INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this "Assignment") is dated as October 30, 2020, by and between BIO-K PLUS INTERNATIONAL INC., a Canadian corporation ("Seller"), on the one hand, and KERRY LUXEMBOURG S.À R.L., a Luxembourg société à responsabilité limitée (the "Buyer"), on the other hand. Capitalized terms used herein that are defined in the Share Purchase Agreement (as defined below) shall have the meanings ascribed to them in the Share Purchase Agreement, unless otherwise defined herein.

WHEREAS, among other parties, Buyer and Seller are parties to that certain Share Purchase Agreement dated as of September 17, 2020 (the "Share Purchase Agreement");

WHEREAS, Seller is the owner of, or purports to own, in whole or in part, the Corporation Intellectual Property; and

WHEREAS, pursuant to the Share Purchase Agreement, Seller has agreed to sell to Buyer all right, title and interest in and to all Corporation Intellectual Property, including but not limited to the issued patents and patent applications and industrial design(s) set forth on Schedule 1 hereto, the domain name registrations set forth on Schedule 2 hereto, and the trademark applications and registrations set forth on Schedule 3 hereto, along with all goodwill related thereto and all and all income, royalties, damages and payments due or payable with respect thereto (including damages and payments for past, present or future infringements or misappropriations thereof, the right to sue and recover for past, present or future infringements, violations or misappropriations thereof and any and all corresponding rights that now or hereafter may be secured throughout the world, and all copies and tangible embodiments thereof);

NOW, THEREFORE, pursuant to the Share Purchase Agreement and in consideration of the above premises, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, hereby agree as follows:

1. Assignment and Assumption. Seller hereby sells, assigns, transfers, conveys and delivers to Buyer, and Buyer hereby purchases, acquires and accepts from Seller all right, title and interest in and to the Corporation Intellectual Property, including but not limited to the issued patents and patent applications set forth on Schedule 1 hereto, the domain name registrations set forth on Schedule 2 hereto, and the trademark applications and registrations set forth on Schedule 3 hereto, along with all goodwill related thereto and all and all income, royalties, damages and payments due or payable with respect thereto (including damages and payments for past, present or future infringements or misappropriations thereof, the right to sue and recover for past, present or future infringements or misappropriations thereof and any and all corresponding rights that now or hereafter may be secured throughout the world, and all copies and tangible embodiments thereof).

2. Recordation. Seller hereby requests, as applicable, the U.S. Patent and Trademark Office, U.S. Copyright Office and the patent, trademark and/or copyright offices of any other jurisdictions covered by the Corporation Intellectual Property to record this Assignment and to issue all registrations and renewals for the Corporation Intellectual Property to Buyer in accordance with the terms of this Assignment.

3. Further Assurances. From time to time after the date hereof, upon the request of Buyer, the Seller shall execute and deliver or cause to be executed and delivered such further instruments of conveyance, assignment, transfer, acceptance and assumption, and take such further action, at Buyer's expense, as Buyer may reasonably request, in order to fully effectuate the purposes, terms and conditions hereof.

4. Share Purchase Agreement. This Assignment is subject in all respects to the terms and conditions of the Share Purchase Agreement and nothing herein, express or implied, is intended to or shall be construed to modify, expand or limit in any way the terms, representations and warranties or covenants contained in the Share Purchase Agreement. If the terms of this Assignment conflict with the terms of the Share Purchase Agreement, then the terms of the Share Purchase Agreement shall govern.

5. Counterparts. This Assignment may be executed in several counterparts, each of which shall be deemed an original, but such counterparts shall together (when executed and delivered) constitute but one and the same instrument. This Assignment may be executed and delivered in counterpart signature pages executed and delivered via facsimile transmission or by e-mail transmission in Adobe portable document format, and any such counterpart executed and delivered via facsimile transmission or by e-mail transmission in Adobe portable document format shall be deemed an original for all intents and purposes.

6. Effectiveness. This Assignment will be effective as of 11:59 p.m. Eastern Time on the Closing Date.

7. Benefit Assignment. This Assignment shall be binding upon and inure to the benefit of Buyer and Seller and their respective successors and permitted assigns.

8. Amendment. No amendment, supplement, modification, waiver or termination of this Assignment or any provision hereof shall be binding unless executed in writing by each of the parties hereto.

9. Headings. The headings set forth in this Assignment are inserted or used for convenience of reference only and shall not control or affect the meaning or construction of the provisions of this Assignment.

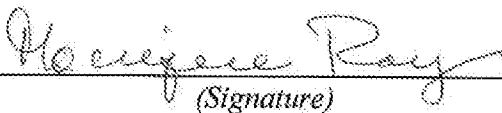

10. Governing Law and Language. This Assignment shall in all respects be construed in accordance with and governed by the substantive Laws of the Province of Quebec and the Laws of Canada, as applicable, without reference to its choice of law rules or to the choice of law rules of any other jurisdiction. The Parties have requested that this Agreement be drafted in the English language. *Les parties à ce contrat ont exigé qu'il soit rédigé en langue anglaise.*

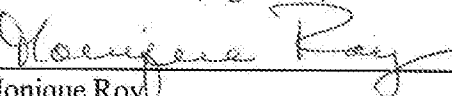

IN WITNESS WHEREOF, the parties hereto have duly executed this Assignment as of the date first above written.
