## WITNESSETH:

WHEREAS, pursuant to the Amended and Restated ABL Loan and Security Agreement, dated as of May 12, 2021 (as the same may be amended, restated, supplemented or otherwise modified from time to time, the “*Loan Agreement*”), among HOMEWERKS INTERMEDIATE B CORPORATION, a Delaware corporation (“*Parent*”), Homewerks Purchaser Corporation, a Delaware corporation (“*Holdings*”), each Subsidiary of Parent listed as a “Borrower” on the signature pages thereto (together with the Grantor, “*Borrowers*”; and each, a “*Borrower*”), the other Restricted Subsidiaries of Parent from time to time party thereto (the “*Guarantors*”; and each, a “*Guarantor*”), the lenders from time to time party thereto (the “*Lenders*”), and the Administrative Agent, the Lenders have agreed to provide a credit facility to the Borrowers upon the terms and subject to the conditions set forth therein;

WHEREAS, pursuant to the Loan Agreement, the Grantor is required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Lenders and the Administrative Agent to make their respective extensions of credit to the Borrowers under the Loan Agreement, the Grantor hereby agrees with the Administrative Agent as follows:

***Section 1. Defined Terms***

Unless otherwise defined herein, terms defined in the Loan Agreement and used herein have the meaning given to them in the Loan Agreement.

***Section 2. Grant of Security Interest in Trademark Collateral***

The Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Grantor under the Loan Agreement, hereby grants, pledges and collaterally assigns a security interest to the Administrative Agent, on behalf of itself and each other Lender, in the following of the Grantor (the “*Trademark Collateral*”):

1. all U.S. Trademark registrations and Trademark applications, including without limitation, those referred to on Schedule I hereto; and
2. all Proceeds of any or all of the foregoing, including, without limitation, all rights to income, royalties, proceeds and damages now or hereafter due and/or payable under any Trademark and with respect thereto, including, without limitation, all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

Notwithstanding any of the foregoing, the Trademark Collateral shall not include any intent-to-use application for trademark or service mark registration filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. §1051, prior to the filing under Section 1(c) or Section 1(d) of the Lanham Act of a “Statement of Use” or an “Amendment to Allege Use” with respect thereto, solely to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein prior to such filing would impair the validity or enforceability of any registration that issues from such intent-to-use trademark or service mark application under applicable federal law.

### ***Section 3. Security Agreement***

The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to the Administrative Agent pursuant to the Loan Agreement and the Grantor hereby acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Loan Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

### ***Section 4. Counterparts***

This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart of a signature page to this Trademark Security Agreement by telefacsimile or in portable document format shall be effective as delivery of a manually executed counterpart of this Trademark Security Agreement.
