**INTELLECTUAL PROPERTY TRANSFER  
AND LICENSE ASSIGNMENT AGREEMENT**

THIS INTELLECTUAL PROPERTY TRANSFER AGREEMENT ("Agreement") is effective as of 27 November 2019 ("Effective Date"), by and between:

ORTHO-SPACE LTD, a company organized and existing under the laws of Israel, having its principal place of business at Halamish 7, Caesarea, Israel, 3088900, whose registration number with the Registrar of Companies is 514254093 ("Assignor"),

and

STRYKER EUROPEAN OPERATIONS LIMITED, a private company limited by shares, incorporated under the laws of Ireland under company number 631711 and with its registered office at Aungrove, IDA Business & Technology Park, Carrigtwohill, Co. Cork, T45 HX08, Ireland, whose Irish VAT registration number is 356323IH ("Assignee").

(Assignor and Assignee are collectively referred to as the "Parties" and individually referred to as a "Party.")

**RECITALS**

WHEREAS, the Parties are indirectly wholly owned subsidiaries of Stryker Corporation, a global medical technology company organized under the laws of the State of Michigan;

WHEREAS, Assignor desires to assign, transfer and convey to Assignee, and Assignee desires to acquire from Assignor, all of Assignor's right, title and interest in and to all of Assignor's Intellectual Property (as defined herein), effective as of the Effective Date, upon the terms and subject to the conditions set forth in this Agreement; and

WHEREAS, Assignor desires to assign and transfer its rights, and delegate the performance of its obligations, under Assignor's License Agreements (as defined herein) to Assignee, and Assignee desires to accept such assignment of rights and delegation of obligations, under the terms and pursuant to the conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the mutual agreements, covenants and conditions hereinafter set forth, the Parties hereby mutually agree as follows:

**ARTICLE I**

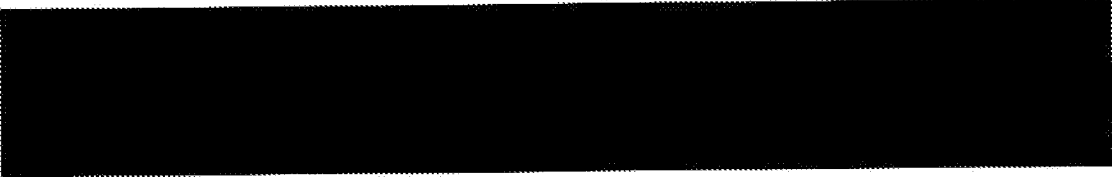

**DEFINITIONS**

For purposes of this Agreement, the following terms shall have the meanings and definitions set forth below:

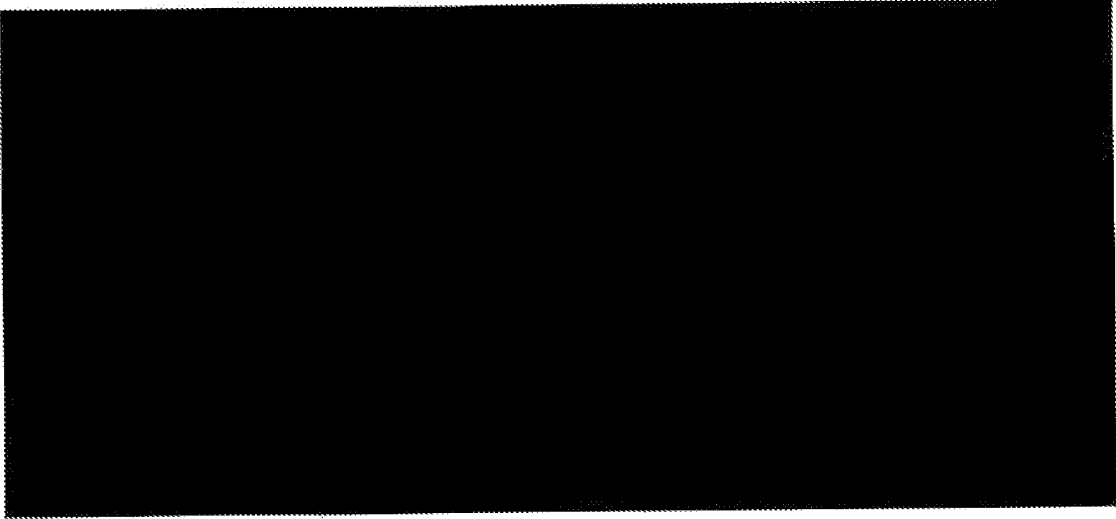

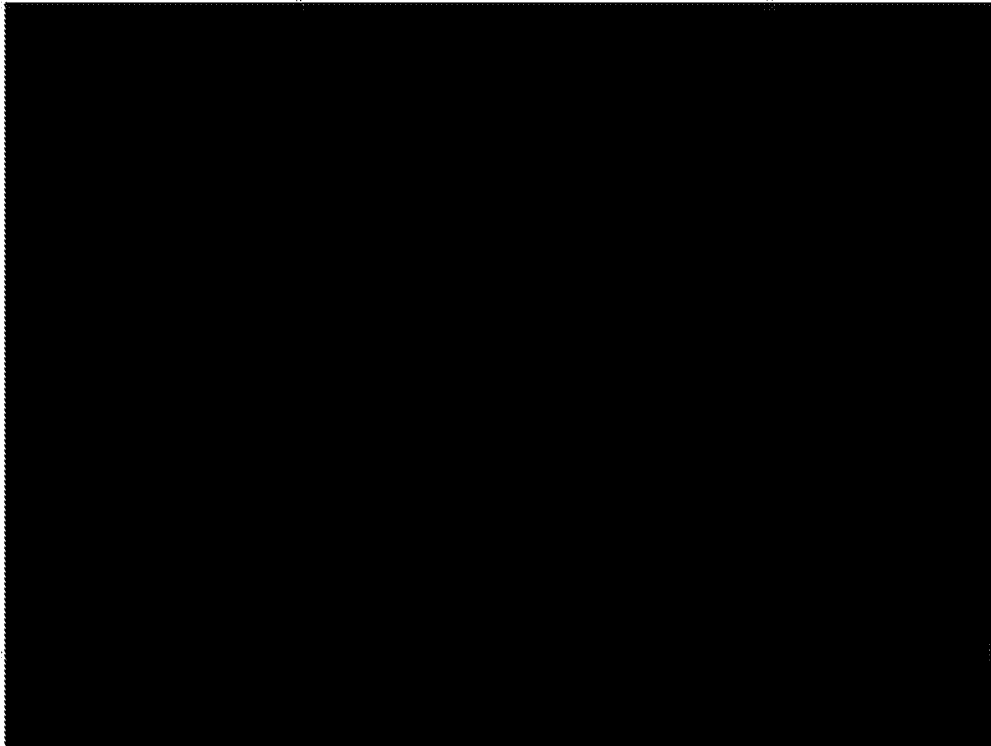

1.3 "Copyrights" shall mean any and all rights in and to works of authorship and rights associated with works of authorship subject to protection under copyright law, whether or not registered, throughout the world, including without limitation: (i) copyrights, rights in and to copyright applications, and copyright registrations issued or filed throughout the world; and (ii) Moral Rights.

1.5 "Intellectual Property" shall mean and include any and all procedures, processes, discoveries, Know-how, Patents, Marks, Copyrights, trade secrets, computer programs (in source code and object code form), flow charts, algorithms, formulae, confidential information, Specifications, process technology, and designs and design rights, and all similar items, whether registered or unregistered, and any goodwill directly attributable to the foregoing, which are owned, licensed, developed or co-developed or otherwise acquired by Assignor, as of the Effective Date of this Agreement.

1.6 "Know-how" shall mean and include technical knowledge, expertise, practice, proprietary rights, patented or unpatented inventions, surgical and other techniques and procedures, analytical and clinical methodologies, clinical data and/or other experience in tangible or intangible form.

1.8 "Marks" shall mean and include those trademarks, brand names, trade names, trade dress, logos, service marks, domain names, copyrights or pictorial depictions, and similar designations, anywhere in the world, whether registered or unregistered, together with the goodwill connected with the use of and symbolized by the Marks, all the rights and privileges that inhere in such Marks, all related common law rights and the goodwill of the business directly attributable to and symbolized by the Marks, and all applications and registrations related thereto, used in connection with the manufacture, marketing, distribution, or sale of any or all of the Products, including but not limited to those listed in Exhibit A.

1.9 "Moral Rights" shall mean any and all rights to claim authorship to, to be named as the author of or to publish a copyright protected work, to revoke or to object to any distortion, mutilation, or other derogatory action or modification in relation to such work, whether or not the copyright under such work is registered, whether or not such would be prejudicial to the author's reputation, and any similar right existing under common or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or generally referred to as a "moral right."

