INTELLECTUAL PROPERTY SECURITY AGREEMENT

Intellectual Property Security Agreement, dated as of December 29, 2020, by each of the undersigned grantors (each a “Grantor”, and, collectively, the “Grantors”), in favor of ARES CAPITAL CORPORATION, in its capacity as administrative agent pursuant to the Credit Agreement (as defined in the Security Agreement, defined below) (in such capacity, the “Administrative Agent”), for the benefit of the Secured Parties.

WITNESSETH:

WHEREAS, the Grantors are party to a Security Agreement dated as of December 29, 2020 (as amended, amended and restated, supplemented or otherwise modified from time to time, the “Security Agreement”) in favor of the Administrative Agent, for the benefit of the Secured Parties, pursuant to which the Grantors are required to execute and deliver this Intellectual Property Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Administrative Agent, for the benefit of the Secured Parties, to enter into the Credit Agreement, the Grantors hereby agree with the Administrative Agent as follows:

SECTION 1. Defined Terms. Unless otherwise defined herein, terms defined in the Security Agreement and used herein have the meaning given to them in the Security Agreement and the Credit Agreement.

SECTION 2. Grant of Security Interest in Intellectual Property. Each Grantor hereby pledges and grants to the Administrative Agent, for the benefit of the Secured Parties, a lien on and continuing security interest in and to all of its right, title and interest in, to and under all the following Collateral (excluding any Excluded Assets) of such Grantor: (a) all Patents, Trademarks and Copyrights of such Grantor included in the Collateral (excluding any Excluded Assets), including those listed on Schedule I attached hereto, (b) all goodwill connected with the use of and symbolized by any of the foregoing Trademarks, and (c) all causes of action arising prior to or after the date hereof for infringement of any of the foregoing Patents, Copyrights or Trademarks, or unfair competition regarding the same.

SECTION 3. The Security Agreement. The security interest granted pursuant to this Intellectual Property Security Agreement is granted in conjunction with the security interest granted to the Administrative Agent, for the benefit of the Secured Parties, pursuant to the Security Agreement and Grantors hereby acknowledge and affirm that the rights and remedies of the Administrative Agent with respect to the security interest in the Intellectual Property made and granted hereby and thereby are more fully set forth in the Security Agreement, the terms of which are incorporated herein by reference. In the event that any provision of this Intellectual Property Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control unless the Administrative Agent shall otherwise determine.

SECTION 4. Termination. Upon the termination of the Security Agreement in accordance with Section 6.11 thereof with respect to any Grantor, the Administrative Agent shall, at the expense of such Grantor, execute, acknowledge, and deliver to such Grantor an instrument in writing in recordable form reasonably acceptable to such Grantor terminating, cancelling and releasing the lien on and security interest in the Intellectual Property under this Intellectual Property Security Agreement.

SECTION 5. Counterparts. This Intellectual Property Security Agreement may be executed in any number of counterparts, all of which shall constitute one and the same instrument, and any party hereto may execute this Intellectual Property Security Agreement by signing and delivering one or more counterparts.
