WHEREAS, this Confirmatory Grant has been granted in conjunction with the security interest granted under the Security Agreement to Administrative Agent. The rights and remedies of Administrative Agent with respect to the security interest granted herein are without prejudice to and are in addition to those set forth in the Security Agreement and the Credit Agreement and the other Loan Documents, all terms and provisions of which are incorporated herein by reference.

NOW, THEREFORE, in consideration of the premises set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Borrower (intending to be legally bound) hereby agrees as follows:

1. Incorporation of Security Agreement. The Security Agreement and the terms and provisions thereof are hereby incorporated herein in their entirety by this reference thereto. All terms capitalized but not otherwise defined herein shall have the same meanings herein as in the Security Agreement.

2. Security Interest in Intellectual Property. To secure the complete satisfaction and payment and performance when due (or declared due in accordance with the terms of the Credit Agreement) of the Secured Obligations, Borrower hereby confirms its grant of (and does hereby grant) to Administrative Agent a continuing security interest in and to any and all of Borrower's right, title and interest in and to all of the following now owned and existing and hereafter arising, created or acquired property, wherever located (collectively, the "Intellectual Property"):

(a) patents and patent applications, including, without limitation, the inventions and improvements described and claimed therein, and those patents listed on Exhibit A attached hereto and hereby made a part hereof, and (i) all reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof, (ii) all income, royalties, damages, proceeds and payments now and hereafter due or payable under or with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, (iii) the right to sue for past, present and future infringements thereof, and (iv) all rights corresponding thereto throughout the world (collectively, the "Patents"); and
