Assignor and Assignee are referred to herein individually as a “party” and collectively as the “parties.”

WHEREAS, in connection with the transactions contemplated by that certain Asset Transfer Agreement, entered into on even date herewith, by and among Assignee and Assignor (the “Transfer Agreement”), the parties desire to execute and deliver this Agreement for the purpose of effecting the assignment by Assignor of all of its right, title and interest in and to any Intellectual Property Rights in the Territory (defined below) that are (i) primarily used in the operation of the Business and/or (ii) primarily used in the design, development, promotion, marketing, support or sale of the Forcepoint Products (defined below), including without limitation, the Patents, Marks, Copyrights and Domain Names (as those terms are defined below) set forth on Exhibit A attached hereto (all of the foregoing, collectively, the “Assigned IP Rights”, which, for purposes of clarity, shall expressly exclude the Intellectual Property Rights set forth on Exhibit B attached hereto (the “Excluded IP”)) to Assignee as further described herein.

3. Effective Time. This Agreement shall be effective upon the Effective Date.

4. Further Assurances. Assignor shall use commercially reasonable efforts: (i) to consummate, confirm, or evidence the transfer to Assignee of the Assigned IP Rights; and (ii) to assist Assignee in preserving or perfecting its rights in the Assigned IP Rights.

(b) This Agreement will be construed under and in accordance with, and governed in all respects by, the laws of the State of Delaware, without regard to its conflict of law principles.

(c) This Agreement may be amended or modified only by a written instrument executed by all of the parties.

(d) If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction or other authority to be invalid, void, unenforceable or against its regulatory policy, such determination shall not affect the enforceability of any others or the remainder of this Agreement.

(e) This Agreement may be executed in any number of counterparts (including by facsimile or electronic signature), each of which will be deemed an original as against the party whose signature appears thereon, but all of which taken together will constitute but one and the same instrument.

(f) This Agreement, together with the IP Agreement, contains the entire understanding of the parties with respect to the subject matter of this Agreement. All other express or implied agreements and understandings, either oral or written, made on or before the Effective Date, are expressly superseded by this Agreement.
