NOTICE OF SECURITY INTEREST IN TRADEMARKS AND PATENTS

This NOTICE OF SECURITY INTEREST IN TRADEMARKS AND PATENTS ("Notice"), effective as of December 22, 2020 ("Notice") is made by GUITAR CENTER, INC., GTRC SERVICES, INC., ADVG, LLC, and GUITAR CENTER STORES, INC. (each a "Grantor" and, collectively, the "Grantors"), in favor of U.S. BANK, NATIONAL ASSOCIATION, in its capacity as notes collateral agent (in such capacity and together with any successors in such capacity, the "Notes Collateral Agent") for its own benefit and the benefit of the other Secured Parties (as defined in the Security Agreement referred to below).

W I T N E S S E T H:

WHEREAS, the Grantors are a party to a Security Agreement, dated as of December 22, 2020, by and among the Grantors, the other grantors party thereto and the Notes Collateral Agent (as amended, restated, supplemented or otherwise modified from time to time the "Security Agreement"); and

WHEREAS, pursuant to the Security Agreement, the Grantors are required to execute and deliver this Notice for the purpose of recording and confirming the grant of the security interest in favor of the Notes Collateral Agent in the Trademark Collateral and Patent Collateral (each as defined below) with the United States Patent and Trademark Office.

NOW, THEREFORE, in consideration of the mutual conditions and agreements set forth herein and in the Security Agreement, and for good and valuable consideration, the receipt of which is hereby acknowledged, the each Grantor and the Notes Collateral Agent, on its own behalf and on behalf of the other Secured Parties (and each of their respective successors or assigns), hereby agree as follows:

SECTION 1 Defined Terms. Unless otherwise defined herein, terms defined in the Security Agreement (including by reference) and used herein have the meaning given to them in the Security Agreement.

SECTION 2 Grant of Security Interest. In furtherance and as confirmation of the Security Interest granted by such Grantor to the Notes Collateral Agent (for its own benefit and the benefit of the other Secured Parties) under the Security Agreement, and as further security for the payment or performance, as the case may be, in full of the Secured Obligations, such Grantor hereby ratifies such Security Interest and grants to the Notes Collateral Agent (for its own benefit and the benefit of the other Secured Parties) a security interest in all of the right, title and interest of such Grantor in, to and under the following property, and each item thereof, whether now owned or now due, or in which such Grantor has an interest, or hereafter acquired, arising, or to become due, or in which such Grantor obtains an interest, together with all products, Proceeds, substitutions, and Accessions of or to any of the following property (collectively, the "Trademark and Patent Collateral"):

(a) All trademarks, trade names, corporate names, company names, Internet domain names, business names, fictitious business names, trade dress, trade styles, service marks, designs, logos, slogans (and all translations, adaptations, derivations and combinations of the foregoing) and indicia and other source and/or business identifiers, whether registered or unregistered, together with all registrations thereof, all applications in connection therewith (including, without limitation, the registrations and applications set forth on Exhibit A attached hereto and made a part hereof), and all extensions and renewals thereof, and any goodwill of the business connected with the use of, and symbolized by, any of the foregoing (collectively, "Trademarks");

(b) All patents and applications for patents, and the inventions and improvements therein disclosed, and any and all divisions, revisions, reissues and continuations, continuations-in-part, extensions, and reexaminations of any of the foregoing, including, without limitation, the patents and patent applications set forth on Exhibit B attached hereto and made a part hereof (collectively, "Patents");

(c) All agreements, whether written or oral, providing for the grant by or to any Grantor of any right under any Trademark or Patent (collectively, "Licenses");

(d) All income, royalties, damages and payments now and hereafter due and/or payable under and with respect to any of the Trademarks, Patents and/or Licenses;

(d) The right to sue or otherwise recover for past, present and future infringements, misappropriations and dilutions of any of the foregoing; and

(e) All of such Grantor's rights corresponding to any of the foregoing throughout the world.

Notwithstanding the foregoing, the Trademark and Patent Collateral shall not include any intent-to-use trademark or service mark application filed pursuant to Section 1(b) of the Lanham Act prior to the filing of a statement of use or amendment to allege use in connection therewith with the United States Patent and Trademark Office but only to the extent that and solely during the period in which the grant of a security interest therein would result in the cancellation or invalidation of the registration that issues from such intent-to-use applications.

SECTION 3 Intent. This Notice is being executed and delivered by the Grantors for the purpose of recording and confirming the grant of the security interest in favor of the Notes Collateral Agent in the Trademark and Patent Collateral with the United States Patent and Trademark Office. It is intended that the security interest granted pursuant to this Notice is granted in conjunction with, and not in addition to or limitation of, the Security Interest granted to the Notes Collateral Agent, for its own benefit and the benefit of the other Secured Parties, under the Security Agreement. All provisions of the Security Agreement shall apply to the Trademark and Patent Collateral. The Notes Collateral Agent shall have the same rights, remedies, powers, privileges and discretions with respect to the security interests created in the Trademark and Patent Collateral as in all other Collateral. In the event of a conflict between this Notice and the Security Agreement, the terms of the Security Agreement shall control.

SECTION 4. Recordation. The Grantors authorize and request that the Commissioner for Patents and the Commissioner for Trademarks and any other applicable government officer record this Notice.

SECTION 5. Not Responsible for Recitals. The recitals contained herein shall be taken as the statements of the Grantor and the Notes Collateral Agent assumes no responsibility for their correctness. The Notes Collateral Agent makes no representations as to the validity or sufficiency of this Agreement.
