WHEREAS, the Grantor owns the Trademark listed on Exhibit A, which has been registered with the United States Patent and Trademark Office; and

WHEREAS, pursuant to the Security Agreement, the Grantor pledged, assigned and granted to the Grantee a security interest in all of its right, title and interest in, to, and under its Intellectual Property, including its Trademarks, and agreed to execute and deliver this Agreement for purposes of filing in the United States Patent and Trademark Office.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, it is hereby agreed that:

1) Definitions. All capitalized terms used and not otherwise defined herein shall have the respective meaning given to them in the Indenture, or if not defined therein, in the Security Agreement.

2) The Security Interest.

(a) This Agreement is made to secure the satisfactory performance and payment of the Notes Obligations. Upon termination of the Security Agreement pursuant to its express terms, this Agreement shall automatically terminate and all rights the Grantee may have in, to or under the Trademarks shall automatically revert in full to the Grantor. Upon such termination, the Grantee, at the cost of the Grantor, shall promptly, execute, acknowledge, and deliver to the Grantor all reasonably requested instruments in writing and do such other acts as may be reasonably necessary to effect the release of (and evidence and record the release of) the Lien and security interest in the Trademarks acquired under the Security Agreement and this Agreement.

(b) The Grantor hereby pledges, assigns and grants to the Grantee, on behalf of and for the ratable benefit of the Secured Parties, a security interest in all of the Grantor’s right,

title and interest, to and under the Trademark listed on Exhibit A, and, to the extent applicable, all foreign counterparts to, and all divisionals, reversions, continuations, continuations-in-part, reissues, reexaminations, renewals and extensions of the foregoing, and all income, royalties, and proceeds at any time due or payable or asserted under or with respect to any of the foregoing or otherwise with respect to such Trademark throughout the world, including all rights to sue or recover at law or in equity for any past, present or future infringement, misappropriation, dilution, violation or other impairment thereof, and, in each case, all other rights accruing thereunder or pertaining thereto throughout the world (including all rights of priority and all rights to obtain any of the foregoing rights throughout the world).

(c) Notwithstanding anything to the contrary contained above, the security interest created by this Agreement shall not extend to Excluded Assets.

3) Grants, Rights, Remedies. This Agreement has been executed in conjunction with the security interest granted under the Security Agreement to the Grantee for the benefit of the Secured Parties. The rights and remedies of the Grantee with respect to the security interest granted herein are without prejudice to and are in addition to those set forth in the Security Agreement and the other Loan Documents, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Agreement are deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall govern and control.
