WHEREAS, Seller Parties represent that they own all rights, title and interest in, to, and under the trademarks and trademark applications listed in Exhibit A (the “**Trademarks**”), together with the goodwill of the business symbolized by the Trademarks;

WHEREAS, Seller Parties represent that they own all rights, title, and interest in, to, and under the domain names, social media accounts, and various other accounts listed in Exhibit B (collectively, the “**Domain Names and Internet Accounts**”), and together with the Trademarks, the “**Assigned Properties**”), including but not limited to the right to recover damages for past, present or future infringement of the Assigned Properties;

WHEREAS, pursuant to the Purchase Agreement, Seller Parties have agreed to assign to Buyer all rights, title and interest in, to, and under the Assigned Properties; and

WHEREAS, as a condition to the closing of the transactions contemplated by the Purchase Agreement, Seller Parties and Buyer have agreed to enter into this Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and pursuant to the terms and conditions contained herein and in the Purchase Agreement, Seller Parties and Buyer hereby agree as follows:

1. Assignment. Seller Parties hereby irrevocably sell, assign, convey, transfer and deliver unto Buyer, and Buyer hereby accepts from Seller Parties, Seller Parties’ entire right, title and interest in, to and under the Assigned Properties, including, without limitation, all statutory and common law rights therein, together with the goodwill of the business symbolized by and associated with the Assigned Properties, all rights in and to all income, royalties, damages and payments now or hereafter due or payable with respect thereto, all causes of action (whether in law or in equity) with respect thereto, and the right and standing to sue for, counterclaim and recover damages for any past, present or future infringement of the Assigned Properties, to have and to hold the same, for the full duration of all such rights, and any renewals and extensions thereof, as fully and entirely as the same would have been held by Seller Parties had this Assignment not been made. For avoidance of doubt, this assignment includes all common law

rights to the Trademarks and all registration rights conferred by the United States Trademark Office or other foreign governmental agencies, including national trademark offices.

2. Further Action. On or before the Closing Date, Seller Parties shall commence taking such action as required or necessary to effect the transfer of the Domain Names and Internet Accounts to Buyer including, without limitation, releasing any “lock” placed on the Domain Names and Internet Accounts, obtaining the authorization code and providing that code to Buyer, confirming the requested transfer upon receipt of a request to do so from the registrar(s) used by Buyer for the Domain Names and Internet Accounts, executing and delivering all authorizations necessary to effectuate electronic transfer of the Domain Names and Internet Accounts, providing Buyer with all information, including login and password, to access and take full ownership and control of the Domain Names and Internet Accounts, and executing and delivering all further documents and instruments.

3. Further Assurances; Appointment. From time to time, at the reasonable request of Buyer, Seller Parties shall execute and deliver, or cause to be executed and delivered, such documents and instruments and shall take, or cause to be taken, such further or other actions as may be reasonably necessary to carry out the purposes set forth in this Assignment. Additionally, each Seller Party hereby appoints Buyer as such Seller Party’s true and lawful attorney in fact for the sole purpose of this Assignment, with full power of substitution in such Seller Party’s name and stead, to take any and all reasonable steps, including proceedings at law, in equity or otherwise, to execute, acknowledge and deliver any and all instruments and assurances necessary or expedient in order to vest or perfect the aforesaid rights and causes of action more effectively in Buyer or to protect the same or to enforce any claim or right of any kind with respect thereto. This includes, but is not limited to, any rights with respect to the Assigned Properties that may have accrued in Seller Parties’ favor from the respective date of first creation of any of the Assigned Properties to the date of this Assignment. The foregoing power is coupled with an interest and as such is irrevocable.

4. No Waiver or Modification; Subject to Purchase Agreement. Nothing contained in this Assignment will be construed as a waiver of or limitation upon any of the rights or remedies of Buyer as set forth in, or arising in connection with, the Purchase Agreement, or any instrument or document delivered by Seller Parties pursuant to the Purchase Agreement. This Assignment is not intended to create any broader obligations of Seller Parties or Buyer than those contemplated in the Purchase Agreement, and in the event of any ambiguity or conflict between the terms hereof and the Purchase Agreement, the terms of the Purchase Agreement will govern and control. Neither this Assignment nor any term hereof may be changed, waived, discharged or terminated other than by the terms of a written instrument signed by Seller Parties and Buyer.

5. Headings. The headings contained in this Assignment are included for purposes of convenience only and do not affect the meaning or interpretation of this Assignment.
