Recitals

A. The Grantors, the other Loan Parties party thereto, the lenders party thereto, and the Administrative Agent are entering into a Credit Agreement dated as the date hereof (as it may be amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement").

B. In connection with the Credit Agreement, the Grantors are entering into that certain Pledge and Security Agreement dated as of the date hereof (as amended or modified from time to time, the "Security Agreement") with the Administrative Agent. All capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Security Agreement.

C. Pursuant to the terms of the Security Agreement, each Grantor pledged, assigned, and granted to the Administrative Agent, on behalf of and for the ratable benefit of the Lenders, a first-priority security interest in substantially all of the assets of such Grantor, including all right, title, and interest of such Grantor in, to, and under all now owned and hereafter acquired Patents, patent applications, patent licenses, Trademarks, trademark applications, trademark licenses, Copyrights, copyright applications and copyright licenses and all products and proceeds thereof, to secure the prompt and complete payment and performance of the Secured Obligations as (defined in the Credit Agreement).

D. Pursuant to the terms of the Security Agreement, the Grantors are required to execute and deliver to the Administrative Agent, for the ratable benefit of the Lenders, this Agreement.

Agreement

In consideration of the recitals set forth above and the mutual agreements contained herein and in the Credit Agreement and other Loan Documents, each Grantor hereby grants to the Administrative Agent, for the benefit of the Lenders, to secure the Secured Obligations, a continuing security interest in all of such Grantor's right, title, and interest in, to, and under the following, whether now owned by or owing to, or hereafter acquired by or arising in favor of such Grantor (including any trade name or derivations thereof):

- (1) each trademark and trademark application, including without limitation, each trademark and trademark application referred to in Schedule 1 attached hereto, together with any reissues, continuations, or extensions thereof and all goodwill associated therewith;
- (2) each trademark license, including without limitation, each trademark license listed on Schedule 1 attached hereto, together with all goodwill associated therewith;
- (3) all products and proceeds of the foregoing, including without limitation, any claim by the Grantor against third parties for past, present, or future infringement of any trademark,

including without limitation, any trademark referred to in Schedule 1 attached hereto, any trademark issued pursuant to a trademark application referred to in Schedule 1, and any trademark licensed under any trademark license listed on Schedule 1 attached hereto (items 1 through 3 being herein collectively referred to as the “Trademark Collateral”);

- (4) each patent and patent application, including without limitation, each patent referred to in Schedule 2 attached hereto, together with any reissues, continuations, or extensions thereof and all goodwill associated therewith;
- (5) each patent license, including without limitation, each patent license listed on Schedule 2 attached hereto, together with all goodwill associated therewith; and
- (6) all products and proceeds of the foregoing, including without limitation, any claim by the Grantor against third parties for past, present, or future infringement of any patent, including without limitation, any patent referred to in Schedule 2 attached hereto, any patent issued pursuant to a patent application, and any patent licensed under any patent license listed on Schedule 2 attached hereto (items 4 through 6 being herein collectively referred to as the “Patent Collateral”).
- (7) each copyright and copyright application, including without limitation, each copyright and copyright application referred to in Schedule 3 attached hereto, together with any reissues, continuations, or extensions thereof and all goodwill associated therewith;
- (8) each copyright license, including without limitation, each copyright license listed on Schedule 3 attached hereto, together with all goodwill associated therewith; and

The security interests granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Security Agreement; provided, however, that nothing in this Agreement shall expand, limit, or otherwise modify the security interests granted in the Security Agreement. This Agreement is a Confirmatory Grant as referenced in and contemplated by the Security Agreement. Each Grantor acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral, the Patent Collateral and the Copyright Collateral made and granted hereby are more fully set forth in the Credit Agreement and the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Security Agreement, the terms of the Security Agreement shall govern.
