WHEREAS, on the terms and subject to the conditions set forth in the Contribution Agreement, Assignor has agreed to assign and Assignee has agreed to assume, among other assets, the Intellectual Property Assets and any Assumed Liabilities relating to the Intellectual Property Assets.

NOW, THEREFORE, in consideration of the recitals and of the mutual promises made below, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Defined Terms. All capitalized terms used in this Assignment, unless otherwise defined herein, shall have the meaning assigned to them in the Contribution Agreement.

2. Assignment of Intellectual Property Assets. On the terms and subject to the conditions of the Contribution Agreement, effective as of the Closing, Assignor hereby assigns, conveys, delivers and transfers to Assignee, and Assignee hereby purchases and takes assignment of and title to, all of Assignor's right, title and interest in and to the Intellectual Property Assets (including, but not limited to, the trademark applications and registrations listed on Exhibit A hereto and the state brand registrations listed on Exhibit B hereto), including all of the common law rights and goodwill associated with the use thereof and symbolized thereby and all future proceeds thereof and the rights to sue for past, present and future infringements, and assumes and agrees to fully perform and discharge when due all liabilities related to, arising under or in connection with, the Intellectual Property Assets, whether arising prior to, or after the Closing Date. Assignor hereby authorizes the Commissioner of Patents and Trademarks of the United States and other empowered officials of the United States Patent and Trademark Office and/or the appropriate empowered officials in relevant jurisdictions outside the United States to transfer all registrations and applications for the trademarks included in the Intellectual Property Assets, including all of the goodwill associated therewith, to Assignee as assignee of the entire right, title and interest therein or otherwise as Assignee may direct, in accordance with this instrument of assignment, and to issue to Assignee all registrations that may issue with respect to any applications for a trademark or service mark included in the Intellectual Property Assets, in accordance with this Assignment.

3. Contribution Agreement. This Assignment is being executed and delivered pursuant and subject to the Contribution Agreement. Nothing in this Assignment shall, or shall be deemed to, defeat, limit, alter or impair, enhance or enlarge any right, obligation, claim, remedy, limitation, exclusion or exculpation set forth in the Contribution Agreement, including

but not limited to Assignor's representations, warranties, covenants and agreements and the indemnities granted by Assignor, all of which are incorporated herein by this reference. In the event of any conflict between this Assignment and the Contribution Agreement, the Contribution Agreement shall control.

4. Further Assurances. From time to time, at or following the Closing, Assignor and Assignee shall execute, acknowledge and deliver all such further conveyances, notices, assumptions and releases and such other instruments, and shall take such further actions, as may be reasonably necessary or requested to fully convey to Assignee all of the properties, rights, titles, interests, powers and privileges in the Intellectual Property Assets to be conveyed to Assignee under this Assignment and to secure the rights assigned hereby and to obtain and/or transfer trademark or service mark registrations (and applications therefor), and similar governmental grants confirming or enhancing said rights; to assure fully to Assignor the assumption of the Assumed Liabilities intended to be assumed by Assignee under this Assignment; and to otherwise make effective as reasonably promptly as practicable the transactions contemplated hereby. Assignor agrees to provide the appropriate authorizations to, and to execute the appropriate forms for, the applicable registration organization, or to Assignee if appropriate, and will use its reasonable efforts to comply promptly, at Assignee's expense, with all other remaining steps necessary to transfer to Assignee all domain names held by Assignor or by third parties on Assignor's behalf.

5. Successors and Assigns; No Assignment. Neither Assignor nor Assignee may assign any of its rights or delegate any of its obligations under this Assignment without the prior written consent of the other party except as provided in the Contribution Agreement. 7. Amendment; Waiver. This Assignment may be altered, amended or modified in whole or in part at any time only by a writing signed by Assignor and Assignee. No waiver of any of the provisions of this Assignment shall be deemed, or shall constitute, a waiver of any other provision, whether or not similar, nor shall any waiver constitute a continuing waiver. No failure or delay by any party in exercising any right, power or privilege under this Assignment shall operate as a waiver thereof, nor will any single or partial exercise thereof preclude any other or further exercise of any right, power or privilege hereunder. No waiver shall be binding unless executed in writing by the party making the waiver, with such writing specifically referring to the term so waived and explicitly making such waiver.
