THIS PATENTS, TRADEMARKS, COPYRIGHTS AND LICENSES SECURITY AGREEMENT (this “**Agreement**”) is made effective as of June 4, 2021 by and between **ECOTONE, LLC**, a Delaware limited liability company, formerly Ecotone, Inc., a Maryland corporation (“**Assignor**”) and **KEYBANK NATIONAL ASSOCIATION** (together with its successors and assigns, “**Assignee**”).

BACKGROUND

- A. Assignor, Ecotone Acquisition Corp., a Delaware corporation, and Assignee have entered into that certain Loan and Security Agreement dated June 4, 2021 (the “**Loan Agreement**”);
- B. The Loan Agreement provides, among other things, that Assignor will grant to Assignee a security interest in all existing and hereafter acquired assets of Assignor, including, without limitation, its patents, patent rights, patent applications, servicemarks, trademarks, service trademark applications, service tradenames, goodwill, copyrights and licenses; and
- C. Assignee has agreed to enter into the Loan Agreement on the condition that Assignor grants a security interest in the intellectual property assets of Assignor.

NOW THEREFORE, in consideration of the provisions set forth herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor agrees as follows:

1. **Incorporation of Loan Agreement.** The Loan Agreement and the terms and provisions thereof are hereby incorporated herein in their entirety by this reference thereto. All capitalized terms not otherwise defined herein shall have the meanings set forth in the Loan Agreement. All Obligations (as defined in the Loan Agreement) of Assignor to Assignee, whether now or hereafter owing or existing, are sometimes hereinafter referred to collectively as the “**Obligations**”. To the extent of any inconsistency between this Agreement and the terms of the Loan Agreement, the terms of the Loan Agreement shall control and take precedence.

2. **Security Interests.**

2.1 **Security Interest (Patents, Copyrights and Licenses).** To secure the complete and timely payment and satisfaction of all Obligations, Assignor hereby grants to Assignee security interests in, as and by way of a security interest having priority over all other security interests (other than Liens permitted under the Loan Agreement), with power of sale, to the extent permitted by law, all of Assignor's right, title and interest in and to all of the following, whether now owned or existing and filed or hereafter acquired or arising and filed (collectively with items named in **Section 2.2**, below, the “**Collateral**”):

(a) Patents and patent applications, including without limitation, the inventions and improvements described and claimed therein, and those patents listed on **Exhibit “A”**, attached hereto and made a part hereof, and (i) the reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof, (ii) all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, (iii) the right to sue for future infringements thereof, and (iv) all rights corresponding thereto throughout the world (all of the foregoing patents and applications, together with the items described in clauses (i) - (iv), are

sometimes hereinafter individually and/or collectively referred to as the “**Patents**”);

(b) copyrights, copyright registrations, copyright applications and all computer programs, operating systems, application systems, hardware or software of any nature whatsoever owned by Assignor, whether operational, under development or inactive, including all object codes, source codes, modules, technical manuals, user manuals, operating instructions and procedures, in-put and out-put formats, program listings, narrative descriptions, program flow charts, file layouts, report layouts, screen layouts and other documentation therefor (including internal notes, memoranda, status evaluations, marketing information and write-ups), and all improvements, modifications, enhancements, new releases and revisions thereof, whether in machine-readable form, programming language or any other language or symbols, and whether stored, encoded, recorded or written on disk, tape, film, memory device, paper or other media of any nature; together with all tangible media upon which any of the foregoing are recorded or encoded, including, without limitation, all chips, disks, tapes, film and paper; including, without limitation, the registered copyrights, copyright registrations and copyright applications listed on **Exhibit “C”** attached hereto and made a part hereof, and (i) all renewals thereof, (ii) all income, royalties, damages and payments now and hereafter due and/or payable with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, and (iii) the right to sue for future infringements thereof (all of the foregoing items are sometimes referred to herein collectively as the “**Copyrights**”); and

(c) license agreements with any other party, whether Assignor is a licensor or licensee under any such license agreement, including, without limitation, the licenses listed on **Exhibit “D”** attached hereto and made a part hereof, and the right to prepare for sale, sell and advertise for sale all inventory now or hereafter owned by Assignor and now or hereafter covered by such licenses (all of the foregoing is hereinafter referred to collectively as the “**Licenses**”).

