Section 2. Grant of Security. As security for the payment or performance, as the case may be, in full of the Secured Obligations, the Grantor hereby grants to the Collateral Agent, for the benefit of the Secured Parties, a security interest (the “**Security Interest**”) in all of the Grantor’s right, title and interest in, to and under the registered and applied for Trademarks set forth on Schedule A attached hereto, together with all goodwill of the business connected with the use thereof and symbolized thereby, and with respect to the foregoing (a) all extensions and renewals thereof, (b) all income, fees, royalties, damages and payments now and hereafter due and/or payable with respect thereto, including damages and payments for past, present or future infringements and dilutions thereof or injury to the goodwill associated therewith and (c) the right to sue for past, present and future infringements and dilutions thereof or injury to the goodwill associated therewith (collectively, the “**Trademark Collateral**”); provided that “Trademark Collateral” shall not include and the Security Interest shall not attach to any “intent-to-use” application for registration of a Trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing and acceptance of a “**Statement of Use**” pursuant to Section 1(d) of the Lanham Act or an “**Amendment to Allege Use**” pursuant to Section 1(c) of the Lanham Act with respect thereto (it being understood that after such filing and acceptance such intent-to-use application shall be automatically subject to the security interest granted herein and deemed to be included in the Trademark Collateral) or to any other Excluded Asset as provided under the Security Agreement.
