US Patent No. 8,031,195 was assigned to Vision Critical Communications Inc. by Assignment dated April 14, 2008. It has come to our attention that the named assignee was Vision Critical, Inc., despite the Assignment being executed by an officer of Vision Critical Communications Inc. and identifying information of the assignee being information of Vision Critical Communications Inc. The mutual intent of the parties was to assign title to Vision Critical Communications Inc., and Vision Critical, Inc. does not and has never existed. If necessary, steps will be taken to clarify that Vision Critical Communications Inc. is the legal and beneficial owner of title to US Patent No. 8,031,195.