2.2 **Security Interest (Trademarks)**. Notwithstanding the foregoing, the Collateral shall not include (a) any Patents, Copyrights, Licenses or Trademarks of Assignor or any of its rights or interests thereunder if and for so long as the grant of such security interest shall constitute or result in (i) the abandonment, invalidation or unenforceability of any right, title or interest of Assignor therein or (ii) in a breach or termination pursuant to the terms of, or a default under, any such Licenses or other agreements (other than to the

extent that any such term would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the UCC (or any successor provision or provisions) of any relevant jurisdiction or any other applicable requirement of law or principles of equity, provided however, that such security interest shall attach immediately and automatically at such time as the condition causing such abandonment, invalidation or unenforceability shall be remedied and, to the extent severable, shall attach immediately to any portion of such Patents, Copyrights, Licenses or Trademarks that does not result in any of the consequences specified in (i) or (ii) including any proceeds thereof (collectively, the “**Excluded Assets**”).

3. **Restrictions on Future Agreements.** Assignor agrees that until all Obligations shall have been satisfied in full, Assignor will not, without Assignee's prior written consent, enter into any agreement (including, without limitation, any license or royalty agreement) which is inconsistent with Assignor's obligations under this Agreement or the Loan Agreement and Assignor further agrees that it will not take any action, or permit any action to be taken by others, subject to its control, including licensees, or fail to take any action, which would affect the validity or enforcement of the rights of Assignee under this Agreement.

4. **New Patents, Trademarks, and Licenses.** Assignor represents and warrants that the Patents, Trademarks, Copyrights and Licenses listed on **Exhibits “A”, “B”, “C” and “D”**, respectively, constitute all of the registered patents, trademarks, copyrights, applications and material licenses (other than shrink-wrap type licenses), now owned by Assignor. Assignor hereby agrees to provide to Assignee such assignment or other documentation as Assignee may request pursuant to **Section 11.5** of the Loan Agreement.

5. **Royalties; Term.** Assignor hereby agrees that the use by Assignee of all Patents, Trademarks, Copyrights and Licenses following and during the continuation of an Event of Default as described herein shall be worldwide, to the extent applicable, and without any liability for royalties or other related charges from Assignee to Assignor. The term of the security interest granted herein shall extend until the earlier of (i) the expiration of each of the respective Patents, Trademarks, Copyrights and Licenses assigned hereunder, or (ii) the date on which all Obligations have been paid in full and the Loan Agreement is terminated.

6. **Assignee's Right to Inspect.** Assignee shall have the rights provided in **Section 11.7** of the Loan Agreement, from time to time, to inspect Assignor's premises and to examine Assignor's books, records and operations, including, without limitation, Assignor's quality control processes. Assignor agrees that Assignee, or a conservator appointed by Assignee, shall have the right during the continuation of an Event of Default to establish such additional reasonable product quality controls as Assignee, or said conservator, in its sole judgment, may deem necessary to assure maintenance of the quality of products sold by Assignor under the Trademarks. Assignor agrees (i)

except as otherwise permitted under the Loan Agreement, not to sell or assign its interest in, or grant any license under, the Patents, Trademarks, Copyrights or Licenses, without the prior written consent of Assignee; and (ii) to provide Assignee, upon request, with a certificate of Assignor certifying Assignor's compliance with the foregoing.

7. **Termination.** This Agreement is made for collateral purposes only, upon payment in full of all Obligations, Assignee's security interest granted herein shall terminate automatically and Assignee shall execute and deliver to Assignor a termination of Assignee's security interest granted herein and all deeds, assignments and other instruments as may be necessary, reasonably requested or otherwise proper to re-vest in Assignor full title to the Patents, Trademarks, Copyrights and Licenses, subject to any disposition thereof which may have been made by Assignee pursuant hereto.

8. **Duties of Assignor.** To the extent required by **Section 11.5** of the Loan Agreement, Assignor shall (i) prosecute diligently any patent, trademark and copyright application pending as of the date hereof or thereafter until all Obligations shall have been paid in full and the Loan Agreement is terminated, (ii) make application on unpatented but patentable inventions and on trademarks and copyrights, as appropriate, and (iii) preserve and maintain all rights in patent applications and patents of the Patents, in trademark applications, trademarks and trademark registrations of the Trademarks and in copyright applications and copyrights of the Copyrights. Any expenses incurred in connection with such applications shall be borne by Assignor, except as otherwise permitted under the Loan Agreement. Except as otherwise permitted under the Loan Agreement, Assignor shall not abandon any right to file a patent, trademark or copyright application, or any pending patent, trademark or copyright application or any Patent, Trademark, License or Copyright without the consent of the Assignee, which consent shall not be unreasonably withheld.

