## INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This Intellectual Property Assignment Agreement (this "Agreement") is entered into as of December 29, 2020 (the "Effective Date") by and between MiracleCorp Products, an Ohio corporation ("MCP"), Hamilton Animal Products LLC, an Ohio limited liability company, Gimborn Pet Specialties LLC, an Ohio limited liability company, and GPS Group, LLC, a Georgia limited liability company (each, an "Assignor" and collectively, the "Assignors"), and BNG Miracle Pet, LLC, a Delaware limited liability company ("Assignee") (Assignee and each Assignor, individually, a "Party" and collectively, the "Parties").

WHEREAS, pursuant to that certain Asset Purchase Agreement ("Purchase Agreement"), of even date herewith, by and among the Assignors, Assignee, and the other parties thereto, Assignee acquired the Acquired Assets; and

WHEREAS, in furtherance of the Purchase Agreement, each Assignor desires to convey, assign, transfer and deliver to Assignee, and Assignee desires to acquire, such Assignor's entire right, title and interest in and to the Assigned IP (as defined below).

NOW, THEREFORE, in consideration of the mutual benefits to be derived and the representations and warranties, conditions and promises herein contained, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and intending to be legally bound hereby, the Parties agree as follows:

1. Definitions. Capitalized terms not otherwise defined herein shall have the respective meanings ascribed to them in the Purchase Agreement. For purposes of this Agreement, the following terms have the following meanings:

"Assigned IP" means all Transferred Intellectual Property, including the Intellectual Property Rights set forth on Schedule A (Patents and Patent Applications), Schedule B (Trademark Registrations and Applications), Schedule C (Copyright Registrations), and Schedule D (Internet Domain Names) attached hereto, together with all goodwill associated therewith and all income, royalties, damages and payments due or payable with respect thereto as of the Closing or thereafter (including damages and payments for past, present or future infringements, misappropriations, dilutions, or other violations thereof), the right to sue and recover for past infringements, misappropriations, dilutions, or other violations thereof, and any and all corresponding rights that, now or hereafter, may be secured throughout the world.

2. Assignment. Each Assignor hereby irrevocably conveys, assigns, transfers and delivers and agrees to sell, convey, assign, transfer, and deliver to Assignee such Assignor's entire right, title, and interest in and to the Assigned IP. Each Assignor hereby irrevocably waives any "moral rights", "author's special rights" or other rights with respect to attribution of authorship or integrity in relation to the applicable Assigned IP.

3. Costs; Further Assurances. The Parties shall share equally the costs and expenses associated with filing appropriate documentation with the U.S. Patent and Trademark Office, U.S. Copyright Office, and corresponding foreign registries as necessary to more effectively sell, assign, convey, deliver or transfer to or vest in Assignee, all Assigned IP, and to confirm and evidence such sale, assignment, conveyance, transfer or delivery. From time to time after the Effective Date, each Assignor shall, upon Assignee's request, execute, acknowledge and deliver such assignments, transfers, consents, assumptions and other documents and instruments and take all further actions, and provide Assignee all such cooperation and assistance (including, but not limited to, the execution and delivery of any and all

affidavits, declarations, oaths, powers of attorney and other documentation), to more fully effectuate the purposes of this Agreement, including, but not limited to, assisting Assignee in preserving or perfecting its rights in the Assigned IP and the filing of applications for the registration of any Intellectual Property Rights in the Assigned IP. Should an Assignee opt to take action against any actual or suspected infringers, diluters, or other violators of any of the Assigned IP, upon Assignee's request and at Assignee's cost and expense, such Assignor shall join Assignee as a necessary party in any such action (or proceeding related thereto) and to provide Assignee all cooperation in connection therewith including, but not limited to, by offering testimony and providing specimens of use.

4. Counterparts; Successors. This Agreement may be executed in one or more counterparts (including by means of telecopied signature pages), each of which shall be deemed to be an original, but all of which shall be one and the same document. This Agreement and any signed agreement or instrument entered into in connection with this Agreement, and any amendments hereto or thereto, may be executed in one or more counterparts (including by means of telecopied signature pages), each of which shall be deemed an original, but all of which shall constitute one and the same document. This Agreement and all of the provisions hereof shall be binding on and inure to the benefit of the Parties and their respective successors and permitted assigns, except that neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by a Party without the prior written consent of the other Parties hereto. Except as otherwise expressly provided herein, nothing expressed or referred to in this Agreement will be construed to give any person, other than the Parties hereto and such permitted assigns, any legal or equitable right, remedy, or claim under or with respect to this Agreement or any provision of this Agreement.

5. Governing Law. ALL ISSUES AND QUESTIONS CONCERNING THE CONSTRUCTION, VALIDITY, INTERPRETATION AND ENFORCEABILITY OF THIS AGREEMENT AND THE SCHEDULES ATTACHED HERETO SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF DELAWARE, WITHOUT GIVING EFFECT TO ANY CHOICE OF LAW OR CONFLICT OF LAW RULES OR PROVISIONS (WHETHER OF THE STATE OF DELAWARE OR ANY OTHER JURISDICTION) THAT WOULD RESULT IN THE APPLICATION OF THE LAWS OF ANY JURISDICTION OTHER THAN THE STATE OF DELAWARE.
