RELEASE OF SECURITY INTEREST

This Release of Security Interest ("Agreement") is entered into and dated effective as of April 16, 2021, by and between Sellers Absorbent Materials, Inc., a Wisconsin corporation ("Debtor") and SELLARS MEZZ DEBT INVESTORS, LLC, a Delaware limited liability company ("Agent"), as collateral agent for the secured parties under the Note Purchase and Security Agreement (Terms B Notes) entered into on or about June 12, 2013 ("Note Purchase Agreement").

A. Pursuant to Note Purchase Agreement among the Debtor, the Agent and the lender parties thereto, Debtor executed and delivered to Agent an Amended and Restated Intellectual Property Security Agreement dated December 27, 2019 ("IP Security Agreement" and, together with the Note Purchase Agreement, the "Security Agreements"), which was recorded in the United States Patent and Trademark Office as to Trademarks on March 30, 2020 at Reel 6902 Frame 0514-0538, and which was recorded in the United States Patent and Trademark Office as to Patents on March 23, 2020 at Reel 052207 Frame 0803-0830.

B. Pursuant to the Security Agreements, Debtor granted Agent security interests in certain of Debtor's patents, patent applications, trademarks and other intellectual property, including the patent and patent applications listed on the attached Schedule A, the copyright applications and registrations listed on the attached Schedule B, and the trademark applications and registrations listed on the attached Schedule C.

C. Debtor has no outstanding obligations to the Agent or lenders under the terms of the Security Agreements, and the parties desire to confirm the release of all security interests in favor of the Agent granted pursuant to the Security Agreements.

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, and pursuant to its obligations under the Security Agreements, Agent hereby states as follows:

1. Definition. The term "IP Collateral", as used herein, shall mean all of Agent's right, title and interest of every kind and nature as of the date hereof granted pursuant to the Security Agreements, including, without limitation, in the Collateral and Copyrights, as such terms are defined in the IP Security Agreement, and the patents and patent applications listed on the attached Schedule A, the U.S. copyright registrations listed on the attached Schedule B, and the trademark applications and registrations listed on the attached Schedule C.

2. Release of Security Interests. Agent, on behalf of itself and the secured parties under the Security Agreements, their successors and assigns, hereby releases, discharges, terminates and relinquishes all security interests, charges and encumbrances that it has pursuant to the Security Agreements in any right, title and interest of Debtor, and reassigns, transfers and conveys to Debtor all right, title and interest, now owned or hereinafter acquired, that it may have whether by assignment or otherwise, in and to any mortgage and continuing security interest and collateral assignment in the IP Collateral.

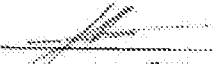

3. Further Cooperation. Agent shall, at Debtor's expense, take all further actions, and provide to Debtor and its successors, assigns and legal representatives all such cooperation and assistance, including, without limitation, the execution and delivery of any and all further

documents or other instruments, as Debtor and its successors, assigns and legal representatives may reasonably request in order to confirm, effectuate or record this Agreement.

IN WITNESS WHEREOF, the parties have executed this Release of Security Interest as of the date set forth above.
