1. **Grant of Security.** Grantor hereby grants to Secured Party a security interest in and to all of the right, title and interest of Grantor in, to and under the following, wherever located, and whether now existing or hereafter arising or acquired from time to time the “**Trademark Collateral**”:

(a) the trademark registrations, trademark applications, and trademark licenses set forth in **Schedule 1** hereto, together with the goodwill connected with the use of and symbolized thereby and all extensions and renewals thereof the “**Trademarks**”, excluding only United States intent-to-use trademark applications to the extent that and solely during the period in which the grant of a security interest therein would impair, under applicable federal law, the registrability of such applications or the validity or enforceability of registrations issuing from such applications;

(b) all rights of any kind whatsoever of Grantor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(c) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action, with respect to any of the foregoing, whether occurring before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. **Recordation.** Grantor authorizes the Commissioner for Trademarks and any other government officials to record and register this Trademark Security Agreement upon Secured Party’s request.