9. **Event of Default.** Upon the occurrence and during the continuation of an Event of Default, as defined in the Loan Agreement, Assignee may, without further notice to or consent of Assignor, immediately record all assignments previously executed and delivered to Assignee by Assignor and/or execute and record with all applicable offices (including, without limitation, the Patent and Trademark Office) an absolute assignment to Assignee by Assignor of all rights, title and interest of Assignor in and to the Patents, Trademarks, Copyrights, Licenses and other Collateral. Upon the occurrence and during the continuance of an Event of Default, Assignor hereby authorizes and agrees that Assignee may, through the power of attorney granted in **Section 14** hereof, irrevocably execute and deliver in Assignor's name any and all such assignments and agreements and to take any and all other actions in Assignor's name as Assignee shall deem reasonable or appropriate to transfer and convey all right, title and interest of Assignor in and to the Collateral to Assignee or any other person or entity selected by Assignee.

10. **Assignee's Right to Sue.** Upon the occurrence and during the continuance of an Event of Default, Assignee shall have the right, but shall in no way be obligated, to bring suit in its own name to enforce the Patents, Trademarks, Copyrights and/or Licenses, and any licenses thereunder, and, if Assignee shall commence any such suit, Assignor shall, at the request of Assignee, do any and all lawful acts and execute any and all proper documents required by Assignee in aid of such enforcement and Assignor shall promptly, upon demand, reimburse and indemnify Assignee for all costs and expenses incurred by Assignee in the exercise of its rights under this **Section 10**; **provided however**, that Assignor shall not be obligated to so indemnify Assignee to the extent that such costs and expenses result from Assignee's gross negligence, willful misconduct or bad faith as determined by a court of competent jurisdiction by final and nonappealable judgment.

11. **Waivers.** No course of dealing between Assignor and Assignee, nor any failure to exercise, nor any delay in exercising, on the part of Assignee, any right, power or privilege hereunder or under the Loan Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

12. **Severability.** The provisions of this Agreement are severable, and if any clause or provision shall be invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Agreement in any jurisdiction.

13. **Modification.** This Agreement cannot be altered, amended or modified in any way, except as specifically provided in **Section 4** hereof or by a writing signed by the parties hereto.

14. **Cumulative Remedies; Power of Attorney; Effect on Loan Agreement.** All of Assignee's rights and remedies with respect to the Patents, Trademarks, Copyrights and Licenses, whether established hereby or by the Loan Agreement, or by any other agreements or by law shall be cumulative and may be exercised singularly or concurrently. Assignor hereby authorizes Assignee to make, constitute and appoint any officer or agent of Assignee as Assignee may select, in its sole discretion, as Assignor's true and lawful attorney-in-fact, with power during the continuation of an Event of Default to (i) endorse Assignor's name on all applications, documents, papers and instruments necessary or reasonably desirable for the Assignee to protect, evidence, perfect or enforce its security interest in the Patents, Trademarks, Copyrights and Licenses, (ii) take any other lawful actions with respect to the Patents, Trademarks, Copyrights and/or Licenses as the Assignee reasonably deems in the best interest of the Assignee, (iii) grant or issue any exclusive or non-exclusive license under the Patent or Trademark to anyone, including Assignee, and/or (iv) assign, pledge, convey or otherwise transfer title in or dispose of the Patents, Trademarks, Copyrights or Licenses to anyone, including Assignee. Assignee may act under such power of attorney to take the actions referenced in **Section 4**. Assignee hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney shall be irrevocable until all Obligations shall have been paid in full and the Loan Agreement shall have been terminated. Assignor acknowledges and agrees that this Agreement is not intended to limit or restrict in any way the rights and remedies of Assignee under the Loan Agreement but rather is intended to facilitate the exercise of such rights and remedies given it by the terms of this Agreement, all rights and remedies allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Patents, Trademarks, Copyrights or Licenses may be located.

15. **Binding Effect; Benefits.** This Agreement shall be binding upon Assignor and its successors and assigns, and shall inure to the benefit of Assignee, its nominees, successors and assigns.

16. **Governing Law.** This Agreement has been made, executed and delivered in the Commonwealth of Pennsylvania and will be construed in accordance with and governed by the laws of such Commonwealth, without regard to its rules and principles regarding conflicts of laws or any rule or canon of construction which interprets agreements against the draftsman.
