest in and to the Intellectual Property (the "Assignment"), including any trademarks, copyrights, trade secrets, and patents and the applications for registration thereof shown on the attached Schedule 1 and any unregistered and/or common law trademarks (collectively, the "Marks") and the goodwill of the business symbolized by the Marks. Assignor also assigns to Assignee all of Assignor's rights and interests in any agreements concerning the Marks, including but not limited to those agreements listed on the attached Schedule 2 (collectively, the "Agreements").
- b. Regarding the rights and obligations of Assignee under the Agreements, Assignor will receive all amounts payable to Assignee thereunder and shall act as a mere service provider of Assignee regarding all rights and obligations of Assignee thereunder until the assignment of the Agreements will have been perfected. Assignor shall not have the right to take any decision regarding the Agreements for or on behalf of Assignee, nor conclude any agreements for or on behalf of Assignee. Assignor shall not act as the legal representative of Assignee and agrees to follow any instructions or guidelines given by Assignee regarding the Agreements.

2. *Acceptance.* Assignee hereby accepts the foregoing assignment and expressly assumes any and all liabilities, debts, and obligations associated with the Intellectual Property. Risk and benefit

associated with the Intellectual Property shall pass to the Assignee upon the Effective Date (as defined below).

3. *Effective Date and Time.* The Assignment shall be effective on March 31, 2020 at 11.55 a.m. (CET) (the "Effective Date").

4. *Contribution; Value of the Intellectual Property.* The Assignment is made by the Assignor and accepted by the Assignee as a capital contribution of additional paid-in capital by Assignor to Assignee. The Parties agree that the Assignment is made at the value corresponding to the fair market value (the "Assignment Value") of the Intellectual Property.

5. *Representations and Warranties.*

- a. Assignor warrants to Assignee that Assignor has as of the Effective Date good and marketable title to the Intellectual Property, free and clear of any liens, charges, pledges, security interests or other encumbrances, and that Assignor is free to transfer good and marketable title to the Intellectual Property to Assignee.
- b. Assignee acknowledges and agrees that, except as expressly set forth in this Agreement, (a) Assignor is not making any representations or warranties, express or implied, with respect to the Intellectual Property, and (b) such Intellectual Property is hereby contributed on an "as is, where is" basis.

6. *Further Assurances.* The parties hereto shall cooperate fully with each other in any action required to be taken to fulfill their respective obligations hereunder, including, without limitation, the execution and delivery of any and all other instruments and papers and the taking of any and all additional actions that either party reasonably requests from time to time to effectuate the purposes and intent of this transaction and otherwise to consolidate, vest and record in Assignee, with the appropriate authorities, full and complete ownership of the Intellectual Property.

7. *Entire Agreement.* This Agreement constitutes the entire agreement between the Parties and is the complete and exclusive statement of the Parties' agreement on the matters contained herein. Notwithstanding the foregoing, the Parties contemplate that they may desire to enter into or execute transfer instruments of various kinds consistent with, but in some cases duplicative of, this Agreement in order to affect the transfer of the Intellectual Property and/or to facilitate the registration of such transfer with governmental authorities.

8. *Severability.* If any provision of this Agreement is determined by any competent court, arbitral tribunal or governmental or administrative authority having jurisdiction to be invalid, illegal or unenforceable, the remaining provisions of this Agreement remain in full force. In such a case, the Parties shall use all reasonable endeavors to replace the invalid or unenforceable provision(s) by a valid, legal and enforceable substitute provision the effect of which is as close as possible to the intended effect of the invalid, illegal or unenforceable provision.

9. *Amendments.* This Agreement may not be amended, supplemented or otherwise modified except by a written document executed by or on behalf of each of the Parties.

10. *Successors and Assigns.* This Agreement shall be binding upon, inure to the benefit of and be enforceable by the parties hereto and their respective successors and permitted assigns, and nothing in this Agreement, express or implied, is intended to or shall confer upon any other person

any rights, interests, benefits or remedies of any nature whatsoever under or by reason of this Agreement.

11. *Counterparts.* This Agreement may be executed in one or more counterparts, and each such counterpart hereof shall be deemed to be an original instrument, but all such counterparts together shall constitute but one agreement.

12. *Descriptive Headings.* The descriptive headings contained herein are inserted for convenience of reference only and are not intended to be part of or to affect the meaning or interpretation of this Agreement.

13. *Governing Law.* This Agreement shall be governed by, and construed in accordance with, the laws of the state of Delaware, USA.