1.10 "Patents" shall mean any and all issued patents, pending patent applications (including without limitation any and all provisional patent applications), patent disclosures and patent rights, issued or filed throughout the world, and any other patents or patent applications that claim priority from such patents or patent applications, including without limitation: (i) any foreign applications or patents corresponding thereto; (ii) any and all continuations, continuations-in-part, divisionals, provisionals, reexaminations, reissues, utility, model and design patents; (iii)

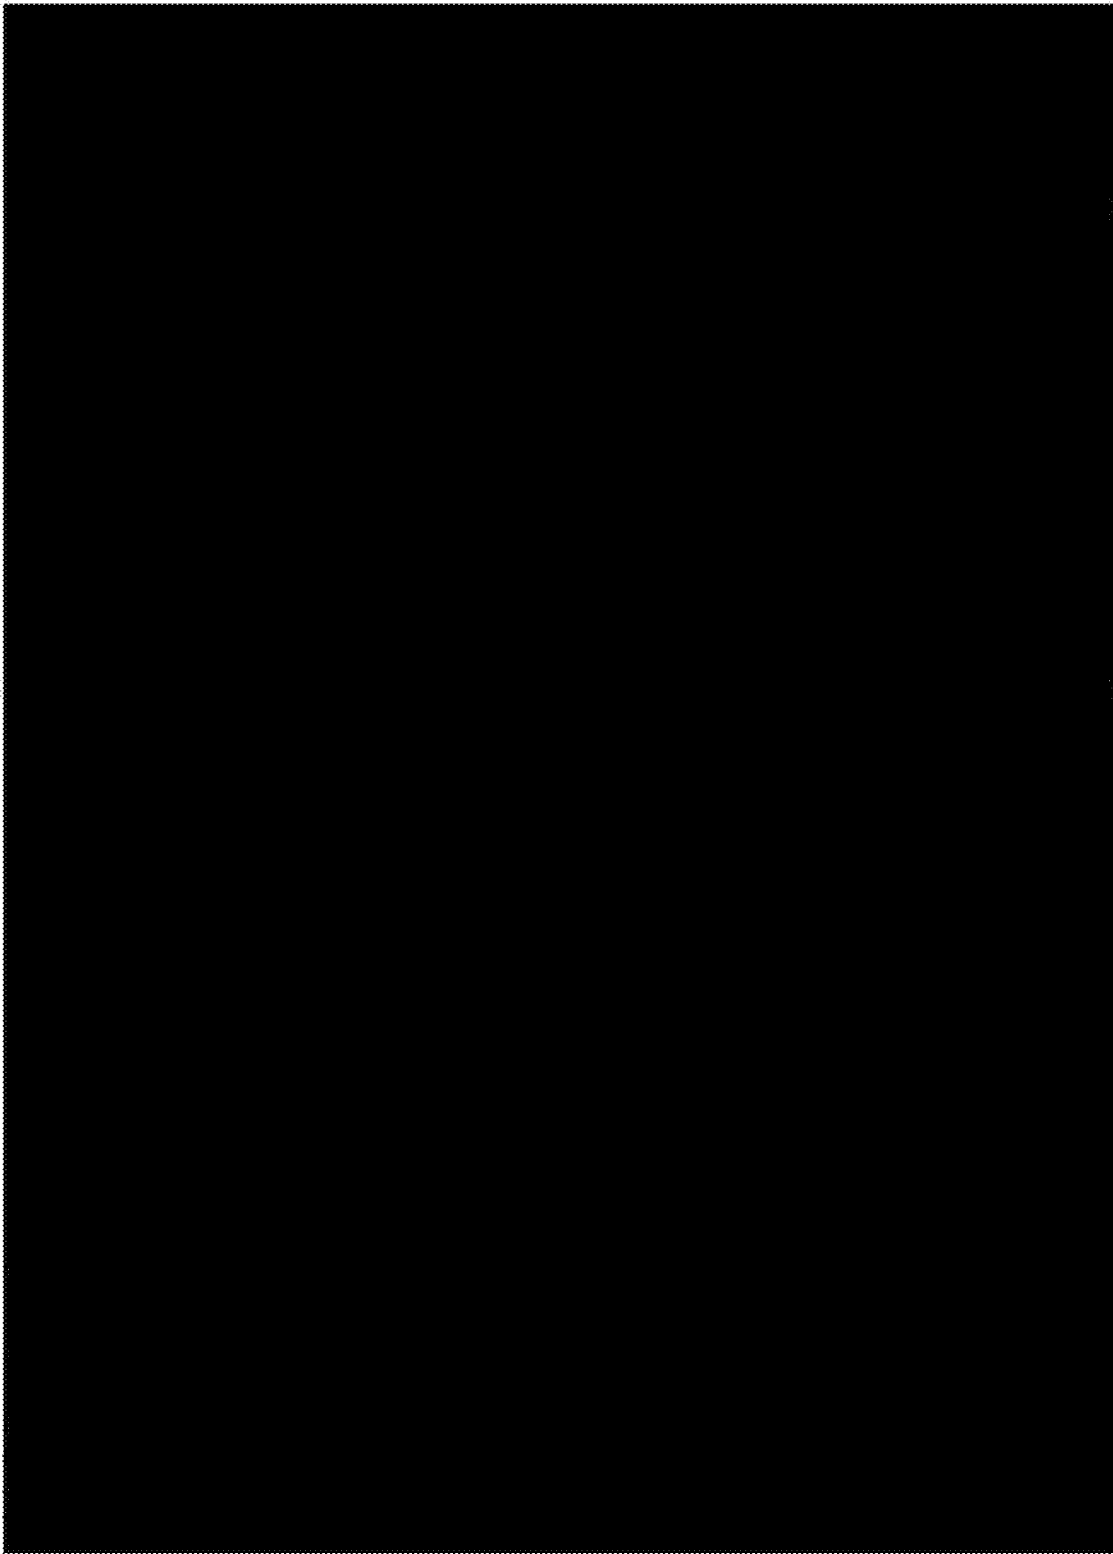

any and all extensions of any of the foregoing; and (iv) any and all inventions, invention disclosures, discoveries and improvements, whether or not patentable, including but not limited to those listed in Exhibit B.

1.13 "Specifications" shall mean the technical definition of each Product at its latest issue that includes, among others, conception design, nomenclatures, drawings, instructions for the manufacture, cleaning, processing, packaging, labeling, testing and testing procedures, shipping, storage and supply of the Products, including all formulae, raw materials requirements, analytical procedures and standards of quality control, quality assurance and sanitation, and as such Specifications may be amended, supplemented or otherwise modified.

