RECITALS

A. Assignor is the owner of the trademark FOCAL POINT DATA RISK, and the related United States trademark registration 5,434,362, together with the goodwill of the business associated therewith (collectively referred to as the "Marks");

B. In connection with the acquisition of Assignee by a third-party, Assignor desires to assign all of its right, title and interest in and to the Marks to Assignee.

AGREEMENTS

For the good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Assignor hereby irrevocably assigns, transfers, conveys and deliver to Assignee, its successors and assigns, all right, title and interest, in and to the Marks, and all of the goodwill of the business associated with the Marks, and all registrations and pending applications for the Marks, any renewals of the registrations, in all countries throughout the world, for the Assignee's own use and enjoyment, and for the use and enjoyment of the Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Trademark Assignment had not been made, together with all claims for infringement of any of foregoing, including the right to receive and retain damages for past, present and future infringement, for each of the foregoing, free and clear of any liens, encumbrances, security interests or other rights of any third-party.

2. Assignor hereby requests the Commissioner for Trademarks at the United States Patent and Trademark Office (the "Commissioner"), as well as counterparts at corresponding entities or agencies in any country or jurisdiction that may exercise authority over any of the Marks, to record this Trademark Assignment. Assignor hereby further requests the Commissioner and non-US counterparts to issue any and all trademark registrations resulting from applications among the Marks or derived therefrom to Assignee.

3. Upon reasonable request by Assignee, Assignor will execute further papers (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney or other documentation) and to do such other acts as may be necessary or reasonably requested by Assignee to vest full title in and to the Marks in Assignee or which may be necessary to obtain, renew, maintain, issue or enforce the Marks. Assignor hereby authorizes Assignee, and does hereby make, constitute and appoint Assignee, and its officers, agents, successors and assigns with full power of substitution as Assignor's true and lawful attorney-in-fact, with power, in Assignee's own name or the name of Assignor, to execute any such further papers.

4. This Trademark Assignment may be executed in any number of counterparts (including by means of facsimile and electronically transmitted portable document format (pdf) signature pages), each of which shall be an original but all of which together shall constitute one and the same instrument.

5. This Trademark Assignment shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

6. No amendment of any provision of this Trademark Assignment shall be valid unless the same shall be in writing and signed by the Assignor and the Assignee. No waiver by any party of any provision of this Trademark Assignment or any default or breach of covenant hereunder, whether intentional or not, shall be valid unless the same shall be in writing and signed by the party against whom the waiver is to be effective nor shall such waiver be deemed to extend to any prior or subsequent default or breach of covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

7. This Trademark Assignment shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective successors and assigns.
