This TRADEMARK SECURITY AGREEMENT (this "Trademark Security Agreement") is made this 30 day of October, 2020, by and among Grantors listed on the signature pages hereof (collectively, jointly and severally, "Grantors" and each individually "Grantor"), and **WELLS FARGO CAPITAL FINANCE CORPORATION CANADA**, an Ontario corporation ("Wells Fargo"), in its capacity as administrative agent and collateral agent for each member of the Credit Parties (in such capacity, together with its successors and assigns in such capacity, "Agent").

W I T N E S S E T H:

WHEREAS, pursuant to that certain Credit Agreement dated as of October 30, 2020 (as amended, restated, supplemented, or otherwise modified from time to time, the "Credit Agreement"), by and among MEC Canada Inc., a British Columbia Corporation, as borrower (the "Borrower"), the guarantors party thereto as "Guarantors", the lenders party thereto as "Lenders" (each such Lender, together with its successors and assigns, is referred to hereinafter as a "Lender" and collectively as the "Lenders"), Agent, and Wells Fargo, as syndication agent (together with its successors and assigns in such capacity, the "Syndication Agent"), Wells Fargo, as documentation agent (in such capacity, together with its successors and assigns in such capacity, the "Documentation Agent"), Wells Fargo, as sole lead arranger (in such capacity, together with its successors and assigns in such capacity, the "Sole Lead Arranger"), and Wells Fargo, as sole lead arranger (in such capacity, together with its successors and assigns in such capacity, the "Sole Bookrunner"), and the other Loan Documents, the Credit Parties have agreed to make certain loans and financial accommodations available to Borrower from time to time pursuant to the terms and conditions thereof

WHEREAS, the members of the Credit Parties are willing to make the loans and financial accommodations to the Credit Parties as provided for in the Credit Agreement and the other Loan Documents, but only upon the condition, among others, that Grantors shall have executed and delivered to Agent, for the benefit of Credit Parties, that certain Guarantee and Security Agreement, dated as of October 30, 2020 (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "Guarantee and Security Agreement"); and

WHEREAS, pursuant to the Guarantee and Security Agreement, Grantors are required to execute and deliver to Agent, for the benefit of the Credit Parties, this Trademark Security Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. **DEFINED TERMS**. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Guarantee and Security Agreement or, if not defined therein, in the Credit Agreement, and this Trademark Security Agreement shall be subject to the rules of construction set forth in Section 1(b) of the Guarantee and Security Agreement, which rules of construction are incorporated herein by this reference, *mutatis mutandis*.

2. **GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL**. Each Grantor hereby unconditionally grants, assigns (for the purposes of taking security), and pledges to Agent, for the benefit of the Credit Parties, to secure its Secured Obligations, a continuing security interest (referred to in this Trademark Security Agreement as the "Security Interest") in all of such Grantor's right, title and interest in and to the following, whether now owned or hereafter acquired or arising (collectively, the "Trademark Collateral"):

(a) all of its Trademarks and Trademark Intellectual Property Licenses to which it is a party including those referred to on Schedule I;

(b) all goodwill of the business connected with the use of, and symbolized by, each Trademark and each Trademark Intellectual Property License; and

(c) all products and proceeds (as that term is defined in the PPSA) of the foregoing, including any claim by such Grantor against third parties for past, present or future (i) infringement or dilution of any Trademark or any Trademarks exclusively licensed under any Intellectual Property License, including right to receive any damages, (ii) injury to the goodwill associated with any Trademark, or (iii) right to receive license fees, royalties, and other compensation under any Trademark Intellectual Property License.

3. **SECURITY FOR SECURED OBLIGATIONS.** This Trademark Security Agreement and the Security Interest created hereby secures the payment and performance of the Secured Obligations of each Grantor, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of Secured Obligations and would be owed by Grantors, or any of them, to Agent, the other Credit Parties or any of them, whether or not they are unenforceable or not allowable due to the existence of an Insolvency Proceeding involving any Grantor.

4. **SECURITY AGREEMENT.** The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interests granted to Agent, for the benefit of the Credit Parties, pursuant to the Guarantee and Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the Security Interest in the Trademark Collateral made and granted hereby are more fully set forth in the Guarantee and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Guarantee and Security Agreement, the Guarantee and Security Agreement shall control.

5. **AUTHORIZATION TO SUPPLEMENT.** If any Grantor shall obtain rights to any new trademarks, the provisions of this Trademark Security Agreement shall automatically apply thereto. Grantors shall give prompt notice in writing to Agent with respect to any such new trademarks or renewal or extension of any trademark registration. Without limiting Grantors' obligations under this Section, Grantors hereby authorize Agent unilaterally to modify this Trademark Security Agreement by amending Schedule I to include any such new trademark rights of each Grantor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule I shall in any way affect, invalidate or detract from Agent's continuing security interest in all Collateral, whether or not listed on Schedule I.

6. **COUNTERPARTS.** This Trademark Security Agreement is a Loan Document. This Trademark Security Agreement may be executed (manually or by electronic signature) in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Trademark Security Agreement. Delivery of an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission (including by email of a portable document format (PDF) or electronic document) shall be equally as effective as delivery of an original executed counterpart of this Trademark Security Agreement. Any party delivering an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission (including by email of a portable document format (PDF) or electronic document) also shall deliver an original executed counterpart of this Trademark Security Agreement but the failure to deliver an original

executed counterpart shall not affect the validity, enforceability, and binding effect of this Trademark Security Agreement.