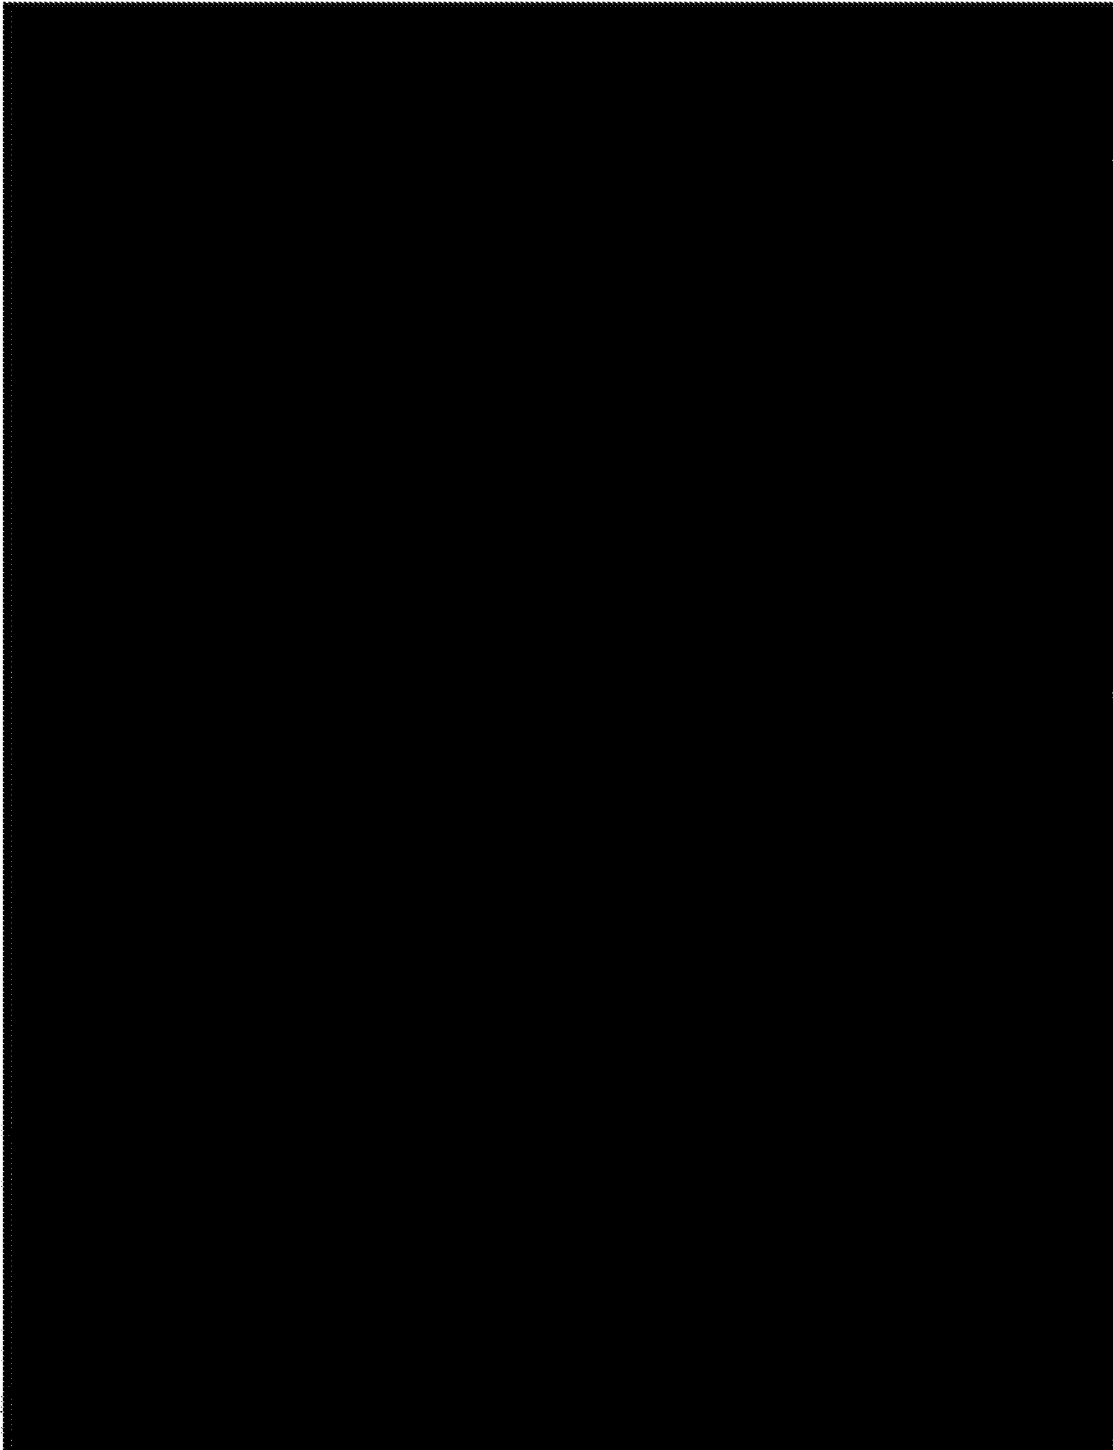

## ARTICLE 2

### INTELLECTUAL PROPERTY TRANSFER

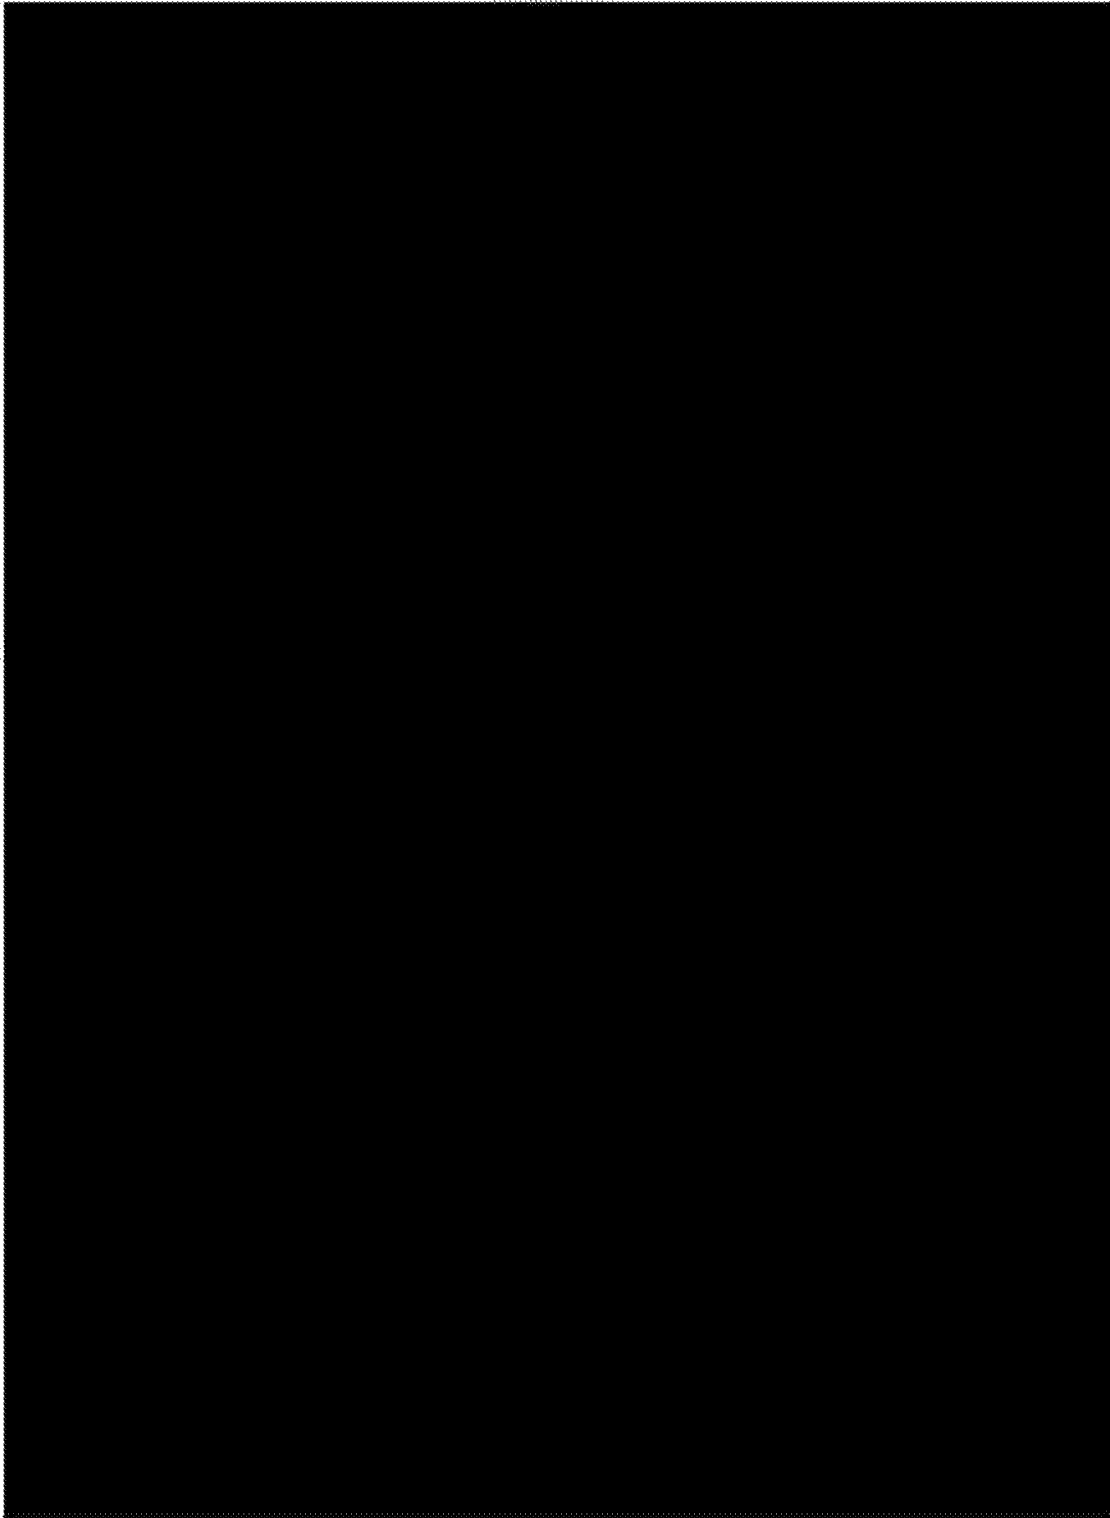

Subject to the terms and conditions of this Agreement, as of the Effective Date, Assignor hereby irrevocably and unconditionally sells, assigns, agrees to assign, transfers, conveys and delivers the Intellectual Property to Assignee and Assignee hereby purchases, acquires and accepts the Intellectual Property.
