no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

Such rights, collectively, the “Rights”.

2. Assignor agrees upon the request (and at the expense) of Assignee (or its successors, assigns, or legal representatives) to: (a) execute all oaths, assignments, powers and other documents, (b) testify in any proceedings, and (c) otherwise fully cooperate with Assignee, in each case to the extent reasonably necessary to perform Assignor’s obligations hereunder in connection with transferring, securing, perfecting, enforcing and defending the Patents and Trademarks and Assignee’s rights related to this Patent and Trademark Assignment. In furtherance of the foregoing, Assignor hereby grants to Assignee a limited power-of-attorney with full power of substitution, to execute, deliver and file any documents that Assignor would otherwise be obligated to execute, deliver or file pursuant to this Section 2, with the same legal force and effect as if executed, delivered or filed by Assignor, and such limited power of attorney shall be deemed coupled with an interest for the purposes of effecting the foregoing assignment; provided, however, that any action taken, and copies of any documents executed, delivered or filed, by Assignee in accordance with that limited power of attorney shall be disclosed and furnished to Assignor and its attorney as soon as practical under the circumstances.

6. Except as provided for in Sections 4 and 5 hereof, nothing in this Patent and Trademark Assignment shall alter any liability or obligation of Assignor or Assignee arising under the Asset Purchase Agreement, which shall govern the representations, warranties, rights and obligations of the parties with respect to the Patents and Trademarks. In the event of any conflict or ambiguity between the terms hereof and the terms of the Asset Purchase Agreement, the terms of the Asset Purchase Agreement shall govern and be controlling.

7. This Patent and Trademark Assignment will be governed by and construed in accordance with the domestic laws of the State of Delaware for contracts entered into and to be performed in such state without giving effect to any choice or conflict of law provision or rule

(whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.
