EXECUTION VERSION

INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (“Agreement”) dated as of June 1, 2021 (the “Effective Date”) by and between:

- (i) ARUZE GAMING (HONG KONG) LIMITED, a Hong Kong corporation incorporated under the laws of Hong Kong, with its registered office presently located at 36F PCCW Tower, 979 King’s Road, Quarry Bay, Hong Kong (“Assignor”); and
- (ii) ARUZE GAMING AMERICA, INC., a Nevada corporation incorporated under the law of the State of Nevada, with its registered office presently located at 955 Grier Drive, Suite A, Las Vegas, NV 89119 (“Assignee”).

WITNESSETH:

WHEREAS, Assignor now wishes to assign to Assignee its right, title and interest in and to the Assigned Patents and Assigned Trademarks.

NOW, THEREFORE, in consideration of the foregoing and the mutual promises and agreements contained in this Agreement, and for other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Patent Assignment. Assignor hereby assigns, conveys and transfers to Assignee its right, title, and interest in and to all of the patents and patent applications set forth on Schedule A attached hereto (collectively, the “Assigned Patents”), in each case, subject to all existing encumbrances. Pursuant to the foregoing assignment, each of the Assigned Patents shall hereafter be for Assignee’s own use and enjoyment, and for the use and enjoyment of Assignee’s successors and assigns, as fully and entirely as the same would have been held and enjoyed by the applicable Assignor if this Agreement had not been made. The foregoing assignment includes, without limitation, the rights of Assignor, if any, to (A) register or apply in all countries and regions for patents, utility models, design registrations and like rights of exclusion and for inventors’ certificates for the Assigned Patents; (B) prosecute, maintain and defend the Assigned Patents before any public or private agency, office or registrar including by filing divisions, substitutes, extensions and all other applications and post issue proceedings included in the Assigned Patents; (C) claim priority based on the filing dates of any of the Assigned Patents under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent Convention, the Paris Convention, and all other treaties of like purposes; and (D) all causes of action, remedies and other enforcement rights relating to

the Assigned Patents including the right to initiate and maintain legal proceedings in respect of any past, present or future infringements thereof and to seek and recover damages or other compensation in respect of such infringements and obtain equitable relief, including injunctive relief, in respect of such infringements, and the right to fully and entirely stand in the place of the applicable Assignor in all matters related to the Assigned Patents.

2. Trademark Assignment. Assignor hereby assigns, conveys and transfers to Assignee its right, title, and interest in and to all of the trademark and trademark applications set forth on Schedule B attached hereto (collectively, the "Assigned Trademarks"), in each case, subject to all existing encumbrances. Pursuant to the foregoing assignment, each of the Assigned Trademarks shall hereafter be for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors and assigns, as fully and entirely as the same would have been held and enjoyed by the applicable Assignor if this Agreement had not been made. The foregoing assignment includes, without limitation, the rights of Assignor, if any, to (A) the goodwill of the business relating to the products and services on which the marks are used and for which they are registered; (B) prosecute, maintain and defend the Assigned Trademarks before any public or private agency, office or registrar including by filing divisions, substitutes, extensions and all other applications and post issue proceedings included in the Assigned Trademarks; (C) claim priority based on the filing dates of any of the Assigned Trademarks; (D) all common law trademark rights deriving from the Assigned Trademarks; and (E) all causes of action, remedies and other enforcement rights relating to the Assigned Trademarks including the right to initiate and maintain legal proceedings in respect of any past, present or future infringements thereof and to seek and recover damages or other compensation in respect of such infringements and obtain equitable relief, including injunctive relief, in respect of such infringements, and the right to fully and entirely stand in the place of the applicable Assignor in all matters related to the Assigned Trademarks.

3. Authorization. Assignor also hereby expressly authorizes the respective patent and/or trademark office or governmental agency in each and every jurisdiction worldwide (including the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities) (the "Applicable IP Offices") to: (A) issue any and all patents or certificates of invention or equivalent which may be granted upon any of the Assigned Patents in the name of Assignee, as the assignee to the Assignor's interest therein; (B) issue any and all trademarks or equivalent which may be granted upon any of the Assigned Trademarks in the name of Assignee, as the assignee to the Assignor's interest therein; and (C) record Assignee as the assignee of the Assigned Patents and Assigned Trademarks and to deliver to Assignee, and to Assignee's attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Agreement.

4. Further Assurances. Each party hereby agrees to execute and deliver to the other party all necessary documents and take all necessary actions reasonably requested by

such party from time to time to confirm or effect the assignments set forth in this Agreement, or otherwise to carry out the purposes of this Agreement, including, without limitation, by providing executed originals of short-form assignment agreements entered into by Assignor and Assignee on the Effective Date for filing or otherwise evidencing the assignments set forth in this Agreement with the Applicable IP Offices; provided, however, that nothing contained herein shall obligate Assignor to incur any cost or pay any expense in connection therewith.

5. Governing Law. This Agreement shall be governed by the laws of the State of Nevada, U.S.A.

6. General Provisions. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, and all of which together shall constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or electronic mail shall be as effective as delivery of a manually executed counterpart of this Agreement. This Agreement may not be supplemented, altered, or modified in any manner except by a writing signed by all parties hereto. The failure of any party to enforce any terms or provisions of this Agreement shall not waive any of its rights under such terms or provisions.
